ST. DUNPHY J. 17 Dec 2018

no party opposes either order sought today. Order granted approving bona fide sale. There is urgency and the market has been extensively ~~concerned~~. The monitor's recommendation is a reasoned one that I endorse. Order signed as asked subj. to sealing for only sixty days and removal of reference to the United States. No known security interest in the U.S. is being extinguished. Should one come to light, the proper route is to seek aid and recognition.

The Distribution Order is also being signed today. It remains subject to closing of the stalling home transaction. Appropriate reserves are being established. The security has been reviewed and no known adverse claims or objections have surfaced. Order signed.

St. D.
