MARIA KONYUKHOVA
FOR MONITOR

416.869.5230
mkonyukhova@stikeman.com

January 31, 2020
I am satisfied that this
motion, which is not opposed
and is supported by the

Monitor should be granted
on the terms of the
attached Amended and
Restated Order. I am
advised that the Consultant
has confirmed that there
will be no augmentation to
the merchandise in the
store.

I am further satisfied that
the stay extension to March 31, 2020
is reasonable and appropriate
because the cash flow forecast
confirms there will be sufficient
liquidity at this date and
the applicant has acted in good
faith and with due diligence
and the extension will allow
for the completion of the
liquidation sale and no
creditors will be prejudiced by the
stay extension
