THIRTEENTH REPORT OF THE RECEIVER**

OCTOBER 12, 2022

I. INTRODUCTION

1. On March 18, 2020 (the “**Appointment Date**”), pursuant to an order (the “**Receivership Order**”) of the Court of Queen’s Bench (now the Court of King’s Bench) (Winnipeg Centre) (the “**Manitoba Court**”) made in Court File No. CI 20-01-26627 (the “**Canadian Proceedings**”), Richter Inc. (formerly, Richter Advisory Group Inc.) (“**Richter**”) was appointed as receiver (in such capacity, the “**Receiver**”) of the assets, undertakings and properties (the “**Property**”) of Nygård Holdings (USA) Limited, Nygard Inc., Fashion Ventures, Inc., Nygard NY Retail, LLC (collectively, the “**US Debtors**”), Nygard Enterprises Ltd. (“**NEL**”), Nygard International Partnership (“**NIP**”), Nygard Properties Ltd. (“**NPL**”), 4093879 Canada Ltd. (“**879**”), and 4093887 Canada Ltd. (“**887**”), and together with NEL, NIP, NPL and 879, the “**Canadian Debtors**”) (the US Debtors and the Canadian Debtors together, the “**Nygar Group**” or the “**Debtors**”) to exercise the powers and duties set out in the Receivership Order, pursuant to section 243(1) of the *Bankruptcy and Insolvency Act*, R.S.C. 1985, c. B-3, (the “**BIA**”) and section 55 of *The Court of Queen’s Bench Act*, C.C.S.M. c.C280.
2. The Receivership Order was granted pursuant to an application made by White Oak Commercial Finance, LLC, (“**White Oak**” or the “**Agent**”), as administrative agent and collateral agent for and on behalf of White Oak and Second Avenue Capital Partners, LLC (collectively, the “**Lenders**”) pursuant to security held by the Lenders in the Property of the Debtors provided in connection with a certain loan transaction and a revolving credit facility (the “**Credit Facility**”) provided thereunder.
3. The Credit Facility was provided to the Debtors pursuant to a Credit Agreement dated December 30, 2019 (the “**Credit Agreement**” and together with other associated documents, the “**Lenders’ Security**”) as defined in, and attached as Exhibit “D” to, the Affidavit of Robert Dean affirmed March 9, 2020 (the “**Dean Affidavit**”) and filed in these proceedings.
4. Also on March 18, 2020, the Receiver, as the duly appointed foreign representative (the “**Foreign Representative**”) of the Debtors, commenced proceedings in the United States Bankruptcy Court for the Southern District of New York (the “**US Court**”) by filing, among other things, petitions on behalf of the Receiver in relation to the Debtors pursuant to sections 1504 and 1515 of the US Bankruptcy Code seeking recognition by the US Court of the Canadian proceedings as a foreign main proceeding (the “**Chapter 15 Proceedings**”). On March 26, 2020, the US Court entered, among other things, a provisional recognition order and, on April 23, 2020, the US Court granted a final order recognizing, among other things, the Canadian Proceedings as the foreign main proceeding. The Canadian Proceedings and the Chapter 15 Proceedings are together hereinafter referred to as the “**Receivership Proceedings**”.

5. On April 29, 2020, the Manitoba Court made various Orders, including an Order (the “**Sale Approval Order**”) which, among other things, approved an agreement (the “**Consulting and Marketing Services Agreement**”) between the Receiver and a contractual joint venture comprised of Merchant Retail Solutions, ULC, Hilco Merchant Resources, LLC, Hilco IP Services, LLP dba Hilco Streambank, and Hilco Receivables, LLC (collectively, “**Hilco**” or the “**Consultant**”), and White Oak, pursuant to which the Consultant will provide certain consulting, marketing and related asset disposition services. In addition, as it appeared that a going concern or “en-bloc” sale of the Nygard Group’s assets was not likely, the Sale Approval Order authorized the Receiver to liquidate the Nygard Group’s retail inventory and owned furniture, fixtures and equipment through temporarily re-opened stores (the “**Liquidation Sale**”), as soon as circumstances permit. As certain details regarding the Liquidation Sale of particular importance to landlords of the Nygard Group’s retail stores (the “**Landlords**”) were not capable of being known with any precision or certainty at that time (given COVID-19 restrictions on non-essential business activities), the Sale Approval Order set out a process that required the Receiver to obtain a further order of the Manitoba Court addressing certain specified matters prior to commencement of the Liquidation Sale.
6. On April 29, 2020, the Manitoba Court made two (2) further Orders: (i) an Order (the “**General Order**”) addressing, among other things, various general matters, including certain amendments to the Receivership Order (limiting the scope of the Receivership Order in relation to the property, assets and undertakings of NEL and NPL) and the procedure for landlord access to properties leased to Nygard Inc. by certain non-Debtor members of the Nygard organization, and (ii) an Order (the “**DEFA Order**”) establishing the protocol for requesting access to and / or production of documents and electronic files purported to be in the possession or control (or subject to the possession or control) of the Receiver by certain non-Debtor members of the Nygard Organization (as defined in the Receiver’s First Report dated April 20, 2020) or directors, officers and employees of the Nygard Group.
7. On May 15, 2020, Edson’s Investments Inc. (“**Edson’s**”) and Brause Investments Inc. (“**Brause**” and collectively with Edson’s, the “**Gardena Landlords**”) filed a notice of motion (the “**Gardena Motion**”) with the Manitoba Court for an order requiring the Receiver to, among other things, lift the stay of proceedings granted by the Manitoba Court in these proceedings so that the Gardena Landlords may terminate leases for properties located in Gardena, California at 312 and 332 East Rosecrans Avenue (“**East Rosecrans**”), 14401 South San Pedro Street (“**14401**”), and 14421 South San Pedro Street (“**14421**” and together with East Rosecrans and 14401, the “**California Properties**”) for failure of the Receiver to pay occupancy rent and retake possession of the California Properties. The Gardena Motion did not proceed as a result of the E/B Settlement Agreement (as hereinafter defined), which was dealt with in the Receiver’s Seventh Report dated September 10, 2020.

8. On June 2, 2020, as required by the Sale Approval Order and in anticipation of commencing the Liquidation Sale where permitted to do so (taking into consideration local public health orders and related COVID-19 restrictions), the Manitoba Court made an Order addressing certain Landlord matters in relation to the conduct of the Liquidation Sale.
9. On June 30, 2020, the Manitoba Court made an Order approving, among other things, the sale of certain NPL real property located at 1300, 1302 and 1340 Notre Dame Avenue and 1440 Clifton Street in Winnipeg, Manitoba.
10. On June 30, 2020, the Manitoba Court also made an Order approving, among other things, the terms of an agreed Settlement Agreement and Release of Claims between the Receiver and Dillard's Inc.
11. On August 10, 2020, the Manitoba Court made an Order approving, among other things, the sale of certain NPL real property located at 1 Niagara Street in Toronto, Ontario.
12. On September 15, 2020, the Manitoba Court made an Order (the "**E/B Settlement Approval Order**") approving, among other things, the terms of a settlement agreement (the "**E/B Settlement Agreement**") between the Receiver, the Gardena Landlords, the Lenders, NPL, and Mr. Peter J. Nygard ("**PJN**") and other members of the Nygard Organization.
13. Also, on September 15, 2020, the Manitoba Court made an Order (the "**NOI Withdrawal Order**") withdrawing the NOI Proceedings (as defined in the NOI Withdrawal Order) in accordance with the E/B Settlement Agreement.
14. On October 21, 2020, the Manitoba Court made an Order approving, among other things, the abandonment of certain documents and property located in the California Properties and the Nygard Group retail stores.
15. On November 19, 2020, the Manitoba Court made an Order (the "**Inkster Approval and Vesting Order**") approving, among other things, the sale of certain NPL real property located at 1771 Inkster Blvd, Winnipeg Manitoba (the "**Inkster Property**") and authorizing the Receiver to make such arrangements as it considered reasonable and appropriate for the preservation of over 5,000 boxes of physical documents (the "**Physical Records**"), and the data (the "**Electronic Records**") and programs (the "**Programs**") stored or accessible on the Nygard Group's central information technology system (the "**IT System**", and together with the Physical Records, Electronic Records and Programs, the "**Records**").
16. On November 27, 2020, the Nygard Group appealed certain of the relief granted pursuant to the Inkster Approval and Vesting Order, including the authorization of the sale of the Inkster Property (the "**Inkster Appeal**").

17. On December 8, 2020, the Manitoba Court provided additional direction and clarification of the Order pronounced on November 19, 2020 in respect of the preservation of Records as well as the provision of certain Electronic Records to the Debtors and/or PJN. The Receiver considers that the direction of the Manitoba Court as to those matters is properly described within the Inkster Approval and Vesting Order.
18. On December 31, 2020, the Manitoba Court of Appeal (the “**Court of Appeal**”) made an Order (the “**Lift Stay Order**”) cancelling any stay imposed as a result of section 195 of the BIA with respect to the Inkster Approval and Vesting Order.
19. Subsequent to the making of the Lift Stay Order, on January 8, 2021, the Debtors discontinued the Inkster Appeal, which the Receiver agreed to accept on a without costs basis.
20. On January 28, 2021, the Manitoba Court made an Order approving, among other things, the sale of certain NPL real property located at 702 and 708 Broadway Avenue in Winnipeg, Manitoba.
21. On March 3, 2021, the Manitoba Court made an Order detailing the process to quantify and resolve the claims of Landlords for any Unpaid Rent in respect of the lease for each retail store secured by the Landlords’ Charge.
22. On April 16, 2021, the Receiver filed a notice of motion with the Manitoba Court returnable May 12, 2021 (the “**Preservation of Proceeds Motion**”) in respect of the preservation of proceeds realized from the sale of certain real property owned by NPL (the “**Preserved Proceeds**”) in accordance with an agreement (the “**NPL Proceeds Preservation Agreement**”) reached between the Receiver and NPL pending a final determination by the Manitoba Court of certain issues with respect to (i) the state the Debtors’ intercompany accounts, (ii) the respective claims of NPL and NIP (if any) to be subrogated to the security held by the Lenders and the extent and/or amount of such subrogation, (iii) the consolidation of the Debtors for creditor purposes, and (iv) the potential bankruptcy of the Debtors, including NPL (collectively, the “**Consolidation Issues**”). Ultimately, the Receiver and NPL were able to resolve their dispute with respect to the matters which were to be argued at the May 12, 2021 hearing and, as such, the Preservation of Proceeds Motion was adjourned to be heard, if necessary, on June 17, 2021, which date had already been secured to deal with the Consolidation Issues.
23. On June 4, 2021, the Receiver filed a notice of motion with the Manitoba Court returnable June 17, 2021 (the “**Net Receivership Proceeds Motion**”) seeking an Order(s), among other things, substantively consolidating the assets and liabilities of the Debtors for the purpose of addressing the claims of creditors of each of the Debtors and authorizing the Receiver to file assignments in bankruptcy in respect of each of the Debtors (including the US Debtors) on a substantially consolidated basis. The Net Receivership Proceeds Motion (and the Preservation of Proceeds Motion, if necessary) were subsequently adjourned to November 5, 2021.

24. On July 26, 2021, the Receiver filed a further notice of motion with the Manitoba Court returnable November 5, 2021 seeking advice and direction from the Manitoba Court with respect to whether the additional uses of the Preserved Proceeds, as requested by the Respondents, were proper and consistent with the terms of the NPL Proceeds Preservation Agreement.
25. On September 8, 2021, the Debtors filed a notice of motion with the Manitoba Court returnable September 16, 2021 (the **"Questions Motion"**) seeking an Order, among other things, compelling certain representatives of the Receiver to attend for cross examination on the Receiver's Twelfth Report dated June 4, 2021 (the **"Twelfth Report"**) or, in the alternative, directing the Receiver to answer all of the questions (as well as any follow-up questions) (collectively, the **"Questions"**) attached as Schedule "A" to the Questions Motion (in excess of 260 questions). On September 16, 2021, the Manitoba Court provided the Receiver and the Debtors guidance regarding the nature and type of questions properly put to the Receiver (generally, questions related to allocation of receivership expenses or intercompany obligations). The Manitoba Court directed that the Receiver and the Debtors cooperate to identify any questions related to the separate corporation analysis, allocation, and/or intercompany balances which relate to the facts and information relied upon by the Receiver in coming to its conclusions as detailed in the Twelfth Report and which were not already answered in the Twelfth Report or any other previously filed materials.
26. On November 5, 2021, the Manitoba Court made an order approving the NPL Proceeds Preservation Agreement and the distribution of certain amounts from the Preserved Proceeds (the **"Preserved Proceeds Agreement and Distribution Order"**), adjourned the Net Receivership Proceeds Motion to December 20, 2021, and set deadlines for the Receiver and the Debtors (or any interested party) to file responsive materials. On December 20, 2021, the Manitoba Court heard the contested Net Receivership Proceeds Motion (the **"December Hearing"**).
27. On March 10, 2021, the Honourable Mr. Justice Edmond of the Manitoba Court issued lengthy and comprehensive reasons for judgment (the **"March 10 Judgment"**) and made an Order (the **"Net Receivership Proceeds Order"**) that, among other things:
 - (a) declared the assets and liabilities of the Debtors to be substantively consolidated for the purposes of addressing the claims of creditors of each of the Debtors;
 - (b) authorized the Receiver to file assignments in bankruptcy on behalf of the Debtors, other than NPL and NEL;
 - (c) authorized the Receiver to file applications for bankruptcy orders in the Manitoba Court in relation to NPL and NEL on a basis that reflects the substantive consolidation of the estates of the Debtors (and lifted the stay of proceedings under the Receivership Order for the purpose of allowing this to occur);

- (d) appointed the Receiver as trustee in bankruptcy (the “**Trustee**”) of each of the Debtors;
 - (e) authorized the Receiver, in its capacity as Trustee, to apply for an order for procedural and substantive consolidation of the estates of each of the Debtors in bankruptcy for all purposes in the administration of the said estates under the BIA;
 - (f) approved the allocations made by the Receiver respecting receivership costs and the proceeds of sale of the Property;
 - (g) granted the Debtors’ motion to authorize or permit payment of the Debtors’ reasonable legal fees and disbursements and professional costs incurred and to be incurred in the Receivership Proceedings from certain Preserved Proceeds and, if necessary, the net proceeds of the Receivership (subject to the Receiver’s review and approval of such professional costs); and
 - (h) dismissed the Debtors’ motion to authorize or permit payment of legal fees and disbursements from the Preserved Proceeds or the net proceeds in the Receivership to defend the criminal charges against PJN.
28. On March 22, 2022, the Debtors attempted to file a Notice of Appeal dated March 22, 2022 (the “**Proposed Notice of Appeal**”) with the Court of Appeal pursuant to sections 193(a)(b)(c) and (e) of the BIA in connection with their proposed appeal of the Net Receivership Proceeds Order. The filing of the Proposed Notice of Appeal was not, however, accepted, as the attempt to file the Proposed Notice of Appeal occurred after the expiry of the 10-day appeal period provided pursuant to the *Bankruptcy and Insolvency General Rules*, C.R.C. c. 268.
 29. On March 25, 2022, the Debtors filed a Notice of Motion with the Court of Appeal seeking an Order extending the time for filing the Proposed Notice of Appeal.
 30. On May 5, 2022, the Debtors were granted an extension of time to file the Proposed Notice of Appeal such that the Proposed Notice of Appeal being held in abeyance was accepted for filing in its original form (“**Filed Notice of Appeal**”).
 31. On June 6, 2022, the Debtors filed a notice of motion with the Court of Appeal seeking leave to amend the Filed Notice of Appeal (the “**Debtors’ June 6 Motion**”). On June 22, 2022, the Debtors filed a further motion with the Court of Appeal seeking, among other things, leave to extend the page limit of the Debtors’ factum, to be filed in support of the appeal, or, in the alternative, granting leave to file a “reply brief”, and an Order permitting the use of the documents filed electronically with the Manitoba Court in the Receivership Proceedings as part of the Debtors’ Appeal Book (the “**Debtors’ June 22 Motion**” and together with the Debtors’ June 6 Motion, the “**Debtors’ Appeal Motions**”).

32. Although the Receiver consented to certain of the proposed amendments set out in the Debtors' Amended Notice of Appeal, which provided further particulars or clarified the grounds of appeal contained in the Filed Notice of Appeal, the Receiver opposed the Debtors' June 6 Motion on the basis that certain of the proposed amendments sought to expand the scope of the appeal such that they were not true amendments, but rather should be considered as new grounds that would require the Court of Appeal to grant another extension of time to the Debtors. The Receiver opposed the Debtors' June 22 Motion, as in its view, there were no special circumstances in this case to permit the Debtors to depart from the usual provisions of the *Court of Appeal Rules*, Man Reg 555/88.
33. On August 11, 2022, the Court of Appeal largely dismissed the Debtors' Appeal Motions and provided additional direction and clarification regarding the permitted amendments to the Filed Notice of Appeal. As of the date of this report, the Court of Appeal has not yet set a date for the Debtors' appeal of the Net Receivership Proceeds Order.
34. In addition to the above matters in respect of the Debtors' appeal of the Net Receivership Proceeds Order, following the issuance of that Order, the Receiver has been requested to approve various of the Debtors' legal fees and disbursements (the "**Debtors' Professional Accounts**") in accordance with the direction provided by the Manitoba Court in the Net Receivership Proceeds Order. Unfortunately, based on the information provided to the Receiver, the Receiver was not in a position to approve certain of the Debtors' Professional Accounts. A case conference was held before Mr. Justice Edmond on August 30, 2022 (the "**Case Conference**") to consider the matter of the Debtors' Professional Accounts. At the Case Conference, a hearing date of November 3, 2022 was set for dealing with the matter of the Debtors' Professional Accounts, and the Manitoba Court set a schedule for the submission of materials in advance of the hearing date.
35. On October 3, 2022, the Debtors filed a notice of motion with the Manitoba Court returnable November 3, 2022 (the "**LTGLC Professional Fee Motion**") seeking an Order (i) determining the quantum of reasonable legal fees, disbursements and professional costs incurred by PJN in the receivership and bankruptcy proceedings, and (ii) authorizing the full payment of legal fees and disbursements and professional costs of PJN from the Preserved Proceeds and, if necessary, the Net Receivership Proceeds.
36. In accordance with the Receivership Order, the Receiver has established a website (the "**Receiver's Website**") for the purposes of these proceedings at <https://www.richter.ca/insolvencycase/nygard-group>.

37. Copies of the pleadings and other materials filed in the Receivership Proceedings, other than affidavits and appendices sealed by Order of the Manitoba Court, and the various Orders issued by the Manitoba Court are posted to and available for review at the Receiver's Website.
38. Copies of the pleadings and other materials filed in the Chapter 15 Proceedings, and the various Orders issued by the US Court are also posted to and available for review at the Receiver's Website.
39. The Receiver has engaged Thompson Dorfman Sweatman LLP (Winnipeg) ("**TDS**") as its Canadian counsel, and Katten Muchin Rosenman LLP (New York) as its U.S. counsel.

II. PURPOSE OF REPORT

40. The Receiver has previously filed twelve reports (and, collectively with eight additional supplementary reports, the "**Prior Receiver's Reports**") with the Manitoba Court in connection with the Receivership Proceedings. Copies of the Prior Receiver's Reports are available on the Receiver's Website.
41. This report (the "**Thirteenth Report**") is filed by the Receiver to provide the Manitoba Court with additional information in respect of the LTGLC Professional Fee Motion and to respond to certain matters raised in (i) the Motion Brief of the Respondents dated October 3, 2022 (the "**NPL Brief**") and (ii) the Affidavit of Wayne Onchulenko affirmed October 3, 2022 (the "**Onchulenko Affidavit**") and filed in support of the LTGLC Professional Fee Motion.

III. TERMS OF REFERENCE

42. In preparing this Thirteenth Report, the Receiver has relied upon information and documents prepared by the Debtors and their advisors, including unaudited, draft and/or internal financial information, the Debtors' books and records, discussions with representatives of the Debtors, including current and former employees, legal counsel to PJN, the Debtors and certain related non-Debtor entities, the Lenders and their legal counsel, and information from third-party sources (collectively, the "**Information**"). In accordance with industry practice, except as otherwise described in the Thirteenth Report, Richter has reviewed the Information for reasonableness, internal consistency, and use in the context in which it was provided. However, Richter has not audited or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would comply with Canadian Auditing Standards ("**CAS**") pursuant to the *Chartered Professional Accountant of Canada Handbook* and, as such, Richter expresses no opinion or other form of assurance contemplated under CAS in respect of the Information.

43. The Receiver has prepared this Thirteenth Report in its capacity as a Court-appointed officer to provide the Manitoba Court with information in relation to the LTGLC Professional Fee Motion. Parties using this Thirteenth Report, other than for the purposes outlined herein, are cautioned that it may not be appropriate for their purposes, and consequently should not be used for any other purpose.
44. Capitalized terms not otherwise defined herein shall have the meanings ascribed to them in the March 10 Judgment.
45. Unless otherwise noted, all monetary amounts contained in this Thirteenth Report are expressed in Canadian dollars.

IV. NET RECEIVERSHIP PROCEEDS ORDER AND THE DEBTORS' PROFESSIONAL FEES

46. As noted in the March 10 Judgment, it was ordered that the Respondents (i.e. the Debtors) have access to certain funds, being the Preserved Proceeds and the Net Receivership Proceeds, to pay "reasonable legal fees and disbursements and professional costs incurred ... in the Receivership Proceedings", after review and approval by the Receiver of such legal fees and disbursements and professional costs. The March 10 Judgment provided as follows (emphasis ours):

In my view, providing statements of account for legal fees and disbursements are submitted to the Receiver or Trustee in bankruptcy for approval and are reasonable, the fees and disbursements may be paid from the Net Receivership Proceeds. The respondents are entitled to mount a defence and advance legal positions challenging the Receiver and if they elect to do so, the respondents may proceed with an appeal of this decision. If the legal fees and disbursements exceed the remaining balance of the Preserved Proceeds, a portion of the Net Receivership Proceeds may be set aside to cover reasonable fees and disbursements incurred by the respondents.

To conclude on the indemnification issues, the respondents' motion to authorize or permit payment of reasonable legal fees and disbursements and professional costs in the receivership or bankruptcy proceedings is granted. The respondents' motion to authorize or permit payment of reasonable legal fees and disbursements from the Preserved Proceeds or the Net Receivership Proceeds to defend the criminal charges against Mr. Nygard is dismissed.

I grant the following orders and/or declaratory relief: ...

m) The respondents' motion to authorize or permit payment of the respondents' reasonable legal fees and disbursements and professional costs incurred and to be incurred in the Receivership

Proceedings and to be incurred in the bankruptcy proceeding from the Preserved Proceeds and, if necessary, the Net Receivership Proceeds is granted;

n) The respondents' motion to authorize or permit payment of reasonable legal fees and disbursements from the Preserved Proceeds or the Net Receivership Proceeds to defend the criminal charges against Mr. Nygard is dismissed; and ... (at paras 138, 154 and 161(m)-(n)).

47. It is apparent that Mr. Justice Edmond was focused on permitting the Respondents access to the Preserved Proceeds and thereafter the Net Receivership Proceeds to pay "reasonable legal fees and disbursements and professional costs incurred ... in the Receivership Proceedings", after review and approval by the Receiver, based on the concern that "the respondents are entitled to mount a defence and advance legal positions challenging the Receiver..." (emphasis ours).
48. In the view of the Receiver, this requires that services be reasonably directly related to the Receivership Proceedings, either in connection with the participation of the Respondents in the court proceedings (i.e., the ability of the Respondents to "mount a defence") or in respect of matters that are currently at issue in the Receivership Proceedings. The March 10 Judgment contains no permission for the Respondents to have access to the Preserved Proceeds or the Net Receivership Proceeds for legal services directed to other business or interests of NPL or to other business or interests of PJN, whether those are somehow "indirectly" related to the Receivership Proceedings or not.

V. THE DEBTORS' PROFESSIONAL ACCOUNTS

49. On April 4, 2022, Levene Tadman Golub Law Corporation ("**LTGLC**"), the Debtors' Winnipeg legal counsel, wrote to TDS requesting that TDS provide an indication of what would be required from LTGLC in order for the Receiver to review and approve the Debtors' professional accounts.
50. On April 13, 2022, TDS provided an email response to LTGLC (with a copy to Fred Tayar & Associates ("**Tayar**"), the Debtors' Toronto legal counsel) outlining a proposed process (the "**Account Approval Process**") for the submission of professional accounts, and the review and approval of the Debtors' reasonable legal fees incurred in the Receivership Proceedings (the "**April 13 TDS Email**"), which may be summarized as follows:
- (a) LTGLC will forward to TDS copies of the professional accounts that it is looking to have paid. It is understood that certain entries in the accounts may be redacted to maintain confidentiality/privilege. LTGLC is at liberty to do so, bearing in mind that the account information that is disclosed will need to be sufficient to enable the Receiver to consider the reasonableness of the accounts;

- (b) in connection with providing copies of the accounts, Mr. W. Onchulenko (in relation to LTGLC's accounts) and Mr. F. Tayar or Mr. C. Linthwaite (in relation to Tayar's accounts) will represent that (i) the fees and disbursements described in the accounts are at standard rates and charges (which is the same requirement the Receiver and TDS have pursuant to the Receivership Order) and (ii) all fees and disbursements described in the accounts are incurred in connection with the receivership; and
- (c) if the Receiver is unable to determine the reasonableness of the accounts or otherwise considers that it cannot approve an account or accounts, the matter will be referred to Mr. Justice Edmond, either by case conference or motion, as Mr. Justice Edmond may direct.

A copy of the April 13 TDS Email is attached hereto as **Appendix "A"**.

- 51. On April 27, 2022, LTGLC wrote to TDS (the "**April 27 LTGLC Letter**") to submit four LTGLC accounts (the "**Original LTGLC Accounts**") for the period commencing November 29, 2021 and ending March 30, 2022, and two Tayar accounts for the period commencing November 2, 2021 and ending April 1, 2022 (the "**Original Tayar Accounts**"), for the Receiver's review and approval. The April 27 LTGLC Letter, a copy of which is attached hereto as **Appendix "B"**, confirmed that the LTGLC "fees and disbursements are at the standard rates and charges and are incurred in connection with the receivership" and also advised that "most of the redacted emails are to and from third parties to who Mr. Nygard communicates by phone and who then email us, and to whom we have been instructed to respond."
- 52. The aggregate fees billed by LTGLC for services rendered during the period addressed by the Original LTGLC Accounts was \$185,576.00, exclusive of taxes and disbursements. Including disbursements and applicable taxes, the Original LTGLC Accounts totalled \$210,213.21.
- 53. The aggregate fees billed by Tayar for services rendered during the period addressed by the Original Tayar Accounts was \$116,107.24, exclusive of taxes and disbursements. Including disbursements and applicable taxes, the Original Tayar Accounts totalled \$131,773.19. The Original Tayar Accounts also indicated that a portion of the Tayar Accounts had been previously paid, leaving an outstanding balance totalling \$63,934.67.

54. On May 10, 2022, following the Receiver's review of the Original LTGLC Accounts and the Original Tayar Accounts, TDS sent an email to LTGLC and Tayar (the "**May 10 TDS Email**"), a copy of which is attached hereto as **Appendix "C"**, advising that the Receiver had certain immediate concerns regarding aspects of the Original LTGLC Accounts, set out as follows:

(a) a review of the Original LTGLC Accounts disclosed that in the period from January 7, 2022 to March 9, 2022 (after the last submissions had been made to the Court in connection with the Consolidation Motion and before a decision was rendered), there was substantial time incurred by LTGLC, notwithstanding that there was little activity occurring in the Receivership Proceedings. In particular, during that two-month period:

(i) TDS billed a total of \$8,115.94 inclusive of fees, disbursements and taxes;

(ii) Tayar billed a total of \$4,288.00, exclusive of taxes and disbursements; and

(iii) LTGLC billed a total of \$65,945.00, exclusive of taxes and disbursements.

The Receiver sought an explanation from LTGLC as to what receivership matters it was providing services for in the subject period that resulted in fees approximately 10 times greater than the fees charged by TDS to the Receiver in the same period, and perhaps 15 times higher than included in the Original Tayar Accounts for the same period;

(b) the Original LTGLC Accounts disclosed that time was billed for every day during that two-month period except January 29, 2022, and February 27, 2022, (i.e., on 60 of 62 days of the subject period); and

(c) the Original LTGLC Accounts were so heavily redacted that it was not practically possible for the Receiver to assess whether the time entries actually related to the Receivership Proceedings and were reasonable.

55. Although the Receiver expected that certain (and limited) time entries would be redacted to maintain confidentiality/privilege, the Original LTGLC Accounts were so heavily redacted so as to preclude any assessment of the overall reasonableness of fees, and whether the entries were related to the Receivership Proceedings. In most cases, the time entries included no description beyond, for example, "email to...", without detail as to the matter or subject to which the email was related. By comparison, the time entries in the Tayar Accounts included few redactions and sufficient detail to assess the relationship of the activities detailed to the Receivership Proceedings.

56. The May 10 TDS Email also requested that Tayar confirm that the professional services included in the Original Tayar Accounts were provided at standard rates and that all fees incurred were solely in relationship to the Receivership Proceedings. On the same date, Tayar confirmed both of the above to TDS.
57. In response to certain of the concerns raised in the May 10 TDS Email, and despite the representations included in the April 27 LTGLC Letter, on May 24, 2022, Mr. W. Onchulenko of LTGLC emailed Mr. B. Taylor of TDS (the **"May 24 LTGLC Email"**) to advise, among other things, "...I am not suggesting that everything related to the Receivership. I am telling you the majority of discussions related to the receivership. Peter likes to review what has happened and to strategize what will happen next." A copy of the May 24 LTGLC Email is attached hereto as **Appendix "D"**.
58. During subsequent telephone communications between Messrs. Taylor and Onchulenko, TDS advised that the Receiver would not, and could not, approve the Original LTGLC Accounts unless they were provided in a form that would allow the Receiver to assess the reasonableness of the fees and the connection to the Receivership Proceedings. In this regard, TDS requested that LTGLC provide accounts with fewer redactions (to the extent possible while still maintaining proper claims of privilege) and advise which fees related to the Receivership Proceedings.
59. On June 9, 2022, LTGLC wrote to TDS (the **"June 9 LTGLC Letter"**) to advise that the Original LTGLC Accounts had been reviewed and that \$12,685.00 (exclusive of taxes) (the **"June Fee Reduction"**) was time that was "spent on matters either not either [sic] directly or indirectly related to the Receivership file". A copy of the June 9 LTGLC Letter is attached hereto as **Appendix "E"**. Copies of the Original LTGLC Accounts, with somewhat fewer redactions (now, the **"Revised LTGLC Accounts"**), accompanied the June 9 LTGLC Letter.
60. Following a series of communications between TDS and LTGLC in respect of the Debtors' Professional Accounts, on June 28, 2022, TDS emailed LTGLC and Tayar advising that the Receiver was still working through the Revised LTGLC Accounts, but that the Receiver was prepared to consent to a payment of \$63,934.67 from the Preserved Proceeds in payment of amounts outstanding on the Original Tayar Accounts.
61. LTGLC subsequently made further inquiries concerning the status of the Receiver's review of the Revised LTGLC Accounts, and informed TDS of its intention, should the Receiver remain unwilling to approve the Revised LTGLC Accounts for payment from the Preserved Proceeds, to schedule the Case Conference to resolve the payment of its professional accounts. The Case Conference was scheduled in early August 2022.

62. On August 15, 2022, following a comprehensive review of the Revised LTGLC Accounts, TDS (in consultation with the Receiver) sent a lengthy letter to LTGLC (the “**August 15 TDS Letter**”), explicitly detailing the Receiver’s views and concerns in respect of the Revised LTGLC Accounts. A copy of the August 15 TDS Letter is attached hereto as **Appendix “F”**. The primary concerns of the Receiver, as detailed in the August 15 TDS Letter, included the following:
- (a) the Revised LTGLC Accounts remained heavily redacted and otherwise lacked sufficient detail to enable the Receiver to assess the reasonability and relevance to the Receivership Proceedings of the fees charged;
 - (b) NPL has repeatedly denied that PJN remains connected to, or acts as controlling mind of, NPL. That is clearly not the case given the above-noted LTGLC reference to PJN liking to “strategize” as being a factor reflected in the Revised LTGLC Accounts. The Receiver would, therefore, expect to see references in the Revised LTGLC Accounts to communications with PJN, although absent sufficient detail, it is unclear whether and to what extent such communications are, in fact, related to the Receivership Proceedings (or are reasonable);
 - (c) the Revised LTGLC Accounts include reference to persons whose connection to the Receivership Proceedings was unclear. Although the Receiver appreciates that certain interactions with individuals employed with the Toronto South Detention Centre (the “**TSDC**”) are likely required to communicate with PJN, absent sufficient detail, it is unclear which individuals are involved in facilitating meetings with PJN and whether such communications relate to discussions related to the Receivership Proceedings (or are reasonable);
 - (d) LTGLC has acknowledged that not all discussions referenced in the Revised LTGLC Accounts relate to the Receivership Proceedings, and described that, other than in respect of the June Fee Reduction, LTGLC’s services related “directly or indirectly” to the Receivership Proceedings. In accordance with the March 10 Judgment, services related to “discussions” or other activities that do not relate to the Receivership Proceedings cannot be approved. It is unclear what is meant by the services provided being “indirectly” related to the Receivership Proceedings, however, in the view of the Receiver, such services would not satisfy the intention of the March 10 Judgment; and

- (e) it appeared to the Receiver that time entries that did not satisfy the intention of the March 10 Judgment were comingled in the Revised LTGLC Accounts with time entries that are directly related to the Receivership Proceedings either (i) in connection with the participation of the Debtors in the court proceedings (i.e., the ability of the respondents to “mount a defence”) or (ii) in respect of matters that are currently at issue in the Receivership Proceedings.
63. The August 15 TDS Letter also informed LTGLC that it was its responsibility to provide the Receiver with sufficient information and detail to allow the Receiver to properly assess the reasonableness of the Revised LTGLC Accounts and confirm their connection to the Receivership Proceedings. The Receiver also noted that, in the past, and in connection with the approval of the accounts of the Receiver and its counsel in the Receivership Proceedings, the Debtors’ legal counsel referenced the need for a level of detail that enables the Court to determine that such accounts are reasonable and justifiable. As such, in order to enable the Receiver to approve the Revised LTGLC Accounts, LTGLC would need to at least “approach” that level of detail and clarity such that the Receiver, the Manitoba Court and other stakeholders can, in due course, be satisfied that the Receiver’s approval of the Revised LTGLC Accounts was warranted.
64. In response to the August 15 TDS Letter, on August 25, 2022 (the “**August 25 LTGLC Letter**”, for clarity, the August 25 TDS Letter is dated August 24, 2022, however, it was delivered to TDS on August 25, 2022), LTGLC wrote to TDS to advise that it had further reviewed the Original LTGLC Accounts and was submitting new accounts for the same time period (the “**Further Revised LTGLC Accounts**”) that address the Receiver’s concerns. In this regard, LTGLC noted that the Further Revised LTGLC Accounts had been redone to remove all items for which it was “not making a claim”, including certain “non receivership items”. In addition, despite LTGLC’s view that it was “receivership related”, LTGLC also removed “the communications dealing with attempting to have the criminal lawyers paid out of NPL funds”. The August 25 LTGLC Letter, a copy of which is attached hereto as **Appendix “G”**, also sought to respond to the Receiver’s concerns raised in the August 15 TDS Letter by providing further details of the matters it dealt with during the period addressed by the Further Revised LTGLC Accounts and certain of the difficulties encountered in communicating with PJN. In this regard, LTGLC stated that, “we need to consult with Mr. Nygard for what I hope is obvious reasons, but if not, it is because he is the sole shareholder of NEL who owns NPL who would be the main benefactor of the ongoing litigation”.
65. The Receiver notes that the aggregate fees billed by LTGLC for services rendered during the period addressed by the Further Revised LTGLC Accounts (November 29, 2021 to March 30, 2022), was \$154,096.50, excluding taxes and disbursements. Including disbursements and applicable taxes, the Further Revised LTGLC Accounts totalled \$174,956.16, representing a reduction of \$35,257.05 compared to the Original LTGLC Accounts.

66. The August 25 LTGLC Letter also attached additional LTGLC accounts for professional services rendered for the period March 29, 2022 to July 28, 2022 (the “**March to July LTGLC Accounts**”). The aggregate fees billed by LTGLC for services rendered during the period addressed by the March to July LTGLC Accounts was \$198,144.00, excluding taxes and disbursements. Including disbursements and applicable taxes, the March to July LTGLC Accounts totalled \$224,209.54. Taking into consideration the Further Revised LTGLC Accounts, LTGLC was claiming to be owed approximately \$399,000 for the time period covered by the Further Revised Accounts and the March to July LTGLC Accounts (that is, November 29, 2021 to July 28, 2022).
67. As noted above, the Case Conference was held on August 30, 2022.
68. Subsequent to the Case Conference, and in a further attempt to respond to the Receiver’s concerns regarding LTGLC’s professional accounts, LTGLC wrote to the Receiver on September 16, 2022 (the “**September 16 LTGLC Letter**”) and provided new accounts for the period December 2021 to August 2022 (the “**New LTGLC Accounts**”). LTGLC noted that the New LTGLC Accounts are different from the prior accounts submitted in that they reflect “work done for the respondents and directly related to the receivership” whereas prior accounts contained “work done for the respondents and directly and indirectly related to the receivership”. LTGLC also attempted to provide further details in respect of its time entries by labelling each entry with a number (1 – 10), which corresponded to a “work category” described in the September 16 LTGLC Letter, a copy of which is attached hereto as **Appendix “H”**.
69. The aggregate fees billed by LTGLC for services rendered during the time period addressed by the New LTGLC Accounts (for the period November 29, 2021 – August 29, 2022) was \$391,903.00, excluding taxes and disbursements. Including disbursements and applicable taxes, the New LTGLC Accounts total \$445,347.35 representing a reduction of approximately \$38,000.00 compared to the Original LTGLC Accounts and Revised LTGLC Accounts in respect of the same time period.

70. On September 30, 2022, in response to the Receiver's request, Tayar wrote to the Receiver to provide its accounts for the period April 4, 2022 to August 31, 2022 (the "**Current Tayar Accounts**" and together with the Original Tayar Accounts, the "**Tayar Accounts**"). The aggregate fees billed by Tayar during the period addressed by the Current Tayar Accounts was \$156,217.50, excluding taxes and disbursements. Including disbursements and applicable taxes, the Current Tayar Accounts report a total amount payable of \$174,444.82. Prior to submitting the Current Tayar Accounts, Tayar made certain handwritten adjustments to the value of the accounts, and it appears there was an inadvertent error in recalculating the total amount owing on the Tayar account dated May 11, 2022. After adjusting for this miscalculation, the total amount of the Current Tayar Accounts, including disbursements and taxes, is \$177,155.13 (the Receiver uses this revised total for the Current Tayar Accounts for the purposes the Thirteenth Report). Copies of the Tayar Accounts are attached hereto as **Appendix "I"**.
71. As with the Original Tayar Accounts, the fees of Tayar for the period of the Current Tayar Accounts appear to have been incurred in providing substantive services in connection with the preparation of court materials and arguments, and matters and contests at issue in the various appeal motions and required filings in the Receivership Proceedings, are reasonably descriptive, are not overly redacted, and appear to be reasonable.
72. On October 3, 2022, the Debtors filed the LTGLC Professional Fee Motion seeking approval of LTGLC's legal fees and disbursements in the aggregate amount of \$445,347.35 (i.e., the amount of the New LTGLC Accounts).
73. The Current Tayar Accounts have not been included in the LTGLC Professional Fee Motion.

VI. RECEIVER'S CONSIDERATIONS REGARDING THE DEBTORS' PROFESSIONAL ACCOUNTS

Status of the Receivership Proceedings

74. As noted above, the Manitoba Court heard the Net Receivership Proceeds Motion on December 20, 2021, and the Net Receivership Proceeds Order was made on March 10, 2022. During the interim period, there was little activity in the Receivership Proceedings. Following the issuance of the Net Receivership Proceeds Order, the primary ongoing matter to be dealt with in the Receivership Proceedings remains NPL's claimed rights and entitlements to the Net Receivership Proceeds. Accordingly, the Receiver expected that overwhelmingly the professional services rendered by both LTGLC and Tayar to the Debtors would be related to or in connection with that matter.
75. Based on the professional accounts submitted by LTGLC and Tayar to the Receiver for the Receiver's review and approval, it appears that the services described in the Tayar Accounts (which have been lightly redacted)

are generally in respect of matters related to the Receivership Proceedings and, in particular, matters related to the appeal of the Net Receivership Proceeds Order. The Receiver has approved payment of the Original Tayar Accounts. Taking into consideration the total quantum of the Debtors' Professional Accounts, the Receiver is not in a position to judge the reasonableness of the cumulative amounts remaining unpaid in connection with the Current Tayar Accounts and the New LTGLC Accounts. Based on the Receiver's review of the New LTGLC Accounts (as discussed in greater detail below), although it is clear that LTGLC has performed services for the Debtors directly related to the Receivership Proceedings for which it should be compensated from the Preserved Proceeds and/or the Net Receivership Proceeds, the Receiver is not in a position to judge whether many of the time charges detailed in the New LTGLC Accounts (after consideration of the corresponding "work category" descriptions) are either directly related to the Receivership Proceedings or are reasonable.

Quantum/Reasonableness of the Debtors' Professional Fees

76. The aggregate legal fees for both the Receiver and the Debtors for the period leading up to the hearing of the Net Receivership Proceeds Motion (approximately November 2021) to approximately August/September 2022 (the "**Period**") are as follows:

| Receiver | Fees \$(CAN) | Debtors | Fees \$(CAN) |
|---|-------------------|---|-------------------|
| Fees excluding disbursements and applicable taxes: | | Fees excluding disbursements and applicable taxes: | |
| TDS (November 10, 2021 - September 2, 2022) | \$ 330,026 | LTGLC (November 30, 2021 - August, 30, 2022) | \$ 391,903 |
| | | Tayar (November 2, 2021 - August 19, 2022) | \$ 272,325 |
| | \$ 330,026 | | \$ 664,228 |
| Fees including disbursements and applicable taxes: | | Fees including disbursements and applicable taxes: | |
| TDS (November 10, 2021 - September 2, 2022) | \$ 372,118 | LTGLC (November 30, 2021 - August, 30, 2022) | \$ 445,347 |
| | | Tayar (November 2, 2021 - August 19, 2022) ⁽¹⁾ | \$ 308,928 |
| | \$ 372,118 | | \$ 754,276 |
| (1) Tayar has made handwritten adjustments to the value of its accounts. In re-calculating the aggregate fees (incl. disbursements and taxes), the Receiver has calculated a different amount. The amount calculated by the Receiver is as set out above. | | | |

77. As set out above, the aggregate Debtors' legal fees during the Period, excluding taxes and disbursements, total \$664,228, which is more than double the fees charged by TDS (\$330,026), excluding taxes and disbursements, during the Period.

78. Although the Receiver appreciates that the Debtors have two sets of legal counsel (LTGLC and Tayar) and, as such, there may be some reasonable and necessary duplication of certain actions/activities in carrying out their respective services for the Debtors, given the matters at issue in the Receivership Proceedings during the Period, the Receiver has concerns regarding the reasonableness of the amount of legal fees incurred by the Debtors during the Period. In addition, and as noted above, given the lack of descriptions for most of the time entries in the Original LTGLC Accounts and the Revised LTGLC Accounts, the Receiver was unable to obtain a clear understanding as to whether the services for which compensation has been claimed relate to the Receivership Proceedings.
79. As noted above, in an effort to provide the Receiver with further information supporting the relationship of the fees claimed by LTGLC to the Receivership Proceedings, LTGLC created a numerical classification system for its time entries, summarized as follows (for complete descriptions, see Appendix "H"):

| Work Category | Summary Description of Work Topic (as per the September 16 LTGLC Letter) |
|---------------|--|
| 1 | Communications with counsel for the Receiver and counsel for other opposite parties. Communications with the Court... |
| 2 | Not used |
| 3 | All communications with Toronto South Detention Centre (TSDC) and its administrators... |
| 4 | All matters dealing with the selling of a building in Shanghai. There is a dispute as to if this building is owned by Nygard or NPL... |
| 5 | All matters dealing with the calculation of the Nygard inter-company debts and the contributions made by Mr. Nygard personally to the finances of these companies and what impact that would have or could have on NEL and NPL. |
| 6 | All matters dealing with the potential tax consequences of the results of the litigation including potential settlement discussions and a Consolidation Order or NEL and NPL not being part of a Consolidation Order of bankruptcy and how money could be dealt with if paid to NPL. |
| 7 | All matters dealing with a potential Consolidation Order or how to proceed if there was not a Consolidation Order...all matters dealing with the appeal of Consolidation Order...all matters dealing with the appeal inclding three pre-appeal contested motions... |
| 8 | All communications with respect to director's fees. |
| 9 | All communications involved in review of the assets of the respondent companies, how they would be affected by an Order of Consolidation and what assets are owned by those respondent companies and which assets are not owned by the respondent companies and in the Nygard Group of Companies and Mr. Nygard and preparation of a llist of assets whare are included and excluded from ownership with respect to the respondent companies and collecton of documents to prove same... |
| 10 | All matters dealing with the December contested hearing and documents filed subsequent to the December hearing related to the December hearing... |

80. Although LTGLC has provided a summary of the “approximate” value for the work performed by LTGLC in each “work category” for each of the New LTGLC Accounts in Exhibit “A” to the Onchulenko Affidavit, the Receiver has been unable to reconcile these amounts to the total amount being claimed for each of the New LTGLC Accounts. In an effort to facilitate the Receiver’s review of the New LTGLC Accounts, the Receiver converted the New LTGLC Accounts to a format that permitted the Receiver to consider the details provided therein (the “**Receiver Workbook**”). Below is a schedule prepared by the Receiver that summarizes the value of work performed by LTGLC in each “work category” for each of the New LTGLC Accounts based on LTGLC’s categorization of time entries (as noted above, the aggregate value for each “work category” does not reconcile to the total amount of the fees being claimed for each of the New LTGLC Accounts):

| Work Cat. | Dec | Jan | Feb | Mar | Apr | May | Jun | Jul | Aug | Total Fees | % of Total |
|-------------------------------|---------------|---------------|---------------|---------------|---------------|---------------|---------------|---------------|---------------|----------------|-------------|
| 1 | - | 273 | 42 | 830 | 1,579 | 1,052 | 2,247 | 252 | 3,394 | 9,668 | 2% |

(1) Other includes uncategorized work, as well as work for which account entries include multiple categories.
(2) Represents the total fees billed for each time entry in the New LTGLC Accounts, excluding disbursements and taxes, according to the Receiver’s analysis.
(3) Represents the total amount claimed in each of the New LTGLC Accounts, excluding disbursements and taxes.
(4) Represents the difference between the total fees, excluding disbursements and taxes, based on the Receiver’s analysis and the amount claimed for each of the New LTGLC Accounts. The Receiver has been unable to reconcile these differences.

81. As set out in the above schedule, the majority of LTGLC’s time was spent in “work category” 3 and “work category” 7.
82. According to the above schedule, the value of the LTGLC work attributed to “work category” 3 is \$117,180 (or approximately 29% of the total time charges identified by the Receiver in the New LTGLC Accounts). This time is meant to address all communications with the TDSC and its administrators, including the expected difficulties scheduling meetings with PJN. The Receiver notes that while the Debtors generally, and NEL/NPL in particular, have previously denied that PJN continues to act as the controlling mind of any of the Debtors, and NEL/NPL in particular, that clearly does not seem to be the case. As stated by LTGLC in the May 24 LTGLC Email (see Appendix “D”), PJN “likes to review what has happened and to strategize what will happen next”.

83. According to the Onchulenko Affidavit, and as previously reported by the Receiver, PJN is the ultimate owner of the Canadian Debtors, including NEL, which is the sole shareholder of NPL. The Onchulenko Affidavit confirms that “it is in this capacity that he [PJN] has an interest in the financial well-being of these two entities” and, ostensibly (based on the Receiver’s understanding of the statement), the Receivership Proceedings.
84. In the Receiver’s view, the New LTGLC Accounts appear to be very substantially a product of the time spent in engaging, “strategizing” and taking instruction from PJN, in PJN’s personal interests and for his personal benefit, on the basis of time entries that cannot with any certainty distinguish dialogue on current receivership matters from other personal interests of PJN. This is notwithstanding the Debtors’ prior statements in these Receivership Proceedings that PJN is not the directing mind of NPL, and that Mr. Fenske is paid \$6,500/month from the Preserved Proceeds to serve as sole director of NPL and NEL, principally for the purpose of instructing counsel. In this regard, it is noteworthy that the LTGLC Professional Fee Motion is framed in terms of “... determining the quantum of reasonable legal fees, disbursements and professional costs incurred by Mr. Nygard” and “...authorizing the full payment of legal fees and disbursements and professional costs of Peter Nygard...” The Net Receivership Proceeds Order does not authorize or direct the payment of legal fees, disbursements and professional costs of PJN.
85. Evidence of this apparent convergence in corporate vs personal interests is noted in paragraph 22 of the Onchulenko Affidavit, that states: “Mr. Nygard reads the documents on the screen during a JVN and asks questions about the documents, so that he can discuss with Greg Fenske what he [PJN] thinks is the best course for NEL and NPL”.
86. Similarly, paragraph 49 of the NPL Brief states: “Communicating with Mr. Nygard since his arrest has been challenging as set out in Exhibit “K”. It has taken a significant amount of effort and time as set out in the accounts. Mr. Nygard has wanted to be engaged in all aspects of the litigation from the beginning until now as is his right. (3) Mr. Nygard is interested in the litigation because of the significant impact it has on his financial circumstances. Millions of dollars are involved”.

87. As noted above, the total amount of fees categorized as “work category” 3 was \$117,180. However, by filtering the Receiver Workbook for certain acronyms associated with the TSDC, including “TSDC”, “RDA” (remote video access for counsel to consult with clients) and “JVN” (judicial video network), the Receiver has identified an additional approximately \$69,000 in time entries not categorized exclusively as “work category” 3 (approximately \$53,000 in time entries including multiple work categories, including “work category” 3, and approximately \$16,000 in time entries not allocated in whole or in part to “work category” 3). After taking into consideration these additional amounts, the actual amount of LTGLC fees which may be said to be associated with “work category” 3 is approximately \$186,000 (or approximately 47% of the total time charges identified by the Receiver in the New LTGLC Accounts).
88. “Work category” 7 represented the second largest category of time charges in the New LTGLC Accounts, totalling \$103,931 (or approximately 26% of the total time charges identified by the Receiver in the New LTGLC Accounts). “Work category” 7, includes all matters dealing with the Net Receivership Proceeds Order and the subsequent appeal. However, in the Receiver’s view, and based on the description of work categories provided by LTGLC, work categories 1, 4, 5, 6, 7 and 9 collectively appear related to the Net Receivership Proceeds Order or the related impact of consolidation on the Debtors, NEL/NPL in particular. The total value of the collective time charges in the New LTGLC Accounts for work categories 1, 4, 5, 6, 7 and 9 is \$157,289 (or approximately 39% of the total time charges identified by the Receiver in the New LTGLC Accounts).
89. Further to the above, and with respect to “work category” 10, which addresses matters related to the contested Net Receivership Proceeds Motion, it appears to the Receiver that following the hearing of that motion, subsequent time charges are likely related to one of the work categories noted above dealing with matters related to the Net Receivership Proceeds Order or the related impact of consolidation on the Debtors, NEL/NPL in particular. As such, the total value of the collective time charges in the New LTGLC Accounts for services that, in the Receiver’s view, are related to the Net Receivership Proceeds Order or the related impact of consolidation of the Debtors is \$177,126 (or approximately 44% of the total time charges identified by the Receiver in the New LTGLC Accounts).
90. As noted above, the total amount claimed in the Tayar Accounts, which appear to relate principally to matters in connection with the appeal of the Net Proceeds Receivership Order, is \$272,325, excluding taxes and disbursements. Including the value of the LTGLC time charges which, in the Receiver’s view, are also related to the Net Receivership Proceeds Order or the related impact of consolidation on the Debtors, the total amount claimed by Tayar and LTGLC for services dealing with these matters (or directly related matters) is approximately \$449,450 or approximately \$120,000 greater than the entirety of the TDS fees charged during the Period.

91. Further, in the Receiver's view, certain actions/activities of LTGLC/Tayar have increased the quantum of professional fees incurred in the Receivership Proceedings. In particular, following the issuance of the Net Receivership Proceeds Order, the Debtors' legal counsel failed to meet the statutory deadline to appeal the Order, ultimately resulting in the filing of the Debtors' Appeal Motions. These actions/activities have undoubtedly increased the costs for all parties to the Receivership Proceedings, ultimately at the expense of the Debtors' unsecured creditors.

The Preserved Proceeds

92. Following the issuance of the Preserved Proceeds Agreement and Distribution Order, TDS, on behalf of the Receiver, has, on several occasions, requested that LTGLC provide it with a full accounting of the Preserved Proceeds (i.e., the net proceeds from the sale of the Fieldstone Property and the Falcon Lake Property).
93. Most recently, on August 25, 2022, LTGLC provided TDS with a copy of the trust ledgers for the Fieldstone Property and the Falcon Lake Property (collectively, the "**Trust Ledgers**"), showing the sources and uses of the respective sale proceeds and the remaining amounts held in trust as at on or about August 25, 2022. As shown in the Trust Ledgers, copies of which are attached hereto as **Appendix "J"**, approximately \$149,842 remains from the sale of the Fieldstone Property and approximately \$10,430 remains from the sale of the Falcon Lake Property.
94. In addition, based on a review of the Trust Ledgers, it appears that approximately \$873,500 has been paid to LTGLC and Tayar from the Preserved Proceeds, as follows:

| Firm | Amount Paid \$(CAN) |
|-------------|--------------------------------|
| LTGLC | 558,406 |
| Tayar | 315,094 |
| | <u>873,500</u> |

95. With the remaining Preserved Proceeds totalling approximately \$160,272, payment of the Debtors' Professional Accounts will require significant contribution from the Net Receivership Proceeds, at the expense of the Debtors' unsecured creditors. Although the March 10 Judgment contemplated contribution from the Net Receivership Proceeds, the Receiver is not in a position to determine what "portion of the Net Receivership Proceeds" is reasonable and appropriate in the circumstances.

96. The Receiver notes that payment of the full amounts currently claimed by each of LTGLC and Tayar (as set out in the New LTGLC Accounts and the Current Tayar Accounts – approximately \$623,000), would require contribution from the Net Receivership Proceeds of approximately \$463,000.

Considerations

97. In the circumstances, the Receiver is not able to approve the New LTGLC Accounts or specifically approve certain entries in the New LTGLC Accounts and is, therefore, not able to recommend to the Manitoba Court a specific approved amount to be paid to LGTLC from the Preserved Proceeds and the Net Receivership Proceeds.

98. Given:

- (a) The issues described above in connection with the approval of each of the sets of LTGLC accounts, it is not practicable for the Receiver to responsibly approve or disapprove fees based on the services detailed in the LTGLC accounts provided, or assess their connection to the matters at issue in the Receivership Proceedings or their reasonableness;
- (b) that some amount of the fees charged by LTGLC included in the New LTGLC Accounts appear to relate to participation in the Manitoba Court proceedings and to matters at issue in the Receivership Proceedings;
- (c) that the total of the fees billed by TDS in the approximate time period under consideration in the LTGLC Professional Fee Motion is \$330,026, excluding taxes and disbursements, and the total of the accounts of TDS for that period, including taxes and disbursements, is \$372,118;
- (d) that the total of the fees billed by the Debtors' counsel in approximately the same time period in connection with the same Receivership Proceedings issues and matters is \$664,228, excluding taxes and disbursements (and the total of the Debtors' Professional Accounts for that period, including taxes and disbursements, is \$754,276), which appears to be substantially greater than what might reasonably be expected in contrast with the accounts of TDS in respect of generally the same proceedings and issues;
- (e) that some amount in excess of the amounts of the fees of the Receiver's counsel might reasonably be expected to have been charged by the Debtors' counsel, as LTGLC expresses the need for ongoing communication with PJN which is cumbersome, and that some overlap in services might reasonably be expected to arise;

the Manitoba Court may wish to consider approving payment of the Debtors' Professional Accounts (i.e. the New LTGLC Accounts and the Tayar Accounts) inclusive of fees, disbursements and taxes, from the Preserved

Proceeds and from the Net Receivership Proceeds, as required, in a total amount equivalent to the amount of the accounts issued by TDS, as counsel for the Receiver, plus an additional factor of some percentage (say, 15%) to recognize the arrangements required for contact with PJN and some expected overlap in services. This would consider and include the previously approved Original Tayar Accounts as well as the Current Tayar Accounts. A 15% premium to the accounts of TDS for the time period approximately covered by the New LTGLC Accounts and the collective Tayar Accounts, inclusive of fees, disbursements and taxes is approximately \$427,936.

99. In the result, factoring in the amount of \$63,934.67 paid to Tayar in relation to the Original Tayar Accounts, and the amount of \$177,155.13 to be paid to Tayar on the basis of the Receiver approving the Current Tayar Accounts, a further amount of approximately \$186,850 may be appropriate to be authorized for payment out of the remaining Preserved Proceeds and, following those funds being exhausted, the Net Receivership Proceeds.

VII. CONCLUSION

100. In consideration of all the above, the Receiver respectfully submits that it is not in a position to approve for payment from the Preserved Proceeds or the Net Receivership Proceeds the New LTGLC Accounts as they have been presented and recommends that the Manitoba Court consider addressing this matter as described in paragraph 98 hereof so that it may be resolved.

All of which is respectfully submitted on this 12th day of October, 2022.

Subject: Nygard Receivership - Professional Accounts [LAW-TDS.FID1853952]

Wayne, as we have discussed, Justice Edmond's March 10, 2022 decision provides that "... subject to providing statements of account to the Receiver...for approval on the basis the costs claimed are reasonable, the Preserved proceeds may be used to satisfy legal fees and disbursements and professional fees incurred in connection with the receivership..." . Justice Edmond makes the same provision for payment of fees and disbursements from Net Receivership Proceeds.

We understand that you believe that Albert Gelman Inc. has been paid in full for its services in connection with the Receivership, but that accounts are outstanding (or amounts have accrued in WIP) for your office and that of Messrs. Tayar/Linthwaite.

Since accounts are required to be provided to the Receiver and the Receiver is required to approve the professional accounts on the basis that they are reasonable, we propose the following process:

1. You will forward to us copies of the professional accounts that you are looking to have paid. We understand that certain entries in the accounts may be redacted to maintain confidentiality/privilege. You are at liberty to do so, bearing in mind that the account information that is disclosed will need to be sufficient to enable the Receiver to consider the reasonableness of the accounts.
2. In connection with providing copies of the accounts, you (in relation to your firm's accounts) and Mr. Tayar or Mr. Linthwaite (in relation to their firm's accounts) will represent that (i) the fees and disbursements described in the accounts are at standard rates and charges (which is the same requirement we have pursuant to the Receivership Order) and (ii) all fees and disbursements described in the accounts are incurred in connection with the receivership.
3. If the Receiver is unable to determine the reasonableness of the accounts or otherwise considers that it cannot approve an account or accounts, the matter will be referred to Justice Edmond, either by case conference or motion, as Justice Edmond may direct.

In the event that there are Albert Gelman Inc. accounts to be claimed, the same process will apply (although we would not expect redactions), and Mr. Albert will make the representations described in 2 above in relation to his firm's accounts

Please confirm these arrangements.

Wayne/Fred,

The last brief of the Respondents pertaining to the consolidation motion was the brief on criminal lawyers' fees, which you filed on January 6, 2022. Justice Edmond's decision was issued on March 10, 2022. In the interim period from January 7 to March 9, there was very little activity in the receivership proceedings.

A review of the professional accounts for the period from January 7 to March 9 discloses the following:

- (a) TDS total accounts inclusive of tax - \$8,115.94
- (b) Fred Tayar & Associates billed a total of \$4,288.00 (exclusive of tax)
- (c) Levene Tadman billed a total of \$65,945 (exclusive of tax)

The Tayar accounts have large breaks during which no time was billed, which makes sense given the lack of activity in the receivership.

The Levene accounts disclose that time was billed every day except Jan. 29 and Feb. 27 (i.e. on 60 of 62 days of the subject period).

The Levene accounts are so heavily redacted that it is not practically possible to assess whether the time entries relate to the receivership proceedings and are reasonable.

Can you please provide an explanation as to what receivership matters Levene was providing services for in the subject period that resulted in fees approximately 10 times greater than the fees charged by TDS to the Receiver in the same period, and perhaps 15 times higher than Mr. Tayar's firm's fees in the same period. In this regard, respectfully, the level of redaction of the Levene accounts appears to be unreasonable.

In addition, we do not have a statement from or on behalf of Mr. Tayar that the Tayar firm fees are charged at standard rates and that the fees are incurred in relation to the receivership proceedings only.

Hi Bruce

I am not sure you noticed in the March bill, there was a \$43,000 payment. It came from Peter.

I cannot tell you what was discussed during Jan 7 to March 9 as it is privileged. I am not suggesting everything related to the receivership. I am telling you the majority of the discussions related to the receivership. Peter likes to review what has happened and to strategize what will happen next. Most of the redacted emails are from third parties to us on instructions from Peter and us responding.

Are you now prepared to approve our fees?

In the alternative, are you prepared to approve the fees before Jan 7 and after March 9?

Attention: Bruce Taylor

Dear Sir:

RE: Nygaard Receivership and Professional Accounts

I have now reviewed the redacted Statements of Account and made some changes in that I un-redacted a few of the entries that had been redacted in error. They relate to parties that represent the Ontario Government prison system. They relate to us being in contact with them, making arrangements for being able to communicate with Peter, both by phone and by videoconference. You will now see entries dealing with Mr. Brian Whitehead who is counsel for the Province of Ontario, Mr. Adrian Lafrate who is counsel for the Province of Ontario, and a number of employees in the Ontario government prison system who include: Sergeant Cole, Sergeant Pegg, Carlos Santos, Gulshan Sethna, Williamson, Sergeant Jones, William Travis.

I also un-redacted several communications with Fillmore Riley.

I have also gone through the bills and added up the amount of time spent on matters either not either directly or indirectly related to the Receivership file. There were 23 hours of my time, being \$9,660.00 and 12.1 hours of Leiba Feldman's time, being \$3,025.00, for a total of \$12,685.00 plus taxes. This number is far short of the \$43,000.00 that has been paid by non NPL monies.

I would appreciate a response with respect to our outstanding fees by Monday June 13th, 2022.

Yours truly,

Attention: Wayne Onchulenko

Dear Sirs:

Re: Richter Inc.
(formerly Richter Advisory Group Inc.) and
Nygard International Partnership et al.
Approval of Accounts
Our Matter No. 0173004 GBT

We write on behalf of Richter Inc. (formerly, Richter Advisory Group Inc.) in its capacity as Court-appointed receiver (the "**Receiver**") of Nygard Holdings (USA) Limited, Nygard Inc., Fashion Ventures, Inc., Nygard NY Retail, LLC, Nygard Enterprises Ltd., Nygard Properties Ltd. ("**NPL**"), 4093879 Canada Ltd., 4093887 Canada Ltd. and Nygard International Partnership (together, the "**Debtors**"). The receivership proceedings of the Debtors is herein referred to as the "**Receivership Proceedings**".

As you are aware, pursuant to the March 10, 2022 judgment of Mr. Justice Edmond (the "**March 10 Judgment**") of the Court of the Queen's Bench (Winnipeg Centre) (the "**Court**"), it was ordered that the respondents (i.e. the Debtors) have access to certain funds, being the Preserved Proceeds and the Net Receivership Proceeds, to pay "reasonable legal fees and disbursements and professional costs incurred ... in the Receivership Proceedings", after review and approval by the Receiver of such legal fees and disbursements and professional costs.

The purpose of this letter is to advise that, based on the information currently available to the Receiver, the Receiver is not in a position to approve the professional accounts of Levene Tadman Golub Law Corporation ("**LTGLC**"). As set out in this letter, given the scope of redactions and insufficient details supporting the accounts of LTGLC, the Receiver is not in a position to assess whether or not the accounts are reasonable or incurred in connection with the Receivership Proceedings.

Background

The March 10 Judgment

The March 10 Judgment (as set out in ***White Oak Commercial Finance, LLC v Nygard Holdings (USA) Ltd. et al.***, 2022 MBQB 48) provided as follows:

In my view, providing statements of account for legal fees and disbursements are submitted to the Receiver or Trustee in bankruptcy for approval and are reasonable, the fees and disbursements may be paid from the Net Receivership Proceeds. The respondents are entitled to mount a defence and advance legal positions challenging the Receiver and if they elect to do so, the respondents may proceed with an appeal of this decision. If the legal fees and disbursements exceed the remaining balance of the Preserved Proceeds, a portion of the Net Receivership Proceeds may be set aside to cover reasonable fees and disbursements incurred by the respondents.

...

To conclude on the indemnification issues, the respondents' motion to authorize or permit payment of reasonable legal fees and disbursements and professional costs in the receivership or bankruptcy proceedings is granted. The respondents' motion to authorize or permit payment of reasonable legal fees and disbursements from the Preserved Proceeds or the Net Receivership Proceeds to defend the criminal charges against Mr. Nygard is dismissed.

...

I grant the following orders and/or declaratory relief: ...

m) The respondents' motion to authorize or permit payment of the respondents' reasonable legal fees and disbursements and professional costs incurred and to be incurred in the Receivership Proceedings and to be incurred in the bankruptcy proceeding from the Preserved Proceeds and, if necessary, the Net Receivership Proceeds is granted;

n) The respondents' motion to authorize or permit payment of reasonable legal fees and disbursements from the Preserved Proceeds or the Net Receivership Proceeds to defend the criminal charges against Mr. Nygard is dismissed; and ... (at paras 138, 154 and 161(m)-(n))

(the “**Order**”)

It is apparent Mr. Justice Edmond was focused on permitting the respondents access to the Preserved Proceeds and thereafter the Net Receivership Proceeds to pay “reasonable legal fees and disbursements and professional costs incurred ... in the Receivership Proceedings”, after review and approval by the Receiver, based on the concern that “the respondents are entitled to mount a defence and advance legal positions challenging the Receiver...”.

In the view of the Receiver, this requires that services be reasonably directly related to the Receivership Proceedings, either in connection with the participation of the respondents in the court proceedings (i.e., the ability of the respondents to “mount a defence”) or in respect of matters that are currently at issue in the Receivership Proceedings. The March 10 Judgment contains no permission for the respondents to have access to the Preserved Proceeds or the Net Receivership Proceeds for legal services directed to other business or interests of NPL or to other business or interests of Peter J. Nygard (“**PJN**”), whether those are somehow “indirectly” related to the Receivership Proceedings or not.

The Original Accounts

On April 4, 2022, you requested that we provide your office with an indication of what would be required from LTGLC in order for the Receiver to review and approve accounts.

On April 13, 2022, we provided an email response outlining a proposed process (the “**Account Approval Process**”) for the submission of accounts, and the review and approval of the respondents’ reasonable legal fees incurred in the Receivership Proceedings, as follows:

1. You will forward to us copies of the professional accounts that you are looking to have paid. We understand that certain entries in the accounts may be redacted to maintain confidentiality/privilege. You are at liberty to do so, bearing in mind that the account information that is disclosed will need to

be sufficient to enable the Receiver to consider the reasonableness of the accounts.

2. In connection with providing copies of the accounts, you (in relation to your firm's accounts) and Mr. Tayar or Mr. Linthwaite (in relation to their firm's accounts) will represent that (i) the fees and disbursements described in the accounts are at standard rates and charges (which is the same requirement we have pursuant to the Receivership Order) and (ii) all fees and disbursements described in the accounts are incurred in connection with the receivership.

3. If the Receiver is unable to determine the reasonableness of the accounts or otherwise considers that it cannot approve an account or accounts, the matter will be referred to Justice Edmond, either by case conference or motion, as Justice Edmond may direct.

On April 27, 2022, the following heavily redacted accounts of LTGLC (the "**Original Accounts**") were provided to our office for the purposes of review and approval for payment by the Receiver as contemplated in the March 10 Judgement, along with a letter stating that the LTGLC "fees and disbursements are at the standard rates and charges and are incurred in connection with the receivership.":

- Account No. 214439 for the period commencing November 29, 2021 and ended December 21, 2021, for fees totalling \$35,492.00 (exclusive of taxes and disbursements) (the "**December Account**");
- Account No. 215129 for the period commencing December 21, 2021 and ended January 27, 2022, for fees totalling \$64,064.00 (exclusive of taxes and disbursements) (the "**January Account**");
- Account No. 215885 for the period commencing January 27, 2022 and ended February 28, 2022 for fees totalling \$31,316.50 (exclusive of taxes and disbursements) (the "**February Account**"); and
- Account No. 216784 for the period commencing February 25, 2021 and ended March 30, 2022 for fees totalling \$54,703.00 (exclusive of taxes and disbursements) (the "**March Account**").

The aggregate fees billed for services rendered during the period for each of the Original Accounts is \$185,575.50, exclusive of taxes and disbursements. The total of the Original Accounts, inclusive of disbursements and taxes, is \$210,213.21.

On May 10, 2022, we responded indicating that the Receiver had certain immediate concerns regarding aspects of the Original Accounts, set out as follows:

- (a) A review of the January Account, the February Account and the March Account disclosed that in the period from January 7, 2022, to March 9, 2022 (after the last submissions had been made to the Court in connection with the Consolidation Motion and before a decision was rendered), there was substantial time incurred by LTGLC, notwithstanding that there was little activity occurring in the Receivership Proceedings. In particular, we noted that during that two-month period of time:
 - TDS billed a total of \$8,115.94 inclusive of fees, disbursements and taxes;
 - Fred Tayar & Associates ("**Tayar**") billed a total of \$4,288.00, exclusive of taxes and disbursements; and
 - LTGLC billed a total of \$65,945.00, exclusive of taxes and disbursements.
- (b) the Original Accounts disclosed that time was billed for every day during that two-month period except January 29, 2022, and February 27, 2022, (i.e. on 60 of 62 days of the subject period); and
- (c) the Original Accounts were so heavily redacted that it was not practically possible to assess whether the time entries actually related to the Receivership Proceedings and were reasonable.

Respectfully, although the Receiver expected that certain (and limited) entries would be redacted to maintain confidentiality/privilege, the Original Accounts were so heavily redacted so as to preclude any assessment of the overall reasonableness of fees, and whether the entries relate to the Receivership Proceedings. In most cases, time entries included no description beyond, for example, "email to...", without detail as to the matter or subject to which the email was related.

On May 24, 2022, notwithstanding the representations included in your letter of April 27, 2022 provided along with the Original Accounts, you advised:

...I am not suggesting that everything related to the Receivership. I am telling you the majority of discussions related to the receivership. Peter likes to review what has happened and to strategize what will happen next.

Based on the information and representations provided as of May 24, 2022, including the May 24 statement that “I am not suggesting that everything related to the Receivership ...”, the Receiver was not able to assess whether the Original Accounts were either reasonable or incurred in connection with the Receivership Proceedings.

Thereafter, in further telephone communications with Mr. Taylor and the writer, we advised that the Receiver would not, and could not, approve the Original Accounts unless they were provided in a form that would allow the Receiver to assess the reasonableness of the fees and the connection to the Receivership Proceedings. We requested that you provide our office with accounts with fewer redactions (to the extent possible while still maintaining proper claims of privilege) and advise as to which fees related to the Receivership Proceedings.

On June 9, 2022, you wrote to advise that the Original Accounts had been reviewed and that the \$12,685.00 (exclusive of taxes) (the “**June Fee Reduction**”) was time that was “spent on matters either not either [sic] directly or indirectly related to the Receivership file”. The Original Accounts, with somewhat fewer redactions (now, the “**Revised Accounts**”), accompanied your June 9, 2022 correspondence. The Revised Accounts are attached to this letter, together with a spreadsheet we have prepared containing a breakdown of the Revised Accounts.

Reconciliation of Amounts Paid/Due to LTGLC/Tayar

The Receiver has repeatedly requested a reconciliation from LTGLC of the LTGLC/Tayar accounts paid from the Preserved Proceeds (or other parties) and the amounts outstanding to LTGLC/Tayar.

In your June 30, 2022 letter to the writer (the “**June 30 Letter**”) you advised that the amount of \$150,000, approved by Mr. Justice Edmond at the December hearings to be paid from the Preserved Proceeds towards your accounts for the period ending in November 2021, has been applied leaving a balance owing of \$3,013.05 (the “**November Balance**”). For the purpose of this letter, we have assumed that the November Balance is comprised of fees of \$2,652.00 with the remaining amount being taxes.

In the June 30 Letter you further advised that \$42,954.17 was paid to LTGLC “not out of NPL funds” and applied to pay out the November Balance and the December Account (the “**PJN Payment**”). In your correspondence dated May 24, 2022, you indicated that

PJN was the source of those funds. We understand your position to be that the PJN Payment should properly be included in the calculation of amounts to be paid from the Preserved Proceeds and/or Net Receivership Proceeds as contemplated by the March 10 Judgment such that PJN should be reimbursed the amount of the PJN Payment.

In consideration of the foregoing, it is our understanding that: (i) after applying the June Fee Reduction, the total fees being claimed, by LTGLC, for payment is \$175,642.50 (calculated as \$185,575.50 + \$2,652.00 - \$12,685.00), and (ii) the total balance of the LTGLC accounts (inclusive of disbursements/taxes) being claimed for payment is \$199,019.06 (calculated as \$213,226.26 - \$14,207.20).

On the basis that your firm has received payment of the November Balance and the December Account, you have suggested that the Receiver focus its review on the January Account, the February Account and the March Account, while apparently reserving for yourself the opportunity to address the November Balance and the December Account in future. The considerations and concerns of the Receiver in respect of your accounts described in this letter apply across all the accounts you have submitted. The November Balance is not a material amount, so this letter is intended to address the Receiver's considerations and concerns generally in relation to all of the Revised Accounts.

Tayar also provided accounts for review and approval for payment by the Receiver for the period commencing November 2, 2021 and ending April 1, 2021. The aggregate amount billed by Tayar during this period was \$131,773.19 (including disbursements and taxes) (the "**Tayar Accounts**"). Of this amount, it appears that \$67,838.52 was applied against the Tayar Accounts from the Preserved Proceeds leaving a balance owing (including disbursements/taxes) of \$63,934.67 (the "**Tayar Account Balance**"). The Tayar Accounts have been reviewed and approved by the Receiver, and we understand that you have paid the Tayar Account Balance, to Tayar, from the Preserved Proceeds.

Concerns with the Revised Accounts

Scope of Redactions

While certain limited redactions have been removed, the Revised Accounts remain so heavily redacted that it is not practically possible to assess the reasonability and relevance to the Receivership Proceedings of the fees billed therein. In particular,

- 77.8 hours (\$31,674.00) of Mr. Onchulenko's time,
- 158.2 hours (\$39,550.00) of Ms. Feldman's time, and
- 2.8 hours (\$350.00) of Mr. Valgardson's time

(that is, 238.8 hours, representing \$71,574.00 in fees (the “**Redacted Fees**”)) pertain to time entries which are completely or largely redacted in the Revised Accounts. Other entries that are not redacted are limited in their descriptions inhibiting the ability to reasonably assess what the fees relate to.

The scope of the redactions remains an issue and a challenge to the Receiver in approving the Revised Accounts. The intention behind the redactions was to reasonably preserve privilege, however, the redactions still appear to go well beyond what might be expected to be necessary if the time entries in fact relate to the Receivership Proceedings. Given the admission that the accounts do not all relate to the Receivership Proceedings or may somehow relate “indirectly” to the Receivership Proceedings, and the absence of detail, the Receiver has no ability to assess the reasonableness and approve fully-redacted entries, and only a limited ability to address partially-redacted entries.

Determining the Relevance to the Receivership Proceedings

The ongoing Receivership Proceedings are essentially concerned with claimed rights and entitlements of NPL to the Net Receivership Proceeds. Accordingly, it can reasonably be expected that entries in the Revised Accounts include descriptions indicating that discussions with firms or individuals are related to or in connection therewith. A recurring issue for the Receiver is that the descriptions in the Revised Accounts are either too heavily redacted or provide insufficient details to make that assessment. The following paragraphs set out specific examples.

The evidence of NPL in the Affidavit of Greg Fenske affirmed April 28, 2021, set out that Mr. Fenske, as the sole director and officer of NPL and NEL, was actively involved in the litigation on behalf of NPL and NEL. Mr. Fenske receives \$6,500.00 a month out of the Preserved Proceeds for his director and officer’s duties performed for NPL and NEL. While there are several entries in the Revised Accounts indicating discussions/communications with M. Fenske, which is expected, given the scope of redactions and/or insufficient descriptions supporting the entries, it is unclear as to whether or to what extent such communications/discussions are, in fact, related to the Receivership Proceedings.

Similarly, it appears reasonable that the Revised Accounts include entries concerning discussions/communications with Tayar and Albert Gelman Inc. However, given the absence of sufficient details (due to redactions, insufficient descriptions), it is also unclear as to whether or to what extent such communications/discussions are, in fact, related to the Receivership Proceedings.

While NPL has denied that PJN remains connected to, or acts as controlling mind of, NPL, that is clearly not the case. Note your reference above to PJN liking to “strategize” as being a factor reflected in your accounts. The Receiver would therefore also

expect to see references in LTGLC's account to communications with PJN, although absent sufficient detail, it is unclear as to whether or to what extent such communications are, in fact, related to the Receivership Proceedings.

The Revised Accounts removed certain redactions, which revealed communications with a number of others, including:

| Name | Organization |
|----------------------|--|
| Brian Whitehead | Crown Counsel - Province of Ontario |
| Adrian Lafrate | Crown Counsel - Province of Ontario |
| Sergeant Sam Cole | Government of Ontario |
| Sergeant Melody Pegg | Government of Ontario |
| Carlos Santos | Ontario Correctional Services |
| Gulshan Sethna | Ontario Justice Video Network |
| Williamson | Government of Ontario |
| Sergeant Jones | Government of Ontario |
| William Travis | Government of Ontario |
| Richard Good | Fillmore Riley LLP |
| Farrington Yates | Kobre & Kim LLP – Disputes and Investigations |
| Ken Morris | unknown |
| Ling Luo | unknown |
| RDA | unknown |
| Biehare Agonafer | Senior Communications Coordinator at Nygard (based on March 2022 Zoom profile) |
| Stuart Blake | Fillmore Riley LLP |
| McKinney | unknown |
| Anderson | unknown |

It appears that other names remain redacted.

While the Receiver appreciates that, for example, certain interactions with individuals employed with the Toronto South Detention Centre are likely required in order to communicate with PJN, it is unclear in the circumstances which individuals are involved in facilitating meetings with PJN, and whether all such communications relate to discussions

related to the Receivership Proceedings. In respect of many of these entries, the absence of detail makes it impossible for the Receiver to assess whether these entries involving others are related to the Receivership Proceedings and are reasonable.

Your Statements and the Need for Detail

You have acknowledged that not all discussions referenced in the Revised Accounts relate to the Receivership Proceedings, and described that, other than in respect of the June Fee Reduction, LTGLC's services related "directly or indirectly" to the Receivership Proceedings. In accordance with the March 10 Judgement, time entries, relating to "discussions" or otherwise, that do not relate to the Receivership Proceedings cannot be approved. It is unclear what is meant by the services provided being "indirectly" related to the Receivership Proceedings, however, in the view of the Receiver, such services would not satisfy the intention of the March 10 Judgment.

It appears to the Receiver that time entries that do not satisfy the intention of the March 10 Judgment have been commingled in the Revised Accounts with time entries that are directly related to the Receivership Proceedings either (i) in connection with the participation of the Debtors in the court proceedings (i.e., the ability of the respondents to "mount a defence") or (ii) in respect of matters that are currently at issue in the Receivership Proceedings (for example, in regard to the Shanghai building).

We note that the Tayar Accounts (which were approved by the Receiver) contained certain redactions and did not always contain full details of the topic of correspondences or communications, or the matters being addressed. However, the Tayar Accounts provided sufficient detail so as to allow the Receiver to be satisfied that the fees had been incurred in relation to the Receivership Proceedings and were reasonable.

Respectfully, it is your responsibility to provide the Receiver with sufficient information and detail to allow the Receiver to properly assess the reasonableness of your fees and confirm their connection to the Receivership Proceedings. In past, and in connection with the approval of the accounts of the Receiver and its counsel in the Receivership Proceedings, you have referenced the need for a level of detail that enables the Court to determine that such accounts are reasonable and justifiable. It is clear that to enable the Receiver to approve your accounts, you will need to at least "approach" that level of detail and clarity such that the Receiver, the Court and other stakeholders can, in due course, be satisfied that the Receiver's approval of your accounts is warranted.

Summary of Receiver's Concerns and Information Needed

The information available to the Receiver included in the Revised Accounts is not sufficient to enable the Receiver to approve the Revised Accounts. The Receiver is an

officer of the Court and the nature and scope of its duties arise from the Orders made by the Court in the Receivership Proceedings. Therefore, it is necessary that the Receiver be provided with sufficient information to satisfy itself that the approval of fees accords with the Orders. The Receiver cannot, and will not, approve the payment of fees if such payment may constitute a breach of the Orders.

It is ultimately your responsibility to provide enough information to allow the Receiver to satisfy itself, with reasonable certainty, that your accounts satisfy the intentions of the March 10 Judgment.

The Revised Accounts remain heavily redacted and otherwise lack sufficient detail to enable the Receiver to reach a conclusion as to their relationship to the Receivership Proceedings and their reasonableness. They include references to persons whose connection to services relating to the Receivership Proceedings is unclear. Based on your own acknowledgements, the Revised Accounts contain services provided that are not related to “mounting a defence” or otherwise directly connected to the ongoing Receivership Proceedings.

As a result of the foregoing, the Receiver requires that additional information of the nature described in this letter be provided to further address the approval of your accounts.

Accounting for the Use of the Preserved Proceeds

As referred to earlier herein, we have requested that your office provide a full accounting for both the proceeds of the sale of the Fieldstone Property and the Falcon Lake Property as well as a description of how amounts had been applied to reduce the Original Accounts, in order to allow the Receiver to understand which fees needed to be approved and how the Preserved Proceeds are being applied.

On June 7, 2022, the trust ledger with respect to the Fieldstone Property (the “**June 7 Fieldstone Trust Ledger**”) for the period from August 26, 2021 to June 7, 2022 was provided, reflecting the sources and uses of the proceeds from the sale of the Fieldstone Property during that period. According to the June 7 Fieldstone Trust Ledger, as at June 7, 2022, there were remaining proceeds of \$162,841.59 from the sale of the Fieldstone Property.

On June 30, 2022, together with the June 30 Letter, you provided the second page of a “Client Accounting Ledger” for the period ending June 30, 2022, with redactions (the “**June 30 Partial Trust Ledger**”). The June 30 Partial Trust Ledger does not indicate if it relates to the Fieldstone Property, the Falcon Lake Property, or otherwise.

As noted above, the June 7 Fieldstone Trust Ledger shows remaining proceeds of \$162,841.59. The June 30 Partial Trust Ledger shows remaining proceeds of \$6,161.50.

THOMPSON
DORFMAN
SWEATMAN

Due to the redactions in the June 30 Partial Trust Ledger and the fact that page 1 of the June 30 Partial Trust Ledger is missing, it is unclear whether the balance of \$6,161.50 are Preserved Proceeds, or other funds.

To date, and despite several previous requests, our office has not received a full accounting of the application of the Falcon Lake Proceeds, and the Receiver continues to have issues reconciling the Fieldstone Property proceeds.

We, therefore, request that an updated trust ledger for both the Fieldstone Property and the Falcon Lake Property be provided immediately. The trust ledgers should provide sufficient details of the sources and uses of the respective proceeds such that the Receiver can ascertain how the Preserved Proceeds have been/are being applied.

We further request that you contact our office to discuss the Receiver's ongoing concerns regarding the Revised Accounts and work towards a resolution such that we can put and end to the time-consuming and costly review of your accounts.

Yours truly,

Attention: Bruce Taylor

Dear Sir:

RE: Nygaard Receivership and Professional Accounts

Further to your letter dated August 15, 2022, and our conversation find attached, as per your request on page 6, revised accounts which address your stated concerns.

Reformatting of accounts

With respect to the December 2021 – March 2022 bills I have redone them removing all items for which we are not making a claim. This includes non receivership items and all the communications dealing with attempting to have the criminal lawyers paid out of NPL funds. I have also removed the communications with other counsel. It is my view they were receivership related but they were relatively few, and we are not prepared to disclose what we discussed. All the redacted items relate to an individual to whom Peter Nygaard talks to on the phone and dictates emails to LTG dealing with matters directly and indirectly related to the Receivership. We respond to those emails. We consider all this communication privileged.

We communicate with Greg Fenske in his capacity as director of the respondents. To our knowledge, the respondents have no other business activity unrelated to the receivership. We do not act for Greg Fenske in his personal capacity.

Receivership issues

You have asked what we did with our clients related to the receivership. In December and the beginning of January we discussed all matters related to the December hearing and the filing into January. After Jan 10, 2022, until March 10, 2022. We presume you ask this

question because your billings were less than ours. Yours for TDS were approximately 8,000. Ours were approximately 48,000. This is unusual because usually your billings were significantly higher than ours. Our billing reflects the time we spent working on the following issues:

Reporting to our client on the litigation matters to date and review materials filed and arguments made to date.

Preparation for an anticipated appeal as was contemplated in the oral arguments and the written decision.

Communicate with the Toronto South Detention Centre (TSDC) to obtain time to communicate with our client by booking and negotiating for extended time for Judicial Video Network (JVN) and phone communication (see below for more detail).

Chinese property issues and Hong Kong issues related to the sale of the Chinese building.

Consulting on the potential consequences of a consolidation order. An example being the Hong Kong property.

Review of inter- company debts.

Review tax consequences of potential results of contested motion.

After March 10 we worked on the three contested motions in the Court of Appeal and the Appeal materials. The first dealing with leave to file a Notice of Appeal heard May 5th. The Second to amend the Notice of Appeal. The third to request permission to file a longer factum and to file the Appeal book digitally. A 44-page factum was filed with these materials. The later two motions were to be heard at the end of June but were adjourned to August 10 because the court was not able to hear us on the June date. The 30-page factum and appeal book had to be filed by August 17 and the book of authorities a week later.

Access to Mr. Nygard

There is difficulty communicating with Mr. Nygard because of his incarceration in Toronto. We need to consult with Mr. Nygard for what I hope is obvious reasons, but if not, it is because he is the sole shareholder of NEL who owns NPL who would be the main benefactor of the ongoing litigation. Since his move to Toronto, we have been unable to get timely and adequate access. While the access has improved significantly over time it remains inadequate.

The following names are TSDC representatives.

Whitehead counsel for TSDC

Iafrate counsel for TSDC

Santos is a manager a TSDC one level higher than a Sargent

The Sergeants (Cole, Pegg, Jones) are supervisors

Williamson and Travis are guards

RDA is the government entity that runs the Judicial Video Network (JVN) which is a private/closed Ontario government version of Zoom.

Sethna is the person who trains lawyers on how to use the JVN

Good and Blake are former counsel of the respondents at Filmore Riley

Yates, Morris, and McKinney are lawyers
Anderson and Trotter are accountants
Agonafer is a communications coordinator
Ling Luo is a translator/consultant we use on the Chinese building sale.
Tracy Lui and Crystal Chu work for a law firm in Hong Kong helping with the sale of the Chinese building.
Dave and Lloyd are IT consultants.

When Peter was first moved to TSDC he was only allowed to have a JVN with Ontario counsel for a maximum 20 minutes per day. He could only be called. He could not call out. If you called and if a phone and a guard were available, you could we talk to him. We could also make in person appointments.

Our instructions were and are to secure the same access he had at Headingly which was phone access for approximately 12 hours a day and two hours of JVN (the Manitoba equivalent) each day.

We eventually had TSDC agree to have all legal counsel, regardless of where they had their call, to be able to use the JVN System. Originally, they only allowed 20 min a day. Then 50 min a day. By Jan of 2022 it had moved to 50 min weekdays and 100 min weekends. We are still trying to increase the weekday time and are still trying to get increased phone time which increased to 1 hour and then to 4 hours a day. We have threatened a motion and have done work putting together material for an affidavit. It is our position he is been denied his right to counsel. On more than one occasion we have not had time to fully update him on the legal issues before the court and consult and give him an opportunity to read the material. He has trouble seeing so he reads slowly and the JVN is his opportunity to read and ask questions and consult. On several occasions we're have had to go over the material with him after the hearing.

We also communicate with TDSC when: they do not bring him to the JVN on time and we want them to give us the allotted time; the link does not work; we can not hear him; they must bring him documents to sign. These problems arise regularly.

They have a policy of not allowing us to book JVN times more than 5 days in advance. If you do not book 5 days in advance you can sometimes not get the time you want or any time.

We sometimes must change lawyers depending on priorities so we must contact TDSC to change who will be on the link.

When we ask them to change a protocol or policy we are required to deal directly with their counsel.

As we have earlier set out how our time is spent over the length of the file, it is a fraction of the time spent by the receiver's counsel. We do not have a recent report, but one can extrapolate from their previous accounts.

Reconciliation of accounts

You have approved Mr. Tayer's accounts. There are no further unpaid Tayer accounts to date.

We have not paid out Mr. Tayer's account. Mr. Tayer is waiting to see the result of our discussions and our meeting with the court.

The amount outstanding on our November account is as you have set out in your letter.

The amount being claimed for December is as set out in the attached December account and the same applies for each separate account for the following months.

The monies paid from non NPL funds will be used to pay the portion of accounts no longer found in the Dec – Mar. accounts.

Our discussions with Albert Gelman only relate to the receivership activities. The discussion with Tayer and associates that are billed in these accounts only relate to receivership activities of which we have described above.

Ledgers

Attached find an updated ledger on 40 Fieldstone. The only withdrawals have been to pay the 6500 monthly fees to Mr. Fenske. The balance remaining is now \$149,841.59.

The 6161.50 are not preserved proceeds funds. They are funds from a different source deposited to pay for certain anticipated disbursements.

The updated accounting of the Falcon Lake proceeds is attached. The \$10,430.07 are NPL preserved proceeds.

We would respectfully request you authorize our transfer of the remaining preserved funds approximately \$160,000 to pay a portion of our outstanding accounts and unless you have further questions, we would ask you to approve the remainder of our outstanding accounts.

Attention: Bruce Taylor and Melanie Labossiere

Dear Sir:

RE: Nygaard Receivership and Professional Accounts

Please find enclosed herewith the bills for December 2021 through August 2022.

These accounts reflect work done for the respondents and directly related to the receivership. They are different from the original bills which contain work done for the respondents and directly and indirectly related to the receivership. The time contained in the accounts are at the regular hourly rates of the lawyers involved.

We have added to the accounts numbers at the end of each itemized work-related timeline. These numbers describe the topic of the work product and are described hereinafter.

- #1 Communications with counsel for the Receiver and counsel for other opposite parties. Communications with the Court. The Receiver's counsel was a party to all of these communications.
- #2 Not used
- #3 All communications with Toronto South Detention Centre (TSDC) and its administrators.

The judicial video network (JVN) is a Ontario Government proprietary communication software program that works much like either ZOOM or TEAMS. Inmates are allowed to book video meetings with their legal counsel. They are

only able to book meetings with legal counsel. The software allows for the sharing of documents as is the case for viewing documents onscreen.

Initially only Ontario counsel were able to use the network. We were able to negotiate expanding this policy to all recognized legal counsel regardless of where they practice.

TSDC has a policy that one is not allowed to book JVN's more than five days in advance. Sometimes they allow you to book further in advance. On other occasions they will not let you book five days in advance. The reasoning for their position is other inmates might require the time and it is a first come, first served booking system. On numerous occasions we had asked them to give us a regular time each day. They have refused. When we book we ask for the same time for each day. When that time is not available we have to have further communications to arrange alternate times. Sometimes when times are booked they write back and indicate they must be changed for a variety of reasons. Those reasons can include changes in mealtime, other appointments scheduled by TSDC for Mr. Nygard and a variety of one-off situations. When the JVN's have to be cancelled on short notice, or no notice, they then once again have to be rearranged. The result is weekly, and sometimes daily communications with TSDC as it relates to JVN's. Mr. Nygard has daily JVN's. We book the JVN's for both our office and Tayar and Associates. Other counsel book their own JVN's.

Mr. Nygard also has four hours of dedicated telephone time between approximately 9:30 and 1:30 each day. Sometimes this telephone time is disrupted and we have to communicate to rebook the time. During this telephone time he often speaks with third parties who provide instructions to my firm and Mr. Tayar's firm with respect to the receivership which instructions we respond to and carry out. One of the people he talks to, who in turn emails or calls us, is Greg Fenske. He also contacts our office by phone directly.

When he was incarcerated at the Headingley Correctional Centre (HCC) facility he was allowed to have telephone access for approximately eleven hours a day. He was also allowed to have two hours of the equivalent of JVN time per weekday and three hours on the weekends (each day). This was an adequate amount of time to conduct his business. When he was moved to the TSDC he was initially not allowed any phone time other than when a call was made to him and twenty minutes of JVN time per day when available. Gradually we were able to negotiate increased phone time and increased JVN time so that by the beginning of January 2022 he was granted the four hours of phone time per day and one hour of JVN time per day and two hours of JVN time on each weekend day. We have continued to argue for an equivalent amount of time as was afforded at HCC. They have continued to refuse. We have been in the process of putting together an application to Court to have the Court order an increased amount of access to his phone and JVN to the equivalent of what he obtained at HCC because on numerous occasions he has not been able to fully receive advice and give instructions.

By way of explanation in this regard Mr. Nygard uses the JVN's to read materials as they are being prepared and when they are completed so that he can ask questions about them and give instructions. Mr. Nygard is 81 years old, has failing eyesight and failing health and so this process is slow. He finds it difficult to fully understand documents when they are read to him. He wants to be fully engaged in all of his legal proceedings, be they related to himself personally or related to the companies which he owns by virtue of being the sole shareholder. On more than one occasion he has not been able to completely review documents prior to hearings. It is for this reason he likes to anticipate hearings that will be litigated in the future and prepare for that litigation in advance. Examples of this include the Consolidation Hearing and Appeals and the building in China.

As it relates to his telephone time and JVN's on a weekly basis there are problems with: him being brought to the JVN meetings; to the equipment not working; and to him losing part or all of a day's meeting time. There are resulting communications about making that time up during the same day or on a different day on a regular basis. There are also communications with the administration about changing their policy in terms of how JVN's are booked and the amount of time afforded to Mr. Nygard.

A typical JVN involves first confirming who will be in attendance at the JVN for the next day and if that is not someone from the writer's office, when the next attendance is with this writer's office. At the end of the JVN, the last thing done is confirming when the writer's office will next have a JVN and those items that Mr. Nygard would like to discuss at that JVN.

After that is completed, usually an update is given on what is happening with the receivership and then we move to what documents he would like to review in that regard. This could either include emails or materials that had been filed by one side or the other or materials that are being prepared for the next receivership process. The majority of most JVN's involve the review of documents.

- #4 All matters dealing with the selling of a building in Shanghai. The collection of documents proving ownership. There is dispute as to if this building is ultimately owned by Nygard or NPL. There is also a concern that when and if the building is able to be sold whether there will be an ability to transfer the proceeds out of China.
- #5 To all matters dealing with the calculation of the Nygard inter-company debts and the contributions made by Mr. Nygard personally to the finances of these companies and what impact that would have or could have on NEL and NPL.
- #6 To all matters dealing with the potential tax consequences of the results of the litigation including settlement discussions and a Consolidation Order or NEL and NPL not being part of a Consolidation Order of bankruptcy and how money could be dealt with if paid to NPL.
- #7 All matters dealing with a potential Consolidation Order or how to proceed if there was not a Consolidation Order. You will recall the judge predicated an appeal by

one side or the other at the December hearings. All matters dealing with the appeal of Consolidation Order or a judgment where there was no Consolidation Order. All matters dealing with the appeal including the three pre-appeal contested motions dealing with:

- 1) an extension of time to file the Notice of Appeal;
- 2) amending the Notice of Appeal;
- 3) the request to have a Factum in excess of thirty pages in length and to file the Appeal Book in a digital form

including all preparation of materials which included preparing the 45 page Factum to be reviewed by the Court and then the 30 pages Factum for the Court; to preparation of the Appeal Book and the Book of Authorities; to preparation of the Notice of Motion, Affidavits in support and Briefs with respect to the three contested motions and attendance at Court to argue the motions and preparation of Orders subsequent to the motions and communications with client, opposite counsel and co-counsel with respect to all of the above and reviewing same with client and obtaining instructions. All administrative communications with staff to prepare materials and dealing with IT personnel with respect to the transfer of documents when we move to Microsoft 365.

- #8 To all communications with respect to director's fees.
- #9 To all communications involved in review of the assets of the respondent companies, how they would be affected by an Order of Consolidation and what assets are owned by those respondent companies and which assets are not owned by the respondent companies what assets are owned by the other non-respondent companies in the Nygard Group of Companies and Mr. Nygard and preparation of a list of assets which are included and excluded from ownership with respect to the respondent companies and collection of documentation to prove same. To that same review with respect to the respondent companies vis-à-vis Nygard Enterprises Ltd. and Nygard Properties Ltd.
- #10 To all matters dealing with the December contested hearing and documents filed subsequent to the December hearing related to the December hearing including all preparation of materials, review of materials from the Receiver, attending at the hearings and preparing materials after the hearings; reviewing materials with clients, answering questions, giving advice, obtaining instructions.
