Attention! Courriel externe | External Email

Motion to extend the time to file a proposal period/stay to November 22, 2020 and for an administration charge of \$150,000 proceeded before me today by Zoom. The motion is unopposed.

I am satisfied that the order should be granted and have signed and attached it to this email. The order is effective from today's date and is enforceable without the need for entry and filing.
