I. INTRODUCTION

1. Pursuant to an application by Third Eye Capital Corporation ("**Third Eye**" or the "**Lender**") under section 243(1) of *Bankruptcy and Insolvency Act*, R.S.C. 1985, c. B-3, as amended, and section 101 of the *Courts of Justice Act*, R.S.O. 1990 c. C.43, as amended, Richter Advisory Group Inc. was appointed as Receiver ("**Richter**" or the "**Receiver**") without security over all the assets, undertakings and properties (the "**Property**") of Ressources Dianor Inc. / Dianor Resources Inc. ("**Dianor**" or the "**Company**") by way of an order (the "**Appointment Order**") of the Ontario Superior Court of Justice (Commercial List) (the "**Court**"), dated August 20, 2015 (the "**Date of Appointment**"). A copy of the Appointment Order is attached hereto as **Appendix "A"**.
2. On October 7, 2015, the Court granted an order approving, among other things, a sale process (the "**Bid Process**") to be carried out by the Receiver and authorizing the Receiver to take such steps as it deems necessary to carry out the Bid Process. A copy of the Bid Process approval order is attached hereto as **Appendix "B"**.
3. This report is the Receiver's second report (the "**Second Report**") filed with this Court in connection with these receivership proceedings. The Receiver's first report dated October 1, 2015 (the "**First Report**") provided background information on the Company and its mineral properties, described the activities of the Receiver since the Date of Appointment and set out the terms of the Bid Process to be undertaken by the Receiver. A copy of the First Report (without attachments) is attached hereto as **Appendix "C"**.

II. PURPOSE OF REPORT

4. The purpose of this Second Report is to provide this Court with information pertaining to:
 - (a) the results of the Bid Process;
 - (b) the terms of the purchase agreement dated November 23, 2015 and accepted on December 11, 2015 (the "**Purchase Agreement**") executed by the Receiver and Third Eye (in such capacity, the "**Purchaser**") for the sale of substantially all of Dianor's Property (the "**Transaction**"), as amended by the Amending Agreement (as defined below);¹
 - (c) the activities of the Receiver since the date of the First Report; and

¹ Capitalized terms used herein but not otherwise defined shall have the meaning ascribed thereto in the Purchase Agreement.

- (d) the Receiver's recommendation with respect to its motion for an order(s) of the Court, among other things:
- (i) approving the Purchase Agreement, the Amending Agreement, and the Transaction and authorizing and directing the Receiver to carry out the terms of the Purchase Agreement and to execute such documents and take such additional steps as are necessary to complete the Transaction;
 - (ii) vesting in the Purchaser, as at Closing, all of Dianor's right, title, and interest, if any, in and to the Sale Assets, free and clear of all Liens, other than Permitted Encumbrances, and authorizing and directing the Receiver to distribute certain amounts to Essar Steel Algoma inc. ("**Essar**") and the holders of the 235Co GORs (as defined below) in respect of the Ontario Project Royalties; and
 - (iii) approving this Second Report, and the actions, activities and conduct of the Receiver set out herein.

III. **QUALIFICATIONS**

5. In preparing this Second Report, Richter has relied upon unaudited financial information, the Company's limited and potentially dated books and records, information provided by the Lender and its legal counsel, and financial information prepared by the Company and discussions with the Lender and its legal counsel (collectively, the "**Information**").
6. In accordance with industry practice, except as described in this Second Report:
- (a) Richter has not audited, reviewed, or otherwise attempted to verify the accuracy or completeness of the Information in a manner that would comply with Generally Accepted Assurance Standards pursuant to the Canadian Institute of Chartered Accountants Handbook; and
 - (b) future-oriented financial information relied upon in preparing this Second Report is based on management's assumptions regarding future events. Actual results achieved may vary from this information and these variations may be material.

7. As described in the First Report, Dianor is currently not an active company and the Receiver understands that the Company has no remaining employees, management personnel or board members. As a consequence, the Receiver has had to rely on the Company's limited and dated books and records that were made available to it by Third Eye, as well as the public filings made by Dianor while it was active (copies of which are available on www.sedar.com).
8. Unless otherwise noted, all monetary amounts contained in this Second Report are expressed in Canadian dollars.

IV. BACKGROUND

9. As detailed in the First Report, Dianor's assets consist primarily of mining claims located on the Superior Craton, a geological area underlying the James Bay region of Ontario and Quebec. The Company's flagship diamond project is located near Wawa, Ontario, and consists of 16 unpatented and 34 patented mining claims (the "**Ontario Project**").
10. With the exception of one patented mining claim, the patented claims relating to the Ontario Project appear to be in respect of mining rights only. The surface rights for those patented claims appear to be held by either 1778778 Ontario Inc. ("**177Co**") or 2350614 Ontario Inc. ("**235Co**"), each being a company that the Receiver understands is owned or controlled by the original prospector, Mr. Joseph Leadbetter ("**Leadbetter**").
11. The Receiver understands that Dianor has granted a number of royalties relating to the Ontario Project, as follows:
 - (a) a 20% gross overriding royalty ("**GOR**") for diamonds, which the Receiver understands was reduced to 15.44% on September 29, 2011 based on Dianor's public filings, and a 1.5% GOR for all other metals and minerals, in each case in favour of 235Co (recorded on the mining claim abstracts for the unpatented claims and the parcel registers for the patented claims) (together, the "**235Co GORs**"); and
 - (b) a 10% royalty for all minerals in favour of Algoma Steel Inc., which subsequently became Essar (the "**Essar Royalty**") and together with the 235Co GORs, the "**Ontario Project**".

Royalties"). The Essar Royalty is only recorded on the parcel registers for the patented claims.

12. Dianor also owns 48 mining claims located in Quebec (the "**Quebec Claims**"). It was initially contemplated in the Purchase Agreement that Third Eye would acquire the Quebec Claims as part of the Transaction, however, upon further consideration, and as reflected in the Amending Agreement discussed below, Third Eye has determined to exclude the Quebec Claims from the acquisition, without adjustment of the purchase price.

V. **RESULTS OF THE BID PROCESS**

13. As noted in the First Report, the Bid Process provided a means for testing the market, gauging interest in the Company and/or its Property, and determining whether a transaction that would result in a recovery to Dianor's creditors was available.

14. A summary of the Bid Process and its results are as follows:

- (a) the Receiver assembled an electronic data room (the "**Data Room**"), which contained corporate, financial and information relating to Dianor's mining claims, to assist prospective purchasers in completing their primary due diligence;
- (b) beginning on October 9, 2015, the Receiver canvassed and sent a teaser document to a total of 39 prospective interested parties, which included Leadbetter (the "**Interested Parties**"), to advise of the opportunity to acquire the assets of the Company, of which 38 were prospective strategic buyers and 1 was a prospective financial buyer. Of the 39 parties contacted, 7 expressed interest but ultimately only 1 of the Interested Parties executed a confidentiality agreement to obtain access to the Data Room;
- (c) on November 17, 2015, the Receiver deposited a form of template asset purchase agreement in the Data Room on which interested Parties were required to submit binding offers (the "**Offers**");
- (d) on November 19, 2015, Third Eye delivered a notice (the "**Participation Notice**") to the Receiver pursuant to the procedure in paragraph 29 of the First Report, advising of its

intention to present an Offer and therein acknowledging it would be subject to the Bid Process as an Interested Party;

- (e) Interested Parties were required to submit Offers to the Receiver by 5pm EST on November 23, 2015 (the "**Bid Deadline**"). In total, two (2) Offers were received prior to the Bid Deadline, one from a third party and the other from Third Eye. A summary of the material terms of the Offers received will be filed separately with the Court on a confidential basis and will be subject to a request that such summary be sealed in the Court file pending closing of the Transaction or further order of the Court. The Receiver notes both Offers received contained a condition requiring the termination or significant reduction of the Ontario Project Royalties. Filed with this Court on a sealed and confidential basis as **Confidential Appendix "1"** is a summary of the material terms of the Offers received;
- (f) based on the Offers submitted to the Receiver, the Receiver elected not to hold an auction under the Bid Process and advised the two offerors accordingly on November 26, 2015; and
- (g) the Receiver, in consultation with its legal counsel, reviewed the two Offers received and concluded that the Offer received from Third Eye was the superior Offer. As a result, the Receiver, Third Eye, and their respective counsel, engaged in discussions with respect to certain terms of the Third Eye Offer that resulted in the execution of the Purchase Agreement. A copy of the Purchase Agreement is attached hereto as **Appendix "D"**.

VI. PROPOSED TRANSACTION

15. A summary of the key aspects of the Purchase Agreement are described below:

- (a) the Purchaser has offered to purchase the right, title and interest of Dianor in and to the Sale Assets, which constitutes substantially all of the Company's Property and business, other than the Excluded Assets (which now includes the Quebec Claims), for a purchase price consisting of the aggregate of \$2.0 million (the "**Credit Bid Amount**") and the amount of \$400,000, payable in cash, which is to be allocated and distributed, subject to and upon

the direction of the Court, to the holders of the Ontario Project Royalties as follows: \$150,000 to Essar, and \$250,000 to the holder of the 235Co GORs (as described in greater detail below);

- (b) the Purchaser was not required to provide the Receiver with a deposit in connection with the Transaction pursuant to paragraph 29 of the First Report;
 - (c) the Transaction is scheduled to close two (2) business days after the Court issues an order in the scheduled form approving the Purchase Agreement and the Transaction, and in any event, no later than January 31, 2016 ("**Closing**"), unless Closing is extended by mutual agreement of the parties. The Receiver and Third Eye have agreed to extend the Closing until August 31, 2016; and
 - (d) the Sale Assets are to be acquired on an "as is, where is" basis, but subject to an order of the court vesting the Sale Assets in the Purchaser free and clear of all monetary claims and encumbrances (other than Permitted Encumbrances), including the Ontario Project Royalties.
16. The Credit Bid Amount represents a portion of the secured indebtedness owed by Dianor to Third Eye. The Receiver understands Dianor's secured obligations owed to Third Eye, including penalties and interest, amount to approximately \$6.9 million as at July 4, 2016 (the "**Third Eye Indebtedness**").
17. The Purchaser will satisfy the purchase price on Closing in part by (i) providing a credit in the amount of the Credit Bid Amount against Dianor's obligations under the Third Eye Indebtedness, such that the Third Eye Indebtedness will be permanently reduced by the Credit Bid Amount; (ii) as discussed in more detail below, in addition to the Credit Bid Amount, by paying in cash the amount of \$400,000, and (iii) by the assumption of the Assumed Liabilities (as defined in the Purchase Agreement). The Purchaser will also fund an amount in cash sufficient to pay the Professional Fees (as defined in the Purchase Agreement) upon Closing.

VII. THE ONTARIO PROJECT ROYALTIES

18. The Ontario Project Royalties are each in respect of diamonds or other metals or minerals that are *extracted from the Ontario Project*. Under the terms of the Ontario Project Royalties, no amount is payable by Dianor to the royalty holders unless the Ontario Project becomes a producing mine. The Ontario Project is the most advanced of the mining claims held by Dianor (in early October 2009 Dianor filed in a National instrument 43-101 compliant independent technical report for the Ontario Project), however, it remains an early stage diamond project without any development or mine infrastructure in place. As noted in the recommendations of the 43-101 compliant independent technical report, the Ontario Project will require investments of at least \$32 million to fund a bulk sampling program to advance exploration, and determine economic feasibility of the Ontario Project before it has the potential to become a producing mine.
19. Each of the Offers received in the Bid Process contained a condition requiring termination or substantial reduction of the Ontario Project Royalties.
20. As noted above, the Purchase Agreement is conditional on the Court issuing an order approving the Purchase Agreement and the Transaction and, upon closing, vesting in the Purchaser all of Dianor's right, title and interest in and to the Sale Assets, free and clear of all liens and encumbrances (other than Permitted Encumbrances), including the Ontario Project Royalties.
21. The Receiver is of the view that the Transaction represents the best recovery for Dianor's Property in the circumstances and is therefore seeking the Court's approval of the Purchase Agreement and the Transaction.
22. As evidenced by the fact that only two bids were received (one from the secured lender who has an existing vested interest in the Sale Assets and one from a third party) both of which require, as a condition of their respective bids, the elimination or significant reduction of the Ontario Project Royalties, it is the Receiver's view that the current combined royalties (25%) have the effect of eroding the potential value, both currently and in the future, of the Sale Assets, especially given that said royalty percentages appear to be significantly above levels that are generally seen in similar situations.

23. Based on the results of the Bid Process and the quantum of its indebtedness, Third Eye is the only party with a present economic interest in the property of Dianor. The Receiver is not aware of any legislative provision or applicable jurisprudence that would prohibit the making of an Order vesting the Purchased Assets free of the Ontario Project Royalties.
24. As discussed below, Essar has consented to the making of an Order vesting the Ontario Project free of the Essar Royalty. The Receiver intends to serve Essar with notice of this motion.
25. Discussions with 235Co with respect to a consensual alternative have been unsuccessful and the Receiver understands 235Co objects to the vesting of the Ontario Project free of the 235Co GORs. Seeing as they are the only two parties with an interest in the issue, the Receiver intends to serve Third Eye and 235Co with notice of this motion so that they may appear and argue the matter of vesting the Ontario Project free of the 235Co GORs on their own behalves.

The 235Co GORs

26. The 235Co GORs appear to be in respect of both the patented and unpatented mining claims relating to the Ontario Project and have been recorded on the mining claim abstracts for the unpatented claims and the parcel registers for the patented claims (with the exception of one patented claim bearing parcel register PIN 31158-0129). A copy of one of the mining claim abstracts for the unpatented claims and one of the parcel registers for the patented claims is attached hereto as **Appendix "E"**. The Receiver has reviewed the remaining mining claim abstracts and parcel registers relating to the Ontario Project and confirms that the 235Co GORs have been recorded on each (with the exception of one patented claim bearing parcel register PIN 31158-0129).
27. The 235Co GORs in respect of the unpatented mining claims appear to have been granted pursuant to a Property Option Agreement dated December 15, 2004 (the "**Property Option Agreement**") among Dianor, as Optionee, and 3814793 Canada inc. ("**381Co**") and Paulette A. Mousseau-Leadbetter ("**Paulette**"), together as Optionors, as amended by an Amendment to Property Option Agreement dated December 15, 2004 (the "**Amendment to Property Option Agreement**" and together with the Property Option Agreement, the "**Unpatented Claims Option Agreement**"). The Receiver understands that 381Co is owned or controlled by Leadbetter.

28. The 235Co GORs in respect of the patented mining claims appear to have been granted pursuant to a Property Option Agreement dated February 23, 2005 between Dianor, as Optionee, and 381Co, as Oplonor (the "**Patented Lands Option Agreement**").
29. The Unpatented Claims Option Agreement and the Patented Lands Option Agreement were each *amended pursuant to the terms of an Amendments to Property Option Agreements dated July 30, 2005* among Dianor, as Optionee, 381Co and Paulette, together as Optionors, and Leadbetter and Diamond Lake Mining Ltd. ("**Diamond Lake**") (the "**Amendments to Property Option Agreements**").
30. The Unpatented Claims Option Agreement was further amended by an Amendment to Leadbetter Property Option Agreement [Crown Land] dated August 25, 2008 among Dianor, as Optionee, and 381Co and Pauiette, together as Optionors (the "**Amendment to Leadbetter Property Option Agreement [Crown Land]**"), which includes as Schedule "A" the most recent terms and conditions of the 235Co GORs in respect of the unpatented mining claims.
31. The Patented Lands Option Agreement was further amended by an Amendment to Leadbetter Property Option Agreement [Patented Lands] dated August 25, 2008 (and executed November 27, 2008) among Dianor, as Optionee, and 381Co and Pauiette, together as Optionors, (the "**Amendment to Leadbetter Property Option Agreement [Patented Lands]**"), which includes as *Schedule "A" the most recent terms and conditions of the 235Co GORs in respect of the patented mining claims.*
32. The Amendment to Leadbetter Property Option Agreement [Crown Land] and the Amendment to Leadbetter Property Option Agreement [Patented Lands] are substantially similar and contain the most recent terms and conditions of the 235Co GORs, including among other terms, the following:
 - (a) the Optionors are entitled to a GOR equal to 20% (which the Receiver understands was subsequently reduced to 15.44%) (*less the percentage interest in the mining claims, if any, the Optionors have then acquired pursuant to a Ten Percent Purchase Agreement (the Receiver understands that no additional interest in the mining claims has been acquired pursuant to the Ten Percent Purchase Agreement)*) of the value of all diamonds that are

recovered or produced from the mining claims, excluding any by-products or tailings that remain after the extraction and processing process; and

(b) the Optionors are entitled to a royalty interest of 1.5% of the revenue received by the Optionee from arm's length purchasers for all other minerals recovered from the mining claims (or the fair market value of such minerals if sold to persons not dealing at arm's length with the Optionee).

33. in addition, the Amendment to Leadbetter Property Option Agreement [Crown Land] and the Amendment to Leadbetter Property Option Agreement [Patented Lands] each include a provision stating that "it is the intent of the parties hereto that the GOR shall constitute a covenant and an interest in land running with the Property and the Mining Claims and all successions thereof or leases or other tenures which may replace them, whether created privately or through governmental action, and including, without limitation, any leasehold interest."
34. The rights and interests of 381Co and Pauiette in the 235Co GORs appear to have been assigned to 177Co pursuant to two Assignment of Agreements (one in respect of the patented mining claims and the other in respect of the unpatented mining claims), in each case dated June 26, 2009 (the "**Assignment of Agreements**").
35. 177Co appears to have sold its interest in the 235Co GORs to 235Co pursuant to a Purchase Agreement dated January 1, 2013 (the "**235Co GORs Purchase Agreement**"), between 177Co, as Vendor, and 235Co, as Purchaser.
36. The Unpatented Claims Option Agreement, the Patented Lands Option Agreement, the Amendments to Property Option Agreements, the Amendment to Leadbetter Property Option Agreement [Crown Land], the Amendment to Leadbetter Property Option Agreement [Patented Lands], the Assignment of Agreements and the 235Co GORs Purchase Agreement are collectively attached hereto as **Appendix "F"**.
37. Leadbetter, the principal of 235Co, was notified of the Bid Process and was included on the Receiver's list of interested Parties.

38. Subsequent to the Bid Deadline and since executing the Purchase Agreement, the Receiver and Third Eye have each engaged in discussions with Leadbetter, and his/235Co's legal counsel, with respect to a possible consensual alternative to a Court-ordered vesting of the Ontario Project free of the 235Co GORs. To date a mutually acceptable alternative has not been arrived at.

The Essar Royalty

39. The Essar Royalty appears to be in respect of the patented claims only relating to the Ontario Project and appears to have been recorded as a Notice of an Unregistered Estate, Right, interest or Equity on the parcel registers for the patented claims (with the exception of one patented claim bearing parcel register PIN 31158-0129). A copy of one of the parcel registers for the patented claims is attached hereto as **Appendix "G"**. The Receiver has reviewed the remaining parcel registers relating to the Ontario Project and confirms that the Essar Royalty appears to have been recorded on each (with the exception of one patented claim bearing parcel register PIN 31158-0129).
40. The Essar Royalty appears to have been granted pursuant to a Royalty Agreement dated March 1, 2005 between Algoma Steel Inc., as Vendor, and 381Co, as Purchaser (the "**Essar Royalty Agreement**"). A copy of the Essar Royalty Agreement is attached hereto as **Appendix "H"**. The Receiver understands that the Essar Royalty Agreement was subsequently amended to include mining claims SSM 15445 (PIN 31158-0166) and SSM 21171 (PIN 31158-0160) as being subject to the Essar Royalty. The Receiver was not able to obtain a copy of the amendment to the Essar Royalty Agreement to independently confirm that these two mining claims are subject to the Essar Royalty. However, based on the Receiver's review of the Company's public disclosure, the parcel registers for the patented claims, and other documents provided to the Receiver by Third Eye, it appears that these two mining claims were subsequently included as part of the Essar Royalty.
41. Pursuant to the Essar Royalty, the Vendor reserved unto itself, its successors and assigns, a royalty equal to 10% of all Minerals (as defined in the Essar Royalty) mined, extracted, produced or otherwise recovered from the Mining Property (as defined in the Essar Royalty Agreement) which shall, at the sole option of the Vendor, be satisfied either (i) by delivery to the Vendor of the physical Minerals in kind (in refined form and free and clear of encumbrances) having a fair market

value equal to 10% of the Minerals so mined, extracted, produced or recovered, or (ii) by the payment to the Vendor of 10% of the amount of all sales of Minerals mined, extracted, produced or otherwise recovered from the Mining Property or other product derived therefrom.

42. The Essar Royalty states that "the interest of the Vendor hereunder is intended to constitute an interest in the Mining Property and be binding upon all subsequent owners, mortgagees and tenants of, and others acquiring an interest in, the Mining Property."
43. Since executing the Purchase Agreement, Third Eye has engaged in discussions with Essar with respect to a possible consensual alternative to a Court-ordered vesting of the Ontario Project free of the Essar Royalty.
44. The Receiver understands that, as a result of those discussions, Essar has agreed to consent to (a) the bringing of this motion notwithstanding the stay in its *Companies' Creditors Arrangement Act* proceedings, and (b) the making of an Order by the Court vesting the Sale Assets free of the Essar Royalty in exchange for a cash distribution from the sale proceeds in the amount of \$150,000 (the "**Essar Payment Amount**").

VIII. THE PURCHASE AGREEMENT AMENDMENT AND DISTRIBUTIONS TO ROYALTY HOLDERS

45. The Receiver understands that the resolution with Essar, in particular the quantum of the Essar Payment Amount, is based upon a valuation report in respect of the Ontario Project and the Ontario Project Royalties dated May 5, 2016 prepared by Roscoe Postie Associates inc. for Third Eye (the "**RPA Valuation Report**"). In the RPA Valuation Report RPA expressed the opinion that, based upon the analysis, assumptions and qualifications contained in the RPA Valuation Report, as at March 31, 2016 the Essar Royalty has an estimated value range of \$70,000 to \$140,000 and the 235Co GORs have an estimated value range of \$150,000 to \$310,000.
46. To give effect to the Essar resolution, and having exhausted efforts to negotiate a consensual alternative to a Court-ordered vesting of the Ontario Project free of the 235Co GORs, the Receiver and Third Eye executed an amendment to the Purchase Agreement dated August 4, 2016 (the "**Amending Agreement**") pursuant to which the Purchase Agreement was amended to increase the Purchase Price to provide for a cash payment in the amount of \$400,000, to be distributed

upon Closing, subject to and pursuant to the direction of the Court, to the holders of the Ontario Project Royalties as follows: (a) \$150,000 to Essar and (b) \$250,000 to the holder of the 235Co GORs, or as it may direct.

47. The Amending Agreement also (i) removed the Quebec Claims from the list of Mining Claims and Sale Assets; (ii) extended the outside date for Closing to August 31, 2016; and (iii) amended certain schedules to the Purchase Agreement, as follows:
 - (a) Schedule 7.2 - Professional Fees was amended to reflect updated estimates;
 - (b) Schedule 11.1 - Form of Approval and Vesting Order was amended to delete provisions specific to the Quebec Claims and to add language (i) authorizing and directing the Receiver to distribute the aforesaid amounts to Essar and the holder of the 235Co GORs; (ii) approving the Second Report and the activities of the Receiver; and (iii) permitting the Purchaser to use and occupy such part or parts of the surface rights of the Sale Assets, subject to requirements under the *Mining Act*.
 - (c) Schedule 14.4 - Quebec Claims was deleted in its entirety.
48. A copy of the Amending Agreement is attached hereto as **Appendix "I"**.
49. The purchase price was not reduced or otherwise modified to account for the removal of the Quebec Claims from the Sale Assets.
50. The Receiver has been provided with a copy of the RPA Valuation Report. The additional amount that the Purchaser has agreed to pay for distribution to the holder of the 235Co GORs is above the mid-point of the range of value attributed to the 235Co GORs in the RPA Valuation Report. The Receiver understands that Third Eye will be filing an affidavit containing a copy of the RPA Valuation Report in connection with the Receiver's herein motion.
51. in the absence of a mutually agreeable alternative to a vesting of the Ontario Project free of the 235Co GORs, the \$250,000 additional payment agreed to by the Purchaser for distribution to the holder of the 235Co GORs upon Closing is, in the view of the Receiver, a reasonable resolution

that will allow the completion of the Transaction which, as noted above, represents the highest and best offer received in the Bid Process.

IX. OTHER POTENTIALLY INTERESTED PARTIES

Personal Property Security Registrants

52. Fasken Martineau DuMoulin LLP ("**Faskens**"), independent counsel to the Receiver in this matter, has conducted a search of registrations made against Dianor pursuant to the (Ontario) *Personal Property Security Act* and the (Quebec) *Register of Personal and Movable Real Rights* as of December 14, 2015 and December 16, 2015, respectively. Attached hereto as **Appendix "J"** are copies of the search results.
53. In Ontario, there are registrations in favour of Third Eye and 235Co.
54. In Quebec, there are registrations in favour of Third Eye, Banque Royale du Canada, Agence de Revenu du Québec (Ministre du Revenu du Québec), and Sa Majesté du Chef du Canada (Ministre du Revenu du Québec):
 - (a) the registration in favour of Banque Royale du Canada, under number #09-0272752-0001 filed on May 13, 2009 represents the registration of a movable hypothec without delivery granted by Dianor to Banque Royale du Canada, over specific guaranteed investment certificates (the "**CPG Certificates**") as well as over certain specific receivables and claims, for an amount of \$379,500.00;
 - (b) the registration in favour of Sa Majesté du Chef du Canada (Ministre du Revenu du Québec), under number 12-0645450-0001 filed on August 8, 2012 represents the registration of a legal hypothec with respect to a claim under a judgment from the Federal Court of Canada dated June 27, 2012 (File #GST-4852-12), which appears to be in respect of unpaid federal sales taxes (GST) for the years 2011 and 2012 in the initial amount of \$56,467.18 (plus penalties and interest). The secured assets appear to represent the CPG Certificates valued at \$330,000.

- (c) there are three registrations in favour of Agence de Revenu du Québec (Ministre du Revenu du Québec):
 - (i) registration of a legal hypothec of the State (i.e Québec) pursuant to section 2725 of the Civil Code of Québec ("CCQ") for sums due under fiscal laws, #12-0639365-0001 filed on August 7, 2012. The hypothec is for an amount of \$111,941.17. The hypothec secures Dianor's obligations with respect to income tax and Québec sales taxes. The secured assets appear to represent the same CPG Certificates secured by the hypothec of Banque Royale du Canada referred to above (#09-0272752-0001) and legal hypothec of Sa Majesté du Chef Canada referred to above (#12-0645450-0001);
 - (ii) registration of a legal hypothec of the State (i.e Québec) pursuant to section 2725 CCQ for sums due under fiscal laws, #12-0604184-0008 filed on July 26, 2012. The hypothec is for an amount of \$111,542.62, and the secured assets are certain mining claims which include the Quebec Claims. The hypothec secures Dianor's obligations with respect to unpaid deductions at source and Québec sales taxes; and
 - (iii) registration of a legal hypothec of the State (i.e Québec) pursuant to section 2725 CCQ for sums due under fiscal laws, #12-0450947-0003 filed on June 6, 2012. The hypothec is for an amount of \$97,771.36, and the secured assets are two vehicles. The hypothec secures Dianor's obligations with respect to unpaid deductions at source and Québec sales taxes.
55. The books and records of Dianor that were made available to the Receiver do not contain any information with respect to tax arrears that may be owing to either Sa Majesté du Chef du Canada (Ministre du Revenu du Québec) or to the Agence de Revenu du Québec (Ministre du Revenu du Québec). The Receiver has contacted the Ministre du Revenu du Québec and the Canada Revenue Agency on numerous occasions to enquire about the noted hypothecs. As at the date of this Second Report, the Ministre du Revenu du Québec and the Canada Revenue Agency have

not provided any substantive response and/or documentation in connection with any tax arrears that may be owing by Dianor.

56. It is contemplated in the order approving the Purchase Agreement and the Transaction that, among other things, liens, trusts or deemed trusts, and other similar charges and encumbrances for all taxes, charges, fees, levies, penalties or other assessments of any kind whatsoever imposed by any federal, provincial, local or foreign taxing authority are permitted encumbrances that are unaffected by the order.
57. The Purchase Agreement, as amended, excludes the Quebec Claims from the purchased assets to be acquired by Third Eye. Further, it appears to the Receiver that the CPG Certificates and specified receivables in respect of which the aforesaid registrations relate no longer exist as assets of Dianor. Thus, to the Receiver's knowledge, the registrations by the taxing authorities in the Province of Quebec should not be affected by the relief sought on this motion. Nonetheless, the *Ministre du Revenu du Québec*, the Canada Revenue Agency and the other registrants under the (Ontario) *Personal Property Security Act* and the (Quebec) *Register of Personal and Movable Real Rights* have been given notice of this motion.

Registrations on Title to Patented Mining Claims

58. The following specific encumbrances are registered on title to the patented mining claims in Ontario:
- (a) Instrument No. LT254680 which is a Notice of an Unregistered Estate, Right, Interest or Equity registered March 2, 2005 in favour of Algoma Steel Inc., now known as Essar, with respect to its unregistered estate, right, interest or equity in the lands described therein;
 - (b) Instrument No. AL40749 which is a Notice under Section 71 of the *Land Titles Act* (Ontario) registered August 20, 2008, with respect to an agreement dated January 1, 2005, between Leadbetter, as Assignor, and Diamond Lake, as Assignee, respecting Assignor's assignment to the Assignee of an agreement dated December 16, 2004 (the "**Excavation Agreement**") between the Assignor and Dianor, which Excavation Agreement related to certain excavation work in the Chabanel Township located in the Province of Ontario;

- (c) Instrument No. AL53601 which is a Notice registered May 15, 2009 with respect to an *Application to register Notice of an Unregistered Estate, Right, Interest or Equity under Section 71 of the Land Titles Act (Ontario)*. Attached to this Instrument is the Amendment to a Leadbetter Property Option Agreement [Patented Land], which refers to and attaches the following agreements (i) the Patented Lands Option Agreement; (ii) the Amendments to Property Option Agreement; (iii) the Amendment to Property Option Agreement; and (iv) a Ten Percent Purchase Agreement dated March 30, 2007 among Dianor, as Optionee, and 381Co and Paulette, together as Optionors.
- (d) Instrument No. AL58043 which is a Notice pursuant to Section 71 of the *Land Titles Act (Ontario)* registered August 18, 2009 with respect to the Assignment of Agreement in respect of the patented mining claims. This Instrument makes reference to Instrument No. AL 53601 (summarized above).
- (e) Instrument No. AL126350 which is a Notice pursuant to Section 71 of the *Land Titles Act (Ontario)* registered December 4, 2013 with respect to the 235Co GORs Purchase Agreement. This Instrument makes reference to Instrument No. AL 53601 (summarized above).

59. Essar, 235Co and Diamond Lake have been given notice of this motion.

Eeyou Istchee James Bay Regional Government

60. On or about January 13, 2016 the Receiver and Third Eye were contacted by a representative of Eeyou Istchee James Bay Regional Government (“EIJBRG”) regarding \$3,275.63 that EIJBRG claims Dianor owes in respect of unpaid municipal taxes for years 2012 to 2015 relating to a property and building located on one of the Quebec Claims. Those properties are not included in the purchased assets to be acquired by Third Eye and, therefore, EIJBRG should not be affected by the relief sought on this motion. Nonetheless, EIJBRG has been given notice of this motion.

X. SECURITY REVIEW

61. As the Purchase Agreement contemplates a secured creditor credit bid, the Receiver obtained an independent legal opinion from Faskens as to the validity and enforceability of the security granted

by Dianor to Third Eye in Ontario and, because the Purchase Agreement initially included the Quebec Claims, Quebec. Faskens has opined that, subject to customary assumptions and qualifications and certain specific assumptions and qualifications, the security interests in favour of Third Eye are valid and enforceable in Ontario and Quebec.

62. The Receiver understands that, to support the enforceability of its security interest in the Quebec Claims, In or about January, 2016 Third Eye exercised the power of attorney under its credit agreement with Dianor to open land files in the land registration division of Sept-Îles in the name of Ressources Dianor Inc. / Dianor Resources Inc. and registered its security interest (immovable hypothec) in the Quebec Claims on the State Resources Development Register in Quebec on or about February 1, 2016. The Receiver notes that the stay of proceedings in the Appointment Order does not prohibit the filing of any registration to preserve or perfect an existing security interest.

XI. RECEIVER'S ACTIVITIES

63. Since the date of the First Report, the Receiver's activities have included:
- (a) contacting the Interested Parties and facilitating their due diligence efforts in connection with the Bid Process;
 - (b) preparing and updating the Data Room with corporate, financial, and other information relating Dianor's mining claims;
 - (c) reviewing the confidentiality agreement, template asset purchase agreement and other documents related to the Bid Process;
 - (d) reviewing the Offers submitted to acquire all or a portion of the Company's assets, including communications with certain of the offerors to clarify certain aspects of their Offers;
 - (e) corresponding with Third Eye and its counsel on a regular basis regarding the status of the Bid Process, prior to the delivery of the Participation Notice;
 - (f) negotiating and finalizing the Purchase Agreement and the Amending Agreement with the Purchaser;

- (g) corresponding with 235Co and its legal counsel regarding its interests in the Ontario Project;
- (h) responding to calls and enquiries from the Company's creditors regarding the receivership proceedings; and
- (i) preparing this Second Report.

64. To inform creditors and all other stakeholders, general information on these proceedings has been posted on the Receiver's website at www.richter.ca/en/folder/insolvency-cases/d/dianor-resources-inc. The Receiver has also identified on its website a point of contact at Richter for any enquiries, including a telephone number and email address.

XII. CONCLUSION AND RECOMMENDATION

65. The Receiver is of the view that the Transaction represents the best recovery for Dianor's Property in the circumstances and recommends that this Court issue an order approving the Purchase Agreement and the Transaction for the following reasons:

- (a) the Bid Process was designed to solicit interest from *bona fide* parties that would be familiar with the industry and the nature of the Company's assets;
- (b) there is a limited market for the Property which the Receiver understands has been extensively canvassed prior to the Date of Appointment, and as part of the Bid Process, and all likely bidders have been provided with an opportunity to bid on the Company's assets;
- (c) the Transaction represents the best and highest offer received for the Sale Assets;
- (d) Third Eye is the only creditor with a present economic interest in the Property, and any further marketing efforts, in the Receiver's view, are not likely to result in realizations in excess of the Third Eye Indebtedness;

- (e) the amount that the Purchaser has agreed to pay for distribution to the holder of the 235Co GORs is higher than the mid-point of the range of value attributed to the 235Co GORs in the RPA Valuation Report; and
- (f) Dianor was not operating as at the Date of Appointment and its Property primarily consists of mining claims, which are not likely to generate any realization under a liquidation of the Company's assets.

66. Based on the foregoing, the Receiver respectfully requests that the Court issue an order:

- (a) approving the Purchase Agreement, the Amending Agreement, and the Transaction, and authorizing and directing the Receiver to execute such documents and take such additional steps as are necessary to complete the Transaction;
- (b) vesting, in the Purchaser, as at Closing, all of Dianor's right, title, and interest, if any, in and to the Sale Assets, free and clear of all liens and encumbrances (other than Permitted Encumbrances), and authorizing and directing the Receiver to distribute \$150,000 to Essar and \$250,000 the holders of the 235Co GORs in respect of the Ontario Project Royalties; and
- (c) approving this Second Report, and the actions, activities and conduct of the Receiver set out therein.

Dated the 8th day of August, 2016

provide to the Receiver or permit the Receiver to make, retain and take away copies thereof and grant to the Receiver unfettered access to and use of accounting, computer, software and physical facilities relating thereto, provided however that nothing in this paragraph 5 or in paragraph 6 of this Order shall require the delivery of Records, or the granting of access to Records, which may not be disclosed or provided to the Receiver due to the privilege attaching to solicitor-client communication or due to statutory provisions prohibiting such disclosure.

6. THIS COURT ORDERS that if any Records are stored or otherwise contained on a computer or other electronic system of information storage, whether by independent service provider or otherwise, all Persons in possession or control of such Records shall forthwith give unfettered access to the Receiver for the purpose of allowing the Receiver to recover and fully copy all of the information contained therein whether by way of printing the information onto paper or making copies of computer disks or such other manner of retrieving and copying the information as the Receiver in its discretion deems expedient, and shall not alter, erase or destroy any Records without the prior written consent of the Receiver. RECEIVER TO HOLD FUNDS

13. THIS COURT ORDERS that all funds, monies, cheques, instruments, and other forms of payments received or collected by the Receiver from and after the making of this Order from any source whatsoever, including without limitation the sale of all or any of the Property and the collection of any accounts receivable in whole or in part, whether in existence on the date of this Order or hereafter coming into existence, shall be deposited into one or more new accounts to be opened by the Receiver (the "Post Receivership Accounts") and the monies standing to the credit of such Post

Each prospective purchaser or bidder to whom such personal information is disclosed shall maintain and protect the privacy of such information and limit the use of such information to its evaluation of the Sale, and if it does not complete a Sale, shall return all such information to the Receiver, or in the alternative destroy all such information. The purchaser of any Property shall be entitled to continue to use the personal information provided to it, and related to the Property purchased, in a manner which is in all material respects identical to the prior use of such information by the Debtor, and shall return all other personal information to the Receiver, or ensure that all other personal information is destroyed.

LIMITATION ON ENVIRONMENTAL LIABILITIES

16. THIS COURT ORDERS that nothing herein contained shall require the Receiver to occupy or to take control, care, charge, possession or management (separately and/or collectively, "Possession") of any of the Property that might be environmentally contaminated, might be a pollutant or a contaminant, or might cause or contribute to a spill, discharge, release or deposit of a substance contrary to any federal, provincial or other law respecting the protection, conservation, enhancement, remediation or rehabilitation of the environment or relating to the disposal of waste or other contamination including, without limitation, the *Canadian Environmental Protection Act*, the *Ontario Environmental Protection Act*, the *Ontario Water Resources Act*, or the *Ontario Occupational Health and Safety Act* and regulations thereunder (the "Environmental Legislation"), provided however that nothing herein shall exempt the Receiver from any duty to report or make disclosure imposed by applicable Environmental Legislation. The Receiver shall not, as a result of this Order or anything done in pursuance of the Receiver's duties and powers under this Order, be deemed to be in Possession of any of the Property within the meaning of any Environmental Legislation, unless it is actually in possession.

LIMITATION ON THE RECEIVER'S LIABILITY

17. THIS COURT ORDERS that the Receiver shall incur no liability or obligation as a result of its appointment or the carrying out the provisions of this Order, save and except for any gross negligence or wilful misconduct on its part, or in respect of its obligations under sections 81.4(5) or 81.6(3) of the BIA or under the *Wage Earner Protection Program Act*. Nothing in this Order shall derogate from the protections afforded the Receiver by section 14.06 of the BIA or by any other applicable legislation.

RECEIVER'S ACCOUNTS

18. THIS COURT ORDERS that the Receiver and counsel to the Receiver shall be paid their reasonable fees and disbursements, in each case at their standard rates and charges unless otherwise ordered by the Court on the passing of accounts, and that the Receiver and counsel to the Receiver shall be entitled to and are hereby granted a charge (the "Receiver's Charge") on the Property, as security for such fees and disbursements, both before and after the making of this Order in respect of these proceedings, and that the Receiver's Charge shall form a first charge on the Property in priority to all security interests, trusts, liens, charges and encumbrances, statutory or otherwise, in favour of any Person, but subject to sections 14.06(7), 81.4(4), and 81.6(2) of the BIA.

19. THIS COURT ORDERS that the Receiver and its legal counsel shall pass its accounts from time to time, and for this purpose the accounts of the Receiver and its legal counsel are hereby referred to a judge of the Commercial List of the Ontario Superior Court of Justice.

20. THIS COURT ORDERS that prior to the passing of its accounts, the Receiver shall be at liberty from time to time to apply reasonable amounts, out of the monies in its hands, against its fees and disbursements, including legal fees and disbursements, incurred at the standard rates and charges of the Receiver or its counsel, and such amounts shall constitute advances against its remuneration and disbursements when and as approved by this Court.

FUNDING OF THE RECEIVERSHIP

21. THIS COURT ORDERS that the Receiver be at liberty and it is hereby empowered to borrow by way of a revolving credit or otherwise, such monies from time to time as it may consider necessary or desirable, provided that the outstanding principal amount does not exceed \$150,000 (or such greater amount as this Court may by further Order authorize) at any time, at such rate or rates of interest as it deems

advisable for such period or periods of time as it may arrange, for the purpose of funding the exercise of the powers and duties conferred upon the Receiver by this Order, including interim expenditures. The whole of the Property shall be and is hereby charged by way of a fixed and specific charge (the "Receiver's Borrowings Charge") as security for the payment of the monies borrowed, together with interest and charges thereon, in priority to all security interests, trusts, liens, charges and encumbrances, statutory or otherwise, in favour of any Person, but subordinate in priority to the Receiver's Charge and the charges as set out in sections 14.06(7), 81.4(4), and 81.6(2) of the BIA.

22. THIS COURT ORDERS that neither the Receiver's Borrowings Charge nor any other security granted by the Receiver in connection with its borrowings under this Order shall be enforced without leave of this Court.

23. THIS COURT ORDERS that the Receiver is at liberty and authorized to issue certificates substantially in the form annexed as Schedule "A" hereto (the "Receiver's Certificates") for any amount borrowed by it pursuant to this Order.

24. I. INTRODUCTION

1. Pursuant to an application by Third Eye Capital Corporation ("**Third Eye**" or the "**Lender**") under section 243(1) of *Bankruptcy and Insolvency Act*, R.S.C. 1985, c. B-3, as amended, (the "**BIA**") and section 101 of the *Courts of Justice Act*, R.S.O. 1990 c. C.43, as amended, Richter Advisory Group Inc. was appointed as Receiver ("**Richter**" or the "**Receiver**") without security over all the assets, undertakings and properties (the "**Property**") of Ressources Dianor Inc. / Dianor Resources Inc. ("**Dianor**" or the "**Company**") by way of an order (the "**Appointment Order**") of the Ontario Superior Court of Justice (Commercial List) (the "**Court**"), dated August 20, 2015 (the "**Date of Appointment**"), A copy of the Appointment Order is attached hereto as **Appendix "A"**.
2. This report (the "**Report**") is the Receiver's first report filed with this Court in connection with these receivership proceedings.

II. PURPOSE OF REPORT

3. The purpose of this Report is to provide this Court with information pertaining to:
 - (a) background on the Company, including its mineral properties;
 - (b) the activities of the Receiver since the Date of Appointment;
 - (c) the Receiver's post-filing strategy, including an outline of the proposed sales process (the "**Bid Process**") the Receiver intends to undertake in order to realize on Dianor's assets; and
 - (d) recommend that this Court issue an order:
 - (i) approving the activities of the Receiver as outlined in this Report; and
 - (ii) approving the Bid Process and authorizing the Receiver to take such steps as necessary to implement the same.

III. QUALIFICATIONS

4. in preparing this Report, Richter has relied upon unaudited financial information, the Company's limited and potentially dated books and records, financial information prepared by the Company and discussions with the Lender and its legal counsel (collectively, the "**Information**").

5. In accordance with industry practice, except as described in this Report:
 - (a) Richter has not audited, reviewed, or otherwise attempted to verify the accuracy or completeness of the information in a manner that would comply with Generally Accepted Assurance Standards pursuant to the Canadian Institute of Chartered Accountants Handbook; and
 - (b) future-oriented financial information relied upon in preparing this Report is based on management's assumptions regarding future events. Actual results achieved may vary from this information and these variations may be material.
6. As described below, Dianor is currently not an active company and the Receiver understands that the Company has no remaining employees, management personnel or board members. As a consequence, the Receiver has had to rely on the Company's limited and dated books and records that were made available to it by Third Eye, as well as the public filings made by Dianor while it was active (copies of which are available on www.sedar.com).
7. Unless otherwise noted, all monetary amounts contained in this Report are expressed in Canadian dollars.

IV. BACKGROUND

Company Overview

8. Dianor is a Canadian-based diamond exploration company focused on the acquisition and exploration of mining properties in Canada. The Company's shares were publicly traded on the TSX Venture Exchange ("TSXV") under the symbol "DOR"; however, on October 20, 2014, Dianor's shares were officially delisted from the TSXV as the Company was in default of applicable securities laws.
9. Dianor was incorporated on July 20, 1987 under the *Companies Act* (Quebec) under the name Ressources Kimex Inc. The Company amended its articles on June 1, 1993 to change its name to Ressources Dianor inc., and on August 27, 1997, the Company again amended its articles to add an English version (Dianor Resources inc.) to its corporate name. The Company's registered office and principal place of business was located at 649 3rd Avenue, 2nd Floor, Val d'Or, Quebec.

10. As described in the affidavit of Mr. Arif Bhalwani sworn August 19, 2015 in support of Third Eye's application for the appointment of the Receiver (the "**Bhalwani Affidavit**"), Dianor is currently not active and the Receiver understands the Company has had no substantial operations since December 2012. The Receiver further understands the Company has no remaining employees, management personnel or board members. A copy of the Bhalwani Affidavit is attached hereto without exhibits as **Appendix "B"**.

Mining Claims Held by the Company

11. The Company currently holds the following mining claims located on the Superior Craton, a geological area underlying the James Bay region of Ontario and Quebec:
 - (a) 16 unpatented mining claims located in Ontario (hereinafter referred to as the "**Unpatented Claims**"). A list of the known Unpatented Claims is attached hereto as **Appendix "C"**;
 - (b) 34 patented mining claims located in Ontario (hereinafter referred to as the "**Patented Claims**", and together with the Unpatented Claims, the "**Leadbetter Project**"). A list of the known Patented Claims is attached hereto as **Appendix "D"**. With the exception of one Patented Claim (being PIN 31158-0129), the Patented Claims appear to be in respect of mining rights only. The surface rights for the Patented Claims appear to be held by either 1778778 Ontario inc. ("**177Co**") or 2350614 Ontario Inc. ("**235Co**"), each being a company that the Receiver understands is owned or controlled by the original prospector, Mr. Joseph Leadbetter ("**Mr. Leadbetter**"); and
 - (c) 48 mining claims located in Quebec (hereinafter referred to as the "**Quebec Claims**" or the "**Ekomiak and PEM Project**", and collectively with the Leadbetter Project, the "**Projects**"). A list of the known Quebec Claims is attached hereto as **Appendix "E"**.
12. Dianor's ownership interest in the Leadbetter Project appears to be subject to certain royalties, including:

- (a) a gross overriding royalty ("GOR") for diamonds in favour of 235Co (recorded on the mining claim abstracts for the Unpatented Claims and the parcel registers for the Patented Claims);
- (b) a gross royalty for all other metals and minerals in favour of 235Co (recorded on the mining claim abstracts for the Unpatented Claims and the parcel registers for the Patented Claims); and
- (c) a GOR for all minerals in favour of Essar Steel Algoma Inc. (the Receiver is working with Third Eye to locate a copy of the GOR agreement).

Description of the Projects

- 13. The Leadbetter Project is the Company's flagship diamond project near Wawa, Ontario which consists of two contiguous land packages. The Leadbetter Project is the most advanced of the Company's Projects and comprises the most significant component of Dianor's Property. The Leadbetter Project covers approximately 16 square kilometres in area, and is located 12km northeast of the township of Wawa, Ontario. The Company incurred substantial exploration expenditures on the Leadbetter Project from 2005 onward as it attempted to define this large resource. In 2007, the Company announced preliminary tonnage estimates for the Leadbetter Project in the range of 549 million to 583 million tonnes of diamondiferous conglomerates on the property. In addition to diamonds, Dianor also announced sampling results indicated the presence of gold, sapphires and other gemstones in the conglomerate. In early October 2009, Dianor filed an updated National Instrument 43-101 compliant independent technical report for the Leadbetter Project.
- 14. The Ekomiak and PEM Project is an early stage diamond project located in the James Bay region of Quebec.

Company's Creditors

- 15. The Receiver understands Dianor had total liabilities of approximately \$11.3 million as per its most recent financial statements dated September 30, 2011. As previously noted, the Company is no longer active and has not been since December 2012. Accordingly, access to the Company's

books and records, as well as previous management personnel, has been limited and we have had to rely on incomplete information. As such, details on the Company's current obligations to creditors are not known to the Receiver at the time of this Report.

16. As described in the Bhalwani Affidavit, the Receiver understands Dianor's secured obligations owed to Third Eye amount to approximately \$5.5 million as at August 18, 2015 (the "**Third Eye Indebtedness**").
17. The debenture dated September 16, 2010 made by Dianor in favour of Third Eye was recorded as a charge on each mining claim abstract that comprise the Unpatented Claims and on each parcel register that comprise the Patented Claims. The deed of hypothec and issue of bonds dated September 3, 2010 made by Dianor in favour of Third Eye was registered at the Public Register of Real and Immovable Mining Rights against 38 of the mining rights that comprise the Quebec Claims.
18. Fasken Martineau DuMoulin LLP, counsel to the Receiver, has conducted a search of registrations made against Dianor pursuant to the (Ontario) *Personal Property Security Act* and the (Quebec) Register of Personal and Movable Real Rights as of September 8, 2015. Attached hereto as **Appendix "F"** are copies of the search results.
19. In Ontario, there are registrations in favour of Third Eye and 235Co. In Quebec, there are registrations in favour of Third Eye, Banque Royale du Canada, Agence de Revenu du Québec (Ministre du Revenu du Québec), and Sa Majesté du Chef du Canada (Ministre du Revenu du Québec). These registrants have been given notice of this motion.
20. At this time the Receiver has not obtained a legal opinion with respect to the validity or enforceability of any security interest in Dianor's assets. The Receiver will assess the need for such an opinion as the matter proceeds.
21. The Company's financial performance and position, as well as the causes of its insolvency, are detailed extensively in the Bhalwani Affidavit and are, therefore, not repeated herein.

V. PROPOSED SALES PROCESS

22. The Receiver understands that management of Dianor had been trying to find new investors and/or partners for the Leadbetter Project in 2011 and 2012. Management held discussions with a number of parties but was unable to finalize a transaction prior to ceasing operations in December 2012.
23. Third Eye had also canvassed several potential investors about possibly purchasing its debt or the assets of the Debtor with the intention of advancing the Leadbetter Project. The Receiver understands these efforts continued until August 2015 but did not result in any binding commitments or a transaction.
24. In light of the previous marketing efforts as described above, the Receiver proposes to undertake an expedited, focused Bid Process in respect of the Property as a means of testing the market, gauging interest in the Company and/or the Projects, with a view to concluding a transaction that provides a recovery to creditors.
25. As described above, it appears that Dianor owns the mining rights to the Patented Claims but not the surface rights, which are held by 177Co or 235Co. The Receiver understands that the surface rights have been listed for sale. The Receiver intends to engage in discussions with Mr. Leadbetter about the interests of 177Co and 235Co in the Leadbetter Project and about the proposed Bid Process.
26. In order to provide parties with an opportunity to bid on the Property, the Receiver proposes to market the Company's assets to third parties for a period of approximately 45 days. The key aspects of the Bid Process are as follows:
 - (a) as soon as practical, a teaser document will be sent to a list of interested parties (the "**Interested Parties**") identified by the Receiver as potentially having an interest in the Company and/or the Projects. Attached hereto as **Appendix "G"** is a copy of the teaser. No formal confidential information memorandum will be prepared as the Receiver has established an electronic data room (the "**Data Room**") to provide Interested Parties with full access to all relevant information relating to the Company and/or the Projects;

- (b) Interested Parties will be required to sign a confidentiality agreement prior to obtaining access to the Data Room to assist in their evaluation of the Company and its assets;
- (c) interested Parties will be required to submit binding offers (the "**Offers**") to the Receiver by 5pm EST on November 23, 2015 (the "**Bid Deadline**"). The Receiver will deposit in the Data Room a form of template asset purchase agreement (the "**APA**") on which Interested Parties shall submit Offers;
- (d) Offers are to be (i) made in the form of the APA with all revisions reflected in a redlined copy and (ii) accompanied with a deposit in an amount equal to 10% of the purchase price. To be considered by the Receiver, all Offers are to be on an "as is where is" basis and subject to Court approval. Offers shall remain open for acceptance by the Receiver for a period of at least 5 business days from the Bid Deadline;
- (e) the acceptability of any of the Offers received is to be determined by the Receiver, in consultation with Third Eye and any other party that the Receiver, in its discretion, deems relevant, subject to any confidentiality or other restrictions considered appropriate by the Receiver;
- (f) if no Offers have been received by the Bid Deadline, the Receiver, in consultation with Third Eye and any other party that the Receiver, in its discretion, deems relevant, will consider whether to continue the sales process and advise the Court accordingly;
- (g) the Receiver shall not be required to accept the highest or best Offer, or any Offer;
- (h) the Receiver may, in its sole discretion, elect to either: (i) accept an Offer, in which case the Receiver shall proceed to finalize the APA with the successful offering party, submit the Offer for court approval, with the closing of the sale to occur as soon as possible thereafter; or (ii) send written notice to parties that submitted the highest Offers (the "**Highest Bidders**") on or before November 27, 2015, advising the Highest Bidders that they are the Highest Bidders and informing them that the Receiver has elected to hold an auction (the "**Auction Notice**"). The Auction Notice shall include, amongst other things:
 - (i) the date, time and location of the proposed auction;

- (ii) the procedures pursuant to which the auction is to be conducted which are to be determined by the Receiver in its discretion; and
 - (iii) the terms of the baseline Offer on which all bids in the auction shall be made, along with relevant bid increments, to participate in the auction.
- 27. Third Eye shall be entitled to participate in the auction as a bidder.
- 28. The Receiver notes that while the proposed time-frame is condensed, the Receiver is of the view that the deadlines proposed in the Bid Process are reasonable given the previous efforts to market the Company and the breadth of information on the Company contained within the public domain due to previous TSXV disclosure requirements. Also, given the specialized nature of the assets covered by the Bid Process, it is anticipated that the Interested Parties who would express any interest would be knowledgeable in the mining and development sectors.
- 29. The Receiver is also aware that Third Eye may wish to present a bid, and/or credit bid, for all or part of the assets of the Company. If Third Eye intends to present an Offer it must advise the Receiver of such intention in writing on or before November 19, 2015 (a "**Participation Notice**"). Upon delivery of a Participation Notice, Third Eye will be excluded from any participation in the Bid Process that might create an unfair advantage or jeopardize the integrity of the Bid Process. For greater certainty, if Third Eye delivers a Participation Notice it will be subject to the Bid Process procedures as an Interested Party and will not be entitled to submit an Offer after the Bid Deadline (as it may be extended) except in the context of an auction, provided, however, that any Offer presented by Third Eye shall not require a deposit.
- 30. The Receiver shall have the right to make minor amendments to the Bid Process, including extending the timelines set forth in the Bid Process and described herein without further approval of the Court, provided the aggregate extension of the Bid Process shall not exceed 15 business days without Court approval.

VI. RECEIVER'S ACTIVITIES SINCE THE DATE OF APPOINTMENT

- 31. Since the Date of Appointment, the Receiver's activities included:

- (a) gaining access to Dianor's available books and records and making best efforts to acquire information on the Company's creditors, including attempting to contact Dianor's former CEO on same;
- (b) sending to known creditors and relevant government taxing authorities the *Notice and Statement of Receiver* required under Section 245(1) and 246(1) of the BIA;
- (c) considering processes to market the Company and/or the Projects, and developing the Bid Process;
- (d) corresponding with Third Eye and its counsel, Stikeman Elliott LLP, on a regular basis on the status of the receivership and the proposed post-filing strategy, including the Bid Process;
- (e) preparing a list of potential interested parties to contact in connection with the Bid Process; and
- (f) drafting of the teaser and compiling documentation on the Company and the Projects in connection with the Bid Process.

32. To inform creditors and all other stakeholders, general information on these proceedings has been posted on the Receiver's website at www.richter.ca/en/folder/insolvency-cases/d/dianor-resources-inc. The Receiver has also identified on its website a point of contact at Richter for any enquiries, including a telephone number and email address.

VII. CONCLUSION AND RECOMMENDATION

33. The Receiver is of the view that the Bid Process is reasonable in the circumstances and balances the search for a prospective purchaser with the costs associated with administering a sale process of this nature. The Bid Process provides the Company's stakeholders with an opportunity to maximize the value of the Property by attempting to find a purchaser for the Company and/or the Projects, which may be strategically attractive to prospective interested parties. The Receiver is also of the view that the Bid Process should provide interested parties with sufficient time to evaluate the Property and to make an offer in respect of the Company and / or the Projects, if interested.

Paul van Eyk, CIRP, IFA, CPA

(the "Debtor") for an order approving the sale transaction (the "Transaction") contemplated by an agreement of purchase and sale (the "Sale Agreement") between the Receiver and Third Eye Capital Corporation (the "Purchaser") dated November ●, 2015 and appended to the Report of the Receiver dated [DATE] (the "Report"), and vesting in the Purchaser the Debtor's right, title and interest in and to the assets described in the Sale Agreement (the "Sale Assets"), was heard this day at 330 University Avenue, Toronto, Ontario.

ON READING the Report and on hearing the submissions of counsel for the Receiver and counsel for the Purchaser, no one appearing for any other person on the service list, although properly served as appears from the affidavit of [NAME] sworn [DATE] filed:

1. THIS COURT ORDERS AND DECLARES that the Transaction is hereby approved, and the execution of the Sale Agreement by the Receiver is hereby authorized and approved, with such minor amendments as the Receiver may deem necessary. The Receiver is hereby authorized and directed to take such additional steps and execute such additional documents as may be necessary or desirable for the completion of the Transaction and for the conveyance of the Sale Assets to the Purchaser.

2. THIS COURT ORDERS AND DECLARES that upon the delivery of a Receiver's certificate to the Purchaser substantially in the form attached as Schedule A hereto (the "Receiver's Certificate"), all of the Debtor's right, title and interest in and to the Sale Assets described in the Sale Agreement shall vest absolutely in the Purchaser, free and clear of and from any and all security interests (whether contractual, statutory, or otherwise), hypothecs, mortgages, trusts or deemed trusts (whether contractual, statutory, or otherwise), liens, executions, levies, charges, or other financial or monetary claims, whether or not they have attached or been perfected, registered or filed and whether secured, unsecured or otherwise (collectively, the "Claims") including, without limiting the generality of the foregoing: (i) any encumbrances or charges created by the Order of the Honourable Mr. Justice Mew dated August 20, 2015; (ii) all charges, security interests or claims evidenced by registrations pursuant to the *Personal Property Security Act* (Ontario) or any other personal property registry system; and (iii) those Claims listed on Schedule C hereto (all of which are collectively referred to as the "Encumbrances", which term shall not include the permitted encumbrances, easements and restrictive covenants listed on Schedule D) and, for greater certainty, this Court orders that all of the Encumbrances affecting or relating to the Sale Assets are hereby expunged and discharged as against the Sale Assets.

3. THIS COURT ORDERS that upon the registration in the Land Registry Office for the Land Titles Division of Algoma of an Application for Vesting Order in the form prescribed by the *Land Titles Act* and/or the *Land Registration Reform Act*, the Land Registrar is hereby directed to enter the Purchaser as the owner of the subject real property identified in Schedule B hereto (the "Real Property") in fee simple, and is hereby directed to delete and expunge from title to the Real Property all Claims, including (but not limited to) all of the Claims listed in Schedule C hereto.

4. [THIS COURT ORDERS that upon the delivery to, filing of or registration with the relevant government authority (including, without limiting the generality of the foregoing, the Minister of Northern Development and Mines, the Provincial Mining Recorder and the Minister of Natural Resources) of this Order, together with such other materials as may be required, such government authority is hereby directed to enter the Purchaser as the owner or holder of the relevant Sale Assets (including, without limiting the generality of the foregoing, the unpatented mining claims identified in Schedule B hereto), and is hereby directed to delete and expunge from title to such interests all Claims, including (but not limited to) all of the Claims listed in Schedule C hereto.]

5. THIS COURT ORDERS that for the purposes of determining the nature and priority of Claims, the net proceeds from the sale of the Sale Assets shall stand in the place and stead of the Sale Assets, and that from and after the delivery of the Receiver's Certificate all Claims and Encumbrances shall attach to the net proceeds from the sale of the Sale Assets with the same priority as they had with respect to the Sale Assets immediately prior to the sale, as if the Sale Assets had not been sold and remained in the possession or control of the person having that possession or control immediately prior to the sale.

6. THIS COURT ORDERS AND DIRECTS the Receiver to file with the Court a copy of the Receiver's Certificate, forthwith after delivery thereof.

7. THIS COURT ORDERS that, pursuant to clause 7(3)(c) of the Canada *Personal Information Protection and Electronic Documents Act*, the Receiver is authorized and permitted to disclose and transfer to the Purchaser all human resources and payroll information in the Company's records pertaining to the Debtor's past and current employees. 8. THIS COURT ORDERS that, notwithstanding:

- (b) any applications for a bankruptcy order now or hereafter issued pursuant to the *Bankruptcy and Insolvency Act* (Canada) in respect of the Debtor and any bankruptcy order issued pursuant to any such applications; and
- (c) any assignment in bankruptcy made in respect of the Debtor;

the vesting of the Sale Assets in the Purchaser pursuant to this Order shall be binding on any trustee in bankruptcy that may be appointed in respect of the Debtor and shall not be void or voidable by creditors of the Debtor, nor shall it constitute nor be deemed to be a fraudulent preference, assignment, fraudulent conveyance, transfer at undervalue, or other reviewable transaction under the *Bankruptcy and Insolvency Act* (Canada) or any other applicable federal or provincial legislation, nor shall it constitute oppressive or unfairly prejudicial conduct pursuant to any applicable federal or provincial legislation.

9. THIS COURT ORDERS AND DECLARES that the Transaction is exempt from the application of the *Bulk Sales Act* (Ontario).

10. THIS COURT HEREBY REQUESTS the aid and recognition of any court, tribunal, regulatory or administrative body having jurisdiction in Canada or in the United States to give effect to this Order and to assist the Receiver and its agents in carrying out the terms of this Order. All courts, tribunals, regulatory and administrative bodies are hereby respectfully requested to make such orders and to provide such assistance to the Receiver, as an officer of this Court, as may be necessary or desirable to give effect to this Order or to assist the Receiver and its agents in carrying out the terms of this Order.

The Optionors agree, however, that they shall give the Optionee the first opportunity to negotiate an option agreement to develop the commercial diamond prospects of these properties and a right of first refusal with respect to any third party offers.

15. The Optionee may terminate this Option Agreement at any time by notifying the Optionors of its intention by registered mail. In the event the Optionee elects to terminate the Option Agreement before the second anniversary of the date of this Option Agreement, it shall

524

forthwith pay to the Optionors all outstanding money and shares as are stipulated in the provisions of paragraph 3(a)(i) to (v), such that the total payment to the Optionors even in the event of termination shall be not less than one million one hundred and sixty five thousand dollars (\$1,165,000.00) and two million two hundred and twenty five thousand (2,225,000) common shares in Dianor Resources Inc.

16. In the event this Option Agreement is terminated prior to the Optionee becoming the owner of an eighty percent (80%) interest in the Mining Claims, the Optionee shall forthwith release such interest it may have in the Mining Claims and execute such documents as may be necessary to convey such interest back to the Optionors and return to the Optionors all data, samples, reports and other material relative to the diamond prospects of the Mining Claims.

17. Neither party shall be liable for damages caused by delay or failure to perform its obligations under this Agreement where such delay or failure is caused by an event beyond its reasonable control. The Parties agree that an event shall not be considered beyond one's reasonable control if a reasonable business person applying due diligence in the same or similar circumstances under the same or similar obligations as those contained in this Agreement would have put in place contingency plans to either materially mitigate or negate the effects of such event. Without limiting the generality of the foregoing, the parties agree that Force Majeure events shall include acts of God and natural disasters, acts of war, insurrection and terrorism and threatened acts of terrorism. If a Party seeks to excuse itself from its obligations under this Agreement due to a Force Majeure event, that Party shall immediately notify the other Party of the delay or non-performance, the reason of such delay or non-performance and the anticipated period of delay or non-performance.

18. The Optionee may assign any of its rights or obligations under this Agreement without the prior written consent of the Optionors, provided that if such assignment occurs within the first four years of the Option Agreement, the Optionee shall remain liable for the payments stipulated in paragraph 3 above.

19. The Optionee and Optionors agree that this Option Agreement:

- a) Constitutes and sets forth the entire agreement between the parties and any persons who have in the past or who are now representing either of the parties;
- b) Supersedes all prior understandings and communications between the parties, or any of them, oral or written; and
- c) Shall be governed by the laws of Ontario and Canada, as may be applicable, and the parties hereby irrevocably attorn to the exclusive jurisdiction of the courts of the Province of Ontario.

[Handwritten signature]

Provided however, that each party acknowledges that it shall execute, acknowledge and deliver all such further acts, assignments and assurances as may be reasonably required from time to time, to consummate the transactions contemplated by this Option Agreement.

20. The invalidity of any particular provision of this Option Agreement, save and except for paragraph 3, shall not affect any other provision and this Option Agreement shall be construed as if any such invalidated provision were omitted.

21. The parties agree that the language of this Option Agreement and any notices or documents related thereto shall be English; that they are entering into this transaction in good faith; that all dollar amounts are in lawful currency of Canada; and time shall be of the essence.

22. All information and data concerning the exploration and/or development of the Mining Claims shall be kept confidential and, except to the extent required by law, regulation or policy of any Securities Commission or Stock Exchange, or in connection with the filing of an annual information form, a prospectus or statement of material fact by any party or any of its affiliate, or for any purpose specifically contemplated by this Option Agreement, shall not be disclosed to any third party without the prior consent of the Optionee and the Optionors, which consent shall not unreasonably be withheld.

23. Each party acknowledges that this Option Agreement is entered into after full investigation and no party is relying on any statement or representation made by any other which is not embodied in this Agreement.

IN WITNESS WHEREOF the parties hereto have executed this Agreement as of the date first written above.

SCHEDULE "A" - GROSS OVERRIDING ROYALTY

1. Pursuant to Section 7 of the Option Agreement to which this Schedule is attached, Optionors are entitled to a royalty equal to twenty percent (20%) of all Gross Overriding Royalties ("GOR") from the Average Appraised Value (as described below) of all diamonds (the "Diamonds") recovered, sorted and graded by Optionee or any other operator (the "Operator") from the Mining Claims as described in the Option Agreement (the "Mining Claims"), free and clear of all costs of development and operations.
2. The expression "Average Appraised Value" shall mean the average of the valuations in Canadian dollars of the Diamonds determined by two independent graders, one appointed by the Optionee and one appointed by Optionors. Such independent graders shall be duly qualified and accredited, and shall sort, grade and value the Diamonds in accordance with industry standards, having regard to, but without limiting the generality of the foregoing, the commercial demand for the Diamonds. Each independent valuator shall value each particular classification of the Diamonds in accordance with the industry price books, standards and formulas. The parties acknowledge that the intention is that the GOR royalty be paid to the Optionors on this basis, regardless of the price or proceeds actually received by the Operator for or in connection with the Diamonds or the manner in which a sale of the Diamonds to a third party is made, and without deduction.
3. Payment of the GOR royalty shall be calculated and made quarterly within ninety (90) days after the end of each fiscal quarter of the Operator, based on all diamonds recovered from the Mining Claims that were graded in such quarter.
4. The Optionors shall not be entitled to further participate in the profits or be obligated to share in any losses generated by the Operator's actual marketing or sales practices once the GOR is paid.
5. The Optionors shall, at their election, have the right to take their GOR royalty in kind or cash, as it may pertain to the Diamonds, in whole or in part.

1. The Optionor represents and warrants to the Optionee that:
 - a) It has the full and undisputed power and authority to deal with the Patented Lands as provided for in this Option Agreement;
 - b) It is the beneficial and recorded owner of a 100% undivided interest in the Patented Lands, both surface and mining rights, free and clear of any and all royalties (except for a ten percent (10%) royalty payable to Algoma Steel Inc. (hereinafter "Algoma")), liens, or encumbrances;

2. The Optionor grants to the Optionee the sole, immediate and irrevocable working right and option with respect to the Patented Lands, for a period of four (4) years from the date of this Option Agreement; and the right to earn an seventy percent (70%) undivided interest in the Patented Lands (the "Option") upon satisfying the terms and conditions herein.
3. In order to maintain and exercise the Option, the Optionee must:
 - (a) Make the following payments in money and/or common shares:
 - (i) Eight hundred thousand dollars (\$800,000.00) to the Optionor upon signing of this Option Agreement;
 - (ii) One million five hundred thousand (1,500,000) common shares of Dioror Resources Inc. to the Optionor, forthwith upon the execution of this Option Agreement;

 - (iv) Seven hundred and fifty thousand dollars (\$750,000.00) in money and common shares of Dianor Resources Inc. (in such ratio as shall be mutually agreed, but not less than 50% in money) to the Optionor on or before the second anniversary date of this Option Agreement. *15/01/07*
 - (v) Seven hundred and fifty thousand dollars (\$750,000.00) in money and common shares of Dianor Resources Inc. (in such ratio as shall be mutually agreed, but not less than 50% in money) to the Optionor on or before the third anniversary date of this Option Agreement. *15/01/08*
 - (vi) Seven hundred and fifty thousand dollars (\$750,000.00) in money and common shares of Dianor Resources Inc. (in such ratio as shall be mutually agreed, but not less than 50% in money) to the Optionor on or before the fourth anniversary date of this Option Agreement. and *15/01/09*

4. The Optionee and the Optionor acknowledge and agree that common shares issued pursuant to this Option Agreement shall be free trading shares in Dianor Resources Inc., subject only to such restrictions on resale as may be imposed by applicable securities legislation. The Optionee makes no representation with respect to the future market value of such shares. However, it is expressly acknowledged and agreed that the payment provisions in paragraph 3 are based on an assumed share value of at least ten cents (10c) per share and in the event that the share value falls below this value the number of shares to be issued in satisfaction of the provisions of paragraph 3 shall be adjusted accordingly and the value assigned to the shares delivered pursuant to the provisions of paragraph 3 shall be the weighted average value recorded on the TSX Venture Exchange or other exchange during the twenty (20) days immediately preceding the date of delivery. It is further acknowledged and agreed that if Dianor Resources Inc. becomes delisted or otherwise ceases active trading for six (6) months, before the Optionee has completed all payments of money and delivery of shares required by paragraph 3, or within ninety (90) days thereof, this Option Agreement shall be terminated forthwith.

5. Once the Optionee has delivered the one million five hundred thousand (1,500,000) common shares in Dianor Resources Inc. and paid the eight hundred thousand dollars (\$800,000.00) required by paragraphs 3(a) (i) and (ii), the Optionor shall deliver to the Optionee all relevant data and results pertaining to the Patented Lands as may be in its possession or control.

6. If the Optionee has, on or before the fourth anniversary date of this Option Agreement, made the payments in money and shares, required by paragraph 3(a), and incurred the Expenditures referred to in paragraph 3(b)(i), in the amount of \$5,000,000.00, the Optionee shall have the right to a seventy percent (70%) undivided interest in the Patented Lands, subject to the provisions of this Option Agreement; and the title to the Patented Lands shall be recorded and/or registered in each of the names of the Optionee and Optionor as to their respective undivided interests as tenants in common.

7. Once the Optionee becomes the owner of a seventy percent (70%) undivided interest in the Patented Lands, the Optionor shall retain a thirty percent (30%) undivided interest in the Patented Lands, which shall be in the form of a Gross Overriding Royalty ("GOR"), calculated in accordance with Schedule "A". The Optionee shall have the right of first refusal to purchase the Optionor's thirty percent (30%) interest.

8. In the event the Optionor, through negotiation with Algoma, reduces Algoma's royalty from ten percent (10%) to five percent (5%), then such remaining five percent (5%) shall be added to the Optionee's interest for a total of seventy five percent (75%). In addition, the Optionor grants the Optionee rights to all the non-diamond minerals and metals on the Patented Lands, subject to the payment of a one and a half percent (1.5%) gross royalty on any such non-diamond mineral and metal production from the Patented Lands.

9. It is expressly agreed that all diamonds found on the Patented Lands prior to the Optionee becoming the owner of a seventy percent (70%) interest in the Patented Lands shall be the exclusive property of the Optionor, with the exception of all diamonds recovered from bulk samples exceeding 10,000 tonnes which shall be the exclusive property of the Optionee, subject only to the GOR pursuant to paragraph 7, above.
10. The Optionee shall indemnify and save the Optionor harmless from all losses, liabilities, claims, demands and so forth, as may in any way arise out of the Optionee's operations and activities on the Patented Lands.
11. The Optionee shall form a Management Committee consisting of three representatives of the Optionee and two representatives of the Optionor. The purpose of the Management Committee will be to direct the operations, to approve work programs and budgets, and to decide the strategy and direction of the development of the Patented Lands. However, the Optionee shall be solely responsible for carrying on all operations and activities required to explore and develop the Patented Lands pursuant to this Option Agreement and will ensure that all work is done in a professional manner, respectful of local culture and traditions and in full compliance with all rules, regulations and laws governing such activities in the Province of Ontario.
12. The Optionee shall provide to the Optionor periodic progress reports of its exploration and development activities sufficient to keep the Optionor informed of the activities conducted on the property, including data and results of exploration, assessment and assay. The Optionee agrees that the Optionor shall have unrestricted access to the Patented Lands and all related activities, provided that the Optionor shall not interfere with operations and activities being carried out pursuant to this Option Agreement. The Optionee further agrees that Joseph Leadbetter shall be allowed to continue to explore and prospect the Patented Lands on behalf of the Optionor, until such time as commercial production has commenced, provided that he provides the Optionee any and all discoveries/information pertaining to diamonds, non-diamond minerals and metals.
13. The Optionee shall pay all taxes, assessments and other charges lawfully levied or assessed against the Patented Lands.
14. Any and all claims staked for diamonds by or on behalf of the Optionor in Chabanel Township in the District of Algoma shall be subject to this Option Agreement at the election of the Optionee, provided that the Optionee shall forthwith upon making such election reimburse the Optionor for all expenses incurred in exploration and staking of such further claims, as the case may be.
15. The Optionee may terminate this Option Agreement at any time by notifying the Optionor of its intention by registered mail. In the event the Optionee elects to terminate the Option Agreement before the second anniversary of the date of this Option Agreement, it shall

forthwith pay to the Optionor all outstanding money and shares as are stipulated in the provisions of paragraph 3(a)(i) to (iii), such that the total payment to the Optionor even in the event of termination shall be not less than one million five hundred and fifty thousand dollars (\$1,550,000.00) and one million five hundred thousand (1,500,000) common shares in Dianor Resources Inc.

16. In the event this Option Agreement is terminated prior to the Optionee becoming the owner of a seventy percent (70%) interest in the Patented Lands, the Optionee shall forthwith release such interest it may have in the Patented Lands and execute such documents as may be necessary to convey such interest back to the Optionor and return to the Optionor all data, samples, reports and other material relative to the diamond prospects of the Patented Lands.

17. Neither party shall be liable for damages caused by delay or failure to perform its obligations under this Option Agreement where such delay or failure is caused by an event beyond its reasonable control. The Parties agree that an event shall not be considered beyond one's reasonable control if a reasonable business person applying due diligence in the same or similar circumstances under the same or similar obligations as those contained in this Option Agreement would have put in place contingency plans to either materially mitigate or negate the effects of such event. Without limiting the generality of the foregoing, the parties agree that Force Majeure events shall include acts of God and natural disasters, acts of war, insurrection and terrorism and threatened acts of terrorism. If a Party seeks to excuse itself from its obligations under this Agreement due to a Force Majeure event, that Party shall immediately notify the other Party of the delay or non-performance, the reason of such delay or non-performance and the anticipated period of delay or non-performance.

18. The Optionee may assign any of its rights or obligations under this option Agreement without the prior written consent of the Optionor, provided that if such assignment occurs within the first four years of the Option Agreement, the Optionee shall remain liable for the payments stipulated in paragraph 3 above.

19. The Optionee and Optionor agree that this Option Agreement:

- a) Constitutes and sets forth the entire agreement between the Parties and any persons who have in the past or who are now representing either of the parties;
- b) Supersedes all prior understandings and communications between the parties, or any of them, oral or written; and

Provided however, that each Party acknowledges that it shall execute, acknowledge and deliver all such further acts, assignments and assurances as may be reasonably required from time to time, to consummate the transactions contemplated by this Option Agreement.

20. The invalidity of any particular provision of this Option Agreement, save and except for paragraph 3, shall not affect any other provision and this Option Agreement shall be construed as if any such invalidated provision were omitted.

21. The parties agree that the language of this Option Agreement and any notices or documents related thereto shall be English; that they are entering into this transaction in good faith; that all dollar amounts are in lawful currency of Canada; and time shall be of the essence.

22. All information and data concerning the exploration and/or development of the Patented Lands shall be kept confidential and, except to the extent required by law, regulation or policy of any Securities Commission or Stock Exchange, or in connection with the filing of an annual information form, a prospectus or statement of material fact by any party or any of its affiliate, or for any purpose specifically contemplated by this Option Agreement, shall not be disclosed to any third party without the prior consent of the Optionee and the Optionor, which consent shall not unreasonably be withheld.

23. Each party acknowledges that this Option Agreement is entered into after full investigation and no party is relying on any statement or representation made by any other which is not embodied in this Agreement.

All books and records used and kept by the Optionee to calculate the gross royalty interest due hereunder will be kept in accordance with Canadian generally accepted accounting principles.

The Optionee shall provide the Optionor with a copy of any "life of mine plan", if produced, within thirty (30) days of its approval by them, and any changes to, or replacements of, any such "life of mine plan" or any mine plan within thirty (30) days after such change or replacement thereof.

3. In order to maintain and exercise the Option, the Optionee must:
 - (a) Make the following payments in money and/or common shares:

4. The Optionee and the Optionors acknowledge and agree that common shares issued pursuant to this Option Agreement shall be free trading shares in Dianor Resources Inc. subject only to such restrictions on resale as may be imposed by applicable securities legislation. The Optionee makes no representation with respect to the future market value of such shares. However, it is expressly acknowledged and agreed that the payment provisions in paragraph 3 are based on an assumed share value of at least ten cents (10c) per share and in the event that the share value falls below this value the number of shares to be issued in satisfaction of the provisions of paragraph 3 shall be adjusted accordingly. In all cases the value assigned to the shares delivered pursuant to the provisions of paragraph 3 shall be the weighted average value recorded on the TSX Venture Exchange or other exchange during the twenty (20) days immediately preceding the date of delivery. It is further acknowledged and agreed that if Dianor Resources Inc. becomes delisted or otherwise ceases active trading for six (6) months, before the Optionee has completed all payments of money and delivery of shares required by paragraph 3, or within ninety (90) days thereof, this Option Agreement shall be terminated forthwith.

5. Once the Optionee has delivered the one million five hundred thousand (1,500,000) common shares in Dianor Resources Inc. and paid the two hundred and seventy thousand dollars (\$275,000.00) required by paragraphs 3(a) (i), (ii) and (iii), the Optionors shall deliver to the Optionee all relevant data and results pertaining to the Mining Claims as may be in their possession or control.

6. If the Optionee has, on or before the fourth anniversary date of this Option Agreement, made the payments in money and shares, required by paragraph 3(a), equivalent to \$3,565,000.00 and incurred the Expenditures referred to in paragraph 3(b)(i), in the amount of \$5,000,000.00, the Optionee shall have the right to an eighty percent (80%) undivided interest in the Mining Claims, subject to the provisions of this Option Agreement; and the title to the Mining Claims shall be recorded and/or registered in each of the names of the Optionee and Optionors as to their respective undivided interests as tenants in common.

7. Once the Optionee becomes the owner of an eighty percent (80%) undivided interest in the Mining Claims, the Optionors shall retain a twenty percent (20%) undivided interest in the Mining Claims which shall be in the form of a Gross Overriding Royalty ("GOR"), calculated in accordance with Schedule "A". The Optionee shall have the right of first refusal to purchase the Optionors twenty percent (20%) interest.

8. It is expressly agreed that all diamonds found on the Mining Claims prior to the Optionee becoming the owner of an eighty percent (80%) interest in the Mining Claims shall be the exclusive property of the Optionors, with the exception of all diamonds recovered from bulk samples exceeding 10,000 tonnes which shall be the exclusive property of the Optionee, subject only to the GOR pursuant to paragraph 7, above.

9. The Optionee shall indemnify and save the Optionors harmless from all losses, liabilities, claims, demands and so forth, as may in any way arise out of the Optionee's operations and activities on the Mining Claims.

Page -5-

10. The Optionee shall form a Management Committee consisting of three representatives of the Optionee and two representatives of the Optionors. The purpose of the Management Committee will be to direct the operations, to approve work programs and budgets, and to decide the strategy and direction of the development of the Mining Claims. However, the Optionee shall be solely responsible for carrying on all operations and activities required to explore and develop the Mining Claims pursuant to this Option Agreement and will ensure that all work is done in a professional manner, respectful of local culture and traditions and in full compliance with all rules, regulations and laws governing such activities in the Province of Ontario.
11. The Optionee agrees that it will enter into a consulting services agreement with Fred Archibald or F.T. Archibald Consulting Ltd. with respect to geological and other exploration matters on the Mining Claims, on terms to be agreed, which shall continue for until the Optionee obtains an eighty percent (80%) interest in the Mining Claims, provided that the consulting services agreement may be extended beyond that date by mutual agreement.
12. The Optionee shall provide to the Optionors periodic progress reports of its exploration and development activities sufficient to keep the Optionors informed of the activities conducted on the property, including data and results of exploration, assessment and assay. The Optionee agrees that the Optionors shall have unrestricted access to the Mining Claims and all related activities, provided that the Optionors shall not interfere with operations and activities being carried out pursuant to this Option Agreement. The Optionee further agrees that Joseph Leadbetter shall be allowed to continue to explore and prospect the Mining Claims on behalf of the Optionors, until such time as commercial production has commenced, provided that he provides the Optionee any and all discoveries/information pertaining to diamonds.
13. The Optionee shall carry out sufficient exploration or assessment work on each of the Mining Claims to keep them in good standing and file assessment work report(s) with the Mining Recorder's office in Wawa, Ontario, as required by law; and shall further pay all taxes, assessments and other charges lawfully levied or assessed against the Mining Claims. The necessary exploration or assessment work will be applied at least one year in advance of the claim anniversary date. Notwithstanding this provision, the Mining Claims 1235746, 1235757 and 1235759 will have assessment work applied by the Optionors prior to their expiry on November 22, 2004.
14. Any and all claims staked for diamonds by or on behalf of the Optionors in Chabanel Township in the District of Algoma shall be subject to this Option Agreement at the election of the Optionee, provided that the Optionee shall forthwith upon making such election reimburse the Optionors for all expenses incurred in exploration and staking of such further claims, as the case may be. It is expressly acknowledged and agreed that this provision and this Option Agreement does not apply to the patented land described as:

forthwith pay to the Optionors all outstanding money and shares as are stipulated in the provisions of paragraph 3(a)(i) to (v), such that the total payment to the Optionors even in the event of termination shall be not less than one million one hundred and sixty five thousand dollars (\$1,165,000.00) and two million two hundred and twenty five thousand (2,225,000) common shares in Dianor Resources Inc.

- c) Shall be governed by the laws of Ontario and Canada, as may be applicable, and the parties hereby irrevocably attorn to the exclusive jurisdiction of the courts of the Province of Ontario.

Provided however, that each party acknowledges that it shall execute, acknowledge and deliver all such further acts, assignments and assurances as may be reasonably required from time to time, to consummate the transactions contemplated by this Option Agreement.

20. The invalidity of any particular provision of this Option Agreement, save and except for paragraph 3, shall not affect any other provision and this Option Agreement shall be construed as if any such invalidated provision were omitted.

21. The parties agree that the language of this Option Agreement and any notices or documents related thereto shall be English; that they are entering into this transaction in good faith; that all dollar amounts are in lawful currency of Canada; and time shall be of the essence.

22. All information and data concerning the exploration and/or development of the Mining Claims shall be kept confidential and, except to the extent required by law, regulation or policy of any Securities Commission or Stock Exchange, or in connection with the filing of an annual information form, a prospectus or statement of material fact by any party or any of its affiliate, or for any purpose specifically contemplated by this Option Agreement, shall not be disclosed to any third party without the prior consent of the Optionee and the Optionors, which consent shall not unreasonably be withheld.

SCHEDULE "A" - GROSS OVERRIDING ROYALTY

1. Pursuant to Section 7 of the Option Agreement to which this Schedule is attached, Optionors are entitled to a royalty equal to twenty percent (20%) of all Gross Overriding Royalties ("GOR") from the Average Appraised Value (as described below) of all diamonds (the "Diamonds") recovered, sorted and graded by Optionee or any other operator (the "Operator") from the Mining Claims as described in the Option Agreement (the "Mining Claims"), free and clear of all costs of development and operations.
2. The expression "Average Appraised Value" shall mean the average of the valuations in Canadian dollars of the Diamonds determined by two independent graders, one appointed by the Optionee and one appointed by Optionors. Such independent graders shall be duly qualified and accredited, and shall sort, grade and value the Diamonds in accordance with industry standards, having regard to, but without limiting the generality of the foregoing, the commercial demand for the Diamonds. Each independent valuator shall value each particular classification of the Diamonds in accordance with the industry price books, standards and formulas. The parties acknowledge that the intention is that the GOR royalty be paid to the Optionors on this basis, regardless of the price or proceeds actually received by the Operator for or in connection with the Diamonds or the manner in which a sale of the Diamonds to a third party is made, and without deduction.
3. Payment of the GOR royalty shall be calculated and made quarterly within ninety (90) days after the end of each fiscal quarter of the Operator, based on all diamonds recovered from the Mining Claims that were graded in such quarter.
4. The Optionors shall not be entitled to further participate in the profits or be obligated to share in any losses generated by the Operator's actual marketing or sales practices once the GOR is paid.
5. The Optionors shall, at their election, have the right to take their GOR royalty in kind or cash, as it may pertain to the Diamonds, in whole or in part.

Within thirty (30) days following the end of each calendar year the Optionee shall provide the Optionor with a summary of the payments for the previous year in sufficient detail to show the payments' derivation (the "Annual Statement"). All Gross Royalty payments will be considered final and in full satisfaction of all obligations of the Optionee with respect thereto, unless the Optionor delivers to the Optionee a written notice (the "Objection Notice")

describing and setting forth a specific objection to the calculation thereof within sixty (60) days after receipt by the Optionor of the Annual Statement. If the Optionor objects to a particular Statement as herein provided, the Optionor will, for a period of sixty (60) days after the Optionee's receipt of such Objection Notice, have the right, upon reasonable notice and at reasonable times, to have the Optionee's accounts and records relating to the calculation of the payment in question audited by the auditors of the Optionee (the "Audit") provided that, if the Optionor objects to the results of the Audit, the Optionor shall have the right to engage a qualified auditor at the Optionor's cost to conduct a second audit (the "Optionor's Audit"). In the event of a conflict between the results of the Audit and the Optionor's Audit which cannot be resolved by the parties, either party may refer the matter to dispute resolution in accordance with Section 25 and Schedule "B" of the Agreement.

- 3.4. If through the audit process contemplated in section 3.2 or 3.3 above, it is determined that there has been a deficiency or an excess in the payment made to the Optionor, such deficiency or excess will be resolved by adjusting the next quarterly Gross Royalty payment due hereunder to satisfy the same. The Optionor will pay all the costs and expenses of such audit unless a deficiency of greater than \$5,000 is determined to exist. The Optionee will pay the cost and expenses of such audit if a deficiency of greater than \$5,000 is determined to exist. All books and records used and kept by the Optionee to calculate the gross royalty interest due hereunder will be kept in accordance with Canadian generally accepted accounting principles.
- 3.5. Within sixty (60) days following the end of each calendar year, the Optionee shall provide the Optionor with an annual report of minerals produced from the Property during such calendar year. Such annual report shall include estimates of anticipated production from and estimated remaining mineral reserves on the Property for the succeeding calendar year and any changes to, or replacements of, the mining plan or any "life of mine plan" with respect to the Property. The Optionee shall provide the Optionor with a copy of any "life of mine plan", if produced, within thirty (30) days of its approval by them, and any changes to, or replacements of, any such "life of mine plan" or any mine plan within thirty (30) days after such change or replacement thereof.
- 3.6. From time to time on not less than five (5) business days' notice to the Optionee, the Optionor, or its authorized agents or representatives, may, under supervision of the Optionee, enter upon all surface portions of the Property for the purpose of inspecting the Property, all improvements thereto and operations thereon and all production records and data pertaining to all production activities and operations on or with respect to the Property, including without limitation, records and data that are electronically maintained.

4. NATURE OF INTEREST

- 4.1. It is the intent of the parties hereto that the Gross Royalty shall constitute a covenant and interest in the land running with the Property and the Mining Claims and all successions thereof or leases or other tenures which may

replace them, whether created privately or through governmental action, and including, without limitation, any leasehold interest. If any right, power or interest of any party under the Leadbetter Crown Land Property Option Agreement would violate the rule against perpetuities, then such right, power, interest shall terminate at the expiration of twenty (20) years after the death of the last survivor of all of the lineal descendants of Her Majesty, Queen Elizabeth II of England, living on the date of this Agreement.

understanding that the Optionee will use commercially reasonable best efforts to bring the Patented Lands into commercial diamond production within eight years of the execution of this Option Agreement.

NOW THEREFORE, for good and valuable consideration (the receipt and sufficiency of which is acknowledged), the Optionor and Optionee agree as follows:

1. The Optionor represents and warrants to the Optionee that:
 - a) It has the full and undisputed power and authority to deal with the Patented Lands as provided for in this Option Agreement.
 - b) It is the beneficial and recorded owner of a 100% undivided interest in the Patented Lands, both surface and mining rights, free and clear of any and all royalties (except for a ten percent (10%) royalty payable to Algoma Steel Inc. (hereinafter "Algoma")), liens, or encumbrances.
 - c) It will give the Optionee full rights of egress and ingress to the Patented Lands to comply with this Option Agreement.
 - d) The Patented Lands are in good standing with the applicable Government authorities and all taxes have been paid, and
 - e) No other person has any agreement or option or right capable of becoming an agreement or option for the purchase of the Patented Lands or any portion thereof.
2. The Optionor grants to the Optionee the sole, immediate and irrevocable working right and option with respect to the Patented Lands, for a period of four (4) years from the date of this Option Agreement, and the right to earn an seventy percent (70%) undivided interest in the Patented Lands (the "Option") upon satisfying the terms and conditions herein.
3. In order to maintain and exercise the Option, the Optionee must:
 - (a) Make the following payments in money and/or common shares:
 - (i) Eight hundred thousand dollars (\$800,000.00) to the Optionor upon signing of this Option Agreement.
 - (ii) One million five hundred thousand (1,500,000) common shares of Dioror Resources Inc. to the Optionor, forthwith upon the execution of this Option Agreement.

- (iii) Seven hundred and fifty thousand dollars (\$750,000.00) in money and common shares of Dianor Resources Inc. (in such ratio as shall be mutually agreed, but not less than 50% in money) to the Optionor on or before December 15, 2005. *15/10/04*
- (iv) Seven hundred and fifty thousand dollars (\$750,000.00) in money and common shares of Dianor Resources Inc. (in such ratio as shall be mutually agreed, but not less than 50% in money) to the Optionor on or before the second anniversary date of this Option Agreement. *15/10/07*
- (v) Seven hundred and fifty thousand dollars (\$750,000.00) in money and common shares of Dianor Resources Inc. (in such ratio as shall be mutually agreed, but not less than 50% in money) to the Optionor on or before the third anniversary date of this Option Agreement. *15/10/08*
- (vi) Seven hundred and fifty thousand dollars (\$750,000.00) in money and common shares of Dianor Resources Inc. (in such ratio as shall be mutually agreed, but not less than 50% in money) to the Optionor on or before the fourth anniversary date of this Option Agreement; and *15/10/09*
- (vii) Four hundred thousand (400,000.00) common shares of Dianor Resources Inc. to the Optionor upon discovery and recovery of alluvial diamonds from the sand and gravel deposits presented on the Patented Lands, which sand and gravel deposits shall remain the property of the Optionor.
- (b) Incur the following Expenditures:
- (i) Expenditures of at least five million dollars (\$5,000,000.00) in direct property expenditures for exploration and evaluation work (the "Expenditures") on or before the fourth anniversary of the date of this Option Agreement; and
- (ii) Expenditures, including the Expenditures referred to above, of at least ten million dollars (\$10,000,000.00) to bring the Mining Claims into commercial production, on or before the eighth anniversary of the date of this Option Agreement.

4. The Optionee and the Optionor acknowledge and agree that common shares issued pursuant to this Option Agreement shall be free trading shares in Dianor Resources Inc., subject only to such restrictions on resale as may be imposed by applicable securities legislation. The Optionee makes no representation with respect to the future market value of such shares. However, it is expressly acknowledged and agreed that the payment provisions in paragraph 3 are based on an assumed share value of at least ten cents (10c) per share and in the event that the share value falls below this value the number of shares to be issued in satisfaction of the provisions of paragraph 3 shall be adjusted accordingly and the value assigned to the shares delivered pursuant to the provisions of paragraph 3 shall be the weighted average value recorded on the TSX Venture Exchange or other exchange during the twenty (20) days immediately preceding the date of delivery. It is further acknowledged and agreed that if Dianor Resources Inc. becomes delisted or otherwise ceases active trading for six (6) months, before the Optionee has completed all payments of money and delivery of shares required by paragraph 3, or within ninety (90) days thereof, this Option Agreement shall be terminated forthwith.

5. Once the Optionee has delivered the one million five hundred thousand (1,500,000) common shares in Dianor Resources Inc. and paid the eight hundred thousand dollars (\$800,000.00) required by paragraphs 3(a) (i) and (ii), the Optionor shall deliver to the Optionee all relevant data and results pertaining to the Patented Lands as may be in its possession or control.

6. If the Optionee has, on or before the fourth anniversary date of this Option Agreement, made the payments in money and shares, required by paragraph 3(a), and incurred the Expenditures referred to in paragraph 3(h)(i), in the amount of \$5,000,000.00, the Optionee shall have the right to a seventy percent (70%) undivided interest in the Patented Lands, subject to the provisions of this Option Agreement, and the title to the Patented Lands shall be recorded and/or registered in each of the names of the Optionee and Optionor as to their respective undivided interests as tenants in common.

7. Once the Optionee becomes the owner of a seventy percent (70%) undivided interest in the Patented Lands, the Optionor shall retain a thirty percent (30%) undivided interest in the Patented Lands, which shall be in the form of a Gross Overriding Royalty ("GOR"), calculated in accordance with Schedule "A". The Optionee shall have the right of first refusal to purchase the Optionor's thirty percent (30%) interest.

8. If the event the Optionor, through negotiation with Algoma, reduces Algoma's royalty from ten percent (10%) to five percent (5%), then such remaining five percent (5%) shall be added to the Optionee's interest for a total of seventy five percent (75%). In addition, the Optionor grants the Optionee rights to all the non-diamond minerals and metals on the Patented Lands, subject to the payment of a one and a half percent (1.5%) gross royalty on any such non-diamond mineral and metal production from the Patented Lands.

9. It is expressly agreed that all diamonds found on the Patented Lands prior to the Optionee becoming the owner of a seventy-percent (70%) interest in the Patented Lands shall be the exclusive property of the Optionor, with the exception of all diamonds recovered from bulk samples exceeding 10,000 tonnes which shall be the exclusive property of the Optionee, subject only to the GOR pursuant to paragraph 7, above.

10. The Optionee shall indemnify and save the Optionor harmless from all losses, liabilities, claims, demands and so forth, as may in any way arise out of the Optionee's operations and activities on the Patented Lands.

11. The Optionee shall form a Management Committee consisting of three representatives of the Optionee and two representatives of the Optionor. The purpose of the Management Committee will be to direct the operations, to approve work programs and budgets, and to decide the strategy and direction of the development of the Patented Lands. However, the Optionee shall be solely responsible for carrying on all operations and activities required to explore and develop the Patented Lands pursuant to this Option Agreement and will ensure that all work is done in a professional manner, respectful of local culture and traditions and in full compliance with all rules, regulations and laws governing such activities in the Province of Ontario.

12. The Optionee shall provide to the Optionor periodic progress reports of its exploration and development activities sufficient to keep the Optionor informed of the activities conducted on the property, including data and results of exploration, assessment and assay. The Optionee agrees that the Optionor shall have unrestricted access to the Patented Lands and all related activities, provided that the Optionor shall not interfere with operations and activities being carried out pursuant to this Option Agreement. The Optionee further agrees that Joseph Leadbetter shall be allowed to continue to explore and prospect the Patented Lands on behalf of the Optionor, until such time as commercial production has commenced, provided that he provides the Optionee any and all discoveries/information pertaining to diamonds, non-diamond minerals and metals.

13. The Optionee shall pay all taxes, assessments and other charges lawfully levied or assessed against the Patented Lands.

14. Any and all claims staked for diamonds by or on behalf of the Optionor in Chabanel Township in the District of Algoma shall be subject to this Option Agreement at the election of the Optionee, provided that the Optionee shall forthwith upon making such election reimburse the Optionor for all expenses incurred in exploration and staking of such further claims, as the case may be.

15. The Optionee may terminate this Option Agreement at any time by notifying the Optionor of its intention by registered mail. In the event the Optionee elects to terminate the Option Agreement before the second anniversary of the date of this Option Agreement, it shall

Page 6

forthwith pay to the Optionor all outstanding money and shares as are stipulated in the provisions of paragraph 3(a)(i) to (iii), such that the total payment to the Optionor even in the event of termination shall be not less than one million five hundred and fifty thousand dollars (\$1,550,000.00) and one million five hundred thousand (1,500,000) common shares in Dianor Resources Inc.

16. In the event this Option Agreement is terminated prior to the Optionee becoming the owner of a seventy percent (70%) interest in the Patented Lands, the Optionee shall forthwith release such interest it may have in the Patented Lands and execute such documents as may be necessary to convey such interest back to the Optionor and return to the Optionor all data, samples, reports and other material relative to the diamond prospects of the Patented Lands.

17. Neither party shall be liable for damages caused by delay or failure to perform its obligations under this Option Agreement where such delay or failure is caused by an event beyond its reasonable control. The Parties agree that an event shall not be considered beyond one's reasonable control if a reasonable business person applying due diligence in the same or similar circumstances under the same or similar obligations as those contained in this Option Agreement would have put in place contingency plans to either materially mitigate or negate the effects of such event. Without limiting the generality of the foregoing, the parties agree that Force Majeure events shall include acts of God and natural disasters, acts of war, insurrection and terrorism and threatened acts of terrorism. If a Party seeks to excuse itself from its obligations under this Agreement due to a Force Majeure event, that Party shall immediately notify the other Party of the delay or non-performance, the reason of such delay or non-performance and the anticipated period of delay or non-performance.

18. The Optionee may assign any of its rights or obligations under this Option Agreement without the prior written consent of the Optionor, provided that if such assignment occurs within the first four years of the Option Agreement, the Optionee shall remain liable for the payments stipulated in paragraph 3 above.

19. The Optionee and Optionor agree that this Option Agreement:

- a) Constitutes and sets forth the entire agreement between the Parties and any persons who have in the past or who are now representing either of the parties;
- b) Supersedes all prior understandings and communications between the parties, or any of them, oral or written; and

Provided however, that each Party acknowledges that it shall execute, acknowledge and deliver all such further acts, assignments and assurances as may be reasonably required from time to time, to consummate the transactions contemplated by this Option Agreement.

20. The invalidity of any particular provision of this Option Agreement, save and except for paragraph 3, shall not affect any other provision and this Option Agreement shall be construed as if any such invalidated provision were omitted.

21. The parties agree that the language of this Option Agreement and any notices or documents related thereto shall be English; that they are entering into this transaction in good faith; that all dollar amounts are in lawful currency of Canada; and time shall be of the essence.

22. All information and data concerning the exploration and/or development of the Patented Lands shall be kept confidential and, except to the extent required by law, regulation or policy of any Securities Commission or Stock Exchange, or in connection with the filing of an annual information form, a prospectus or statement of material fact by any party or any of its affiliate, or for any purpose specifically contemplated by this Option Agreement, shall not be disclosed to any third party without the prior consent of the Optionee and the Optionor, which consent shall not unreasonably be withheld.

23. Each party acknowledges that this Option Agreement is entered into after full investigation and no party is relying on any statement or representation made by any other which is not embodied in this Agreement.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first written above.

Parties to the Ten percent Purchase Agreement

1. 3814793 Canada Inc. and Paulette Mousseau-Leadbetter are the optionors (the "Leadbetter Optionors") of the Crown Land mining claims governed by the December 15, 2004 option agreement (the "Leadbetter Property Option Agreement").
2. 3814793 Canada Inc. is the sole optionor (the "Leadbetter Extension Optionor") of the Patented Lands interests governed by the February 23, 2005 option agreement (the "Leadbetter Extension Property Option Agreement").
3. Dianor Resources Inc. is the sole optionee (the "Optionee") under the Leadbetter Property Option Agreement and the Leadbetter Extension Property Option Agreements (collectively, the "Option Agreements").

Background to this agreement:

In November 2006, Dianor retained the services of an independent corporation, IBK Capital Corp. ("IBK") to provide a valuation of the portion of the Leadbetter Property (20%) and the Leadbetter Extension Property (30%) to which Dianor does not have option rights under the Option Agreements. The 20% and 30% not subject to option by Dianor are also described in the Option Agreements as a Gross Overriding Royalty ("GOR") in respect of both properties. Currently, Dianor has an option to acquire an 80% undivided interest in the Leadbetter Property from Leadbetter Property Optionors and an option to acquire a 70% undivided interest in the Leadbetter Extension Property from the Leadbetter Extension Property Optionor.

A "Valuation Report of the Leadbetter Project" dated December 22nd 2006 was prepared by IBK's professional team which has extensive knowledge of the capital markets as well as experience in providing valuations and fairness opinions involving private and publicly-traded companies. The report was delivered to Dianor on December 22nd 2006 and negotiations with the Optionors commenced in mid-January 2007.

As a result of the negotiations, it was stipulated and agreed to by the parties hereto that as it relates to the GOR provided for in each of the Option Agreements, the "Stock Market Value/Market Capitalization" method, as outlined by IBK, would be the main valuation method upon which negotiations would be based to purchase an additional ten percent (10%) undivided interest in the Leadbetter Property and Leadbetter Extension Property from the Optionors. Negotiations in March 2007 resulted in the establishment of agreed valuation, payment method and schedule.

The parties hereto agree that after extensive negotiations eight million dollars (\$8,000,000) is the total fair purchase value for the acquisition by Dianor of an additional ten percent (10%) interest in each of the Leadbetter Property and Leadbetter Extension Property referred to herein.

It was also agreed to include common share purchase warrants as part of the consideration provided hereunder in order to mitigate the value risk to 3814793 Canada Inc. incurred due to this offer being made prior to substantial results being proven and due to the payment methods and schedules agreed to by the parties.

Preamble and Agreement:

WHEREAS the Optionors currently own a 100% interest in the nineteen Crown Land unpatented mining claims commonly known as the "Leadbetter Property" and the forty-nine patented mining claims commonly known as the "Leadbetter Extension Property" situated in Chabanel Township in the District of Algoma, Ontario, the whole as more specifically described in the Option Agreements;

AND WHEREAS pursuant to the terms and conditions of the Option Agreements, the Optionors have granted Dianor the right to acquire an 80% undivided interest in the Leadbetter Property and a 70% undivided interest in the Leadbetter Extension Property;

AND WHEREAS the Optionors wish to sell and Dianor wishes to purchase the right to acquire an additional ten percent (10%) undivided interest in each of the Leadbetter Property and the Leadbetter Extension Property as outlined in Option Agreements;

NOW THEREFORE THIS AGREEMENT WITNESSETH that in consideration of the terms and conditions hereinafter contained, the parties hereto agree as follows:

In order to acquire its additional ten percent (10%) undivided interest in the aforementioned properties, Dianor will:

- 1.1. Pay to the Optionors the aggregate purchase price of eight million dollars (\$8,000,000) (which shall be allocated between the Leadbetter Property and the Leadbetter Extension Property by the Optionors, acting reasonably) over a maximum period of forty (40) months beginning as of the date of this agreement and ending no later than August 1, 2010 as described in the following way:
 - 1.1.1. Pay six hundred thousand dollars (\$600,000) cash within 15 calendar days from the date of signing this agreement;
 - 1.1.2. Pay the remaining seven million four hundred thousand dollars (\$7,400,000) half in cash and half in common shares of Dianor in accordance with the following payment schedule:
 - i. Two hundred seventy seven thousand five hundred dollars (\$277,500) cash is to be paid consecutively every quarter (every three months) beginning on July 1, 2007 and ending no later than August 1, 2010 to equal a total cash payment at the end of the payment schedule (*see below*) of not less than three million seven hundred thousand dollars (\$3,700,000) notwithstanding additional conditions described below or elsewhere contained in this agreement:

Quarterly Payment schedule:

- a. July 1, 2007
- b. October 1, 2007
- c. January 1, 2008
- d. April 1, 2008
- e. July 1, 2008
- f. October 1, 2008
- g. January 1, 2009
- h. April 1, 2009
- i. July 1, 2009
- j. October 1, 2009
- k. January 1, 2010

- l. April 1, 2010
- m. July 1, 2010
- n. August 1, 2010

ii. Common shares of Dianor will be issued respecting the following six (6) month payment date schedule:

- a. October 1, 2007
- b. April 1, 2008
- c. October 1, 2008
- d. April 1, 2009
- e. October 1, 2009
- f. October 1, 2009
- g. January 1, 2010
- h. July 1, 2010
- i. August 1, 2010

iii. The amount of common shares to be issued at the above dates will be valued at no less than five hundred and fifty five thousand dollars (\$555,000) except for the last payment in shares which will be valued at no less than ninety-two thousand five hundred dollars (\$92,500). The number of common shares to be issued will be calculated by utilizing the weighted average of the preceding twenty (20) trading days of the common shares of Dianor listed on the TSX Venture Exchange in order to arrive at the per share issue price.

- 1.2. Issue one million (1,000,000) common share purchase warrants with an exercise price representing a fifteen percent (15%) premium on the closing price of the common shares of Dianor listed on the TSX Venture Exchange on the date of signing of this agreement. The foregoing warrants will be valid for three years (3) from date of signing of this agreement. All warrants issued are considered to be transferable and/or assignable.
- 2. Agree that in the event of a significant company event such as, but not limited to, a merger, ownership restructure, corporate take-over, reverse takeover or anything else considered significant in nature by the Canadian capital markets that would otherwise impede or change the implied progress of exploration and development of the Leadbetter Property and Leadbetter Extension Property to:
 - 2.1. Revoke the payment schedule and consolidate all remaining payments into one lump sum payment due at the time the significant event takes place;
 - 2.2. Consolidate the remaining share issuance into one accelerated payment to be valued at the time of the event as an average of the preceding 20 days as described in 1.1.2. iii. above and

equal in Canadian dollars to not less than the remaining total cash being paid as described in 2.1.

3. All funds are in Canadian dollars.
4. All share issuances and warrants are subject to regulatory approval, including that of the TSX Venture Exchange.
5. Upon completion of payments outlined in sections 1.1 to 1.2 above, Dianor will have earned a ten percent (10%) undivided interest in both the Leadbetter Property and the Leadbetter Extension Property, which, for greater certainty, is in addition to and separate from the option to acquire the 80% and 70% undivided interests contemplated in the Leadbetter Property Option Agreement and the Leadbetter Extension Property Option Agreement, respectively. For greater certainty, the parties acknowledge that upon satisfaction of the terms and conditions set forth in this agreement and the Option Agreements, Dianor will have acquired an 90% and 80% undivided interest in the Leadbetter Property and Leadbetter Extension Property, respectively.
6. This agreement does not affect any non-diamond royalties.
7. The Optionors agree and undertake to do all things necessary and to execute documents required so as to ensure that the Gross Overriding Royalty (GOR), as defined in the various attachments to the Option Agreements, will be amended to reflect Dianor's additional ten percent (10%) in the Leadbetter Property and Leadbetter Extension Property upon satisfaction of the terms and conditions for payment contemplated hereunder.
8. In the event of non-payment by Dianor it will have thirty days (30) to rectify any deficiencies.
9. As Dianor meets its cash obligations every quarter and its share issuance every six months (6) then it is entitled to that portion/percentage ownership of the properties on a pro rata basis.
10. The parties agree to clarify, regularize and update sections of the Option Agreements within sixty (60) days to include industry standard terms, including terms to give the Optionors the right of audit and inspection and dispute resolution provisions.
11. This agreement constitutes the entire agreement between the parties with respect to the subject matter hereof and replaces and supersedes all previous agreements between the parties including, without limitation, any verbal agreements among the parties.
12. No change, termination or waiver of any provisions of this agreement shall be binding upon the parties hereto unless in writing, signed by all parties.
13. This agreement shall be governed by and construed and enforced in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein, and the parties hereto

hereby irrevocably adom to the non-exclusive jurisdiction of the courts of the Province of Ontario.

- 14. The invalidity of any particular provision of this Agreement shall not affect any other provision hereof, and this Agreement shall be construed as if any such invalidated provision were omitted.
- 15. At any time and from time to time each party hereto shall do, execute, acknowledge and deliver all such further acts, assignments and assurances as may be reasonably required to consummate the transactions contemplated by this Agreement.
- 16. The parties hereto acknowledge having required that this Agreement, as well as all notices and documents related hereto be drafted in English.
- 17. Time is of the essence.

IN WITNESS WHEREOF the parties hereto have executed this agreement as of the date first written above.
